It is not believed, however, that there will be a return of the fighting which occurred last April, unless there has been a heavy importation of arms, which is expressly forbidden by the provisions of the Berlin

All three nations are represented by menof-war in Samoan waters. The United States has the auxiliary cruiser Abarendo, under the command of Commander B. F. Tilley. The Abarendo was sent to Apia particu-

The charge is renewed that Germans in the

islands are spreading dissatisfaction among the natives and it would not be surprising if certain of these men are plotting again with Mataafa, who has remained in Samoa.
