MINNEAPOLIS, Oct. 12.—From a platform in front of the Minneapolis Exposition building...

President and his party were driven to the Exposition building directly after having reviewed the returned volunteers.

About the platform in front of the building where General Harrison was nominated for president of the United States by a convention presided over by William McKinley...

The crowd broke loose as President McKinley, Governor Lind and General Summers of the Second Oregon appeared on the platform.

Major James Gray spoke the words of greeting to the soldiers and distinguished guests on behalf of the city and Governor Lind on behalf of the state.

"The mission of the volunteers to the islands is to suppress insurrection and rebel invasion."

"With a country united in interest and in spirit, with the same language, institutions and ideals, an intelligent and patriotic people, the possibility of a future insurrection cannot be conceived."

"By our growth and development the mission of the American volunteer has come to an end. For purposes of conquest and subjugation he is unfit, for he carries a conscience as well as a gun."

"The fire was set at 9 o'clock and the flames shot 100 feet in the air, lighting up the clouds and filling the air with the glare of the explosion."

"The admiral was escorted back to his car after a short reception at the state house."

"The day wound up with a gorgeous display of fireworks on the ground behind the Dewey cottage and an immense bonfire on Capitol Hill."

KYLE DISCUSSES WORK DONE. INDUSTRIAL COMMISSION PROPOSES TO REPORT TO CONGRESS ABOUT MIDDLE OF JANUARY.

CHICAGO, Oct. 12.—Senator James H. Kyle of South Dakota was interviewed here today concerning the work of the Industrial Commission, of which he is a member.

"Our commission proposes to report to congress about the middle of January on the trust and immigration matters which it has been investigating."

"I believe the information we have collected in regard to the transportation and interstate commerce law will result in a new interstate commerce law which will include many of the features contained in the Cullum bill."

"Many have testified before the commission concerning the importance of publicity in relation to the operation of the large corporations and it has been one of the results of the commission's work that we will recommend the appointment of an official whose duties will tally with those of the bank examiners and who shall gather facts about these companies which can be used for the benefit of the government."

"The general sentiment on the commission is that there ought to be conservative restrictions of immigration. We have found that there are organized societies in Europe which furnish funds to undesirable persons with which to come to America. We have information on this point both pertinent and astonishing."

ONE POWER SHOULD CONTROL. TRIPARTITE GOVERNMENT IN SAMOA NOT A SUCCESS ACCORDING TO CHAMBERS.

HUNTSVILLE, Ala., Oct. 12.—Hon. W. L. Chambers of Suffolk, Ala., formerly chief justice of Samoa, is one of the visitors at the American settlement, which is shown a Washington dispatch, in which mention was made of apprehension over affairs at Samoa.

"You may expect to hear of small uprisings in Samoa for some time to come. The provisional government now in control there is not sacred to those people. It is a form of government which the natives cannot understand and will not therefore be a success. Those people will not be rightly governed until one power takes control. Germany has no interest there. The policy of expansion should be extended to cover Samoa and this trouble would cease. England and America are in sympathy and the action jointly of those two powers would effect this. I believe that England would not hesitate to withdraw from Samoa if it were suggested by the United States."

SAME OLD STORY, NO RACE

Blanket of Fog Over the Course and Utter Absence of Wind Cause Fifth Yacht Race Fizzle.

NEW YORK, Oct. 12.—Sandy Hook at 9 a. m. reports thick fog and no wind.

The weather bureau predicts light wind for today. The prospect of a race today is not good.

NEW YORK, Oct. 12.—A blanket of fog over the course and the utter absence of wind caused the fifth successive fizzle when another attempt was made today to sail the first of the Columbia-Shamrock series for the international trophy.

The repeated failures have had a most discouraging effect on the general public, and a great falling off in the number of excursion boats, as well as in the passengers, when the fleet gathered around Sandy Hook's lights today.

The heavy fog made navigation not only ships that did leave the fog merely crawled out, with double looks and continuous fog whistle. It was impossible to see fifty feet ahead and it was an unaccustomed spectacle to have a big ghostlike hull loom up ahead.

Down in the lower bay the fog was thick and about 10 o'clock a light breeze from the west gave a faint hope that it would send the fog to sea and furnish racing conditions later on. So the racing boats left their moorings and went for the starting line. They set their sails and started to beat the water.

The sails were lowered and the tenders took the two yachts back to the Horseshoe, while the excursionists again sailed disconsolately homeward.

Mr. Teitel's interview in this morning's papers protesting against the savage criticism of the Columbia, which has been indulged in by some of the newspapers, and appealing for support for the Yankee boat and its crew until the series is completed, evidently touched a patriotic chord, for on the way back every excursion steamer in the fleet sailed alongside and saluted, while the passengers gave the white beauty three rousing cheers and a tiger.

The repeated fizzes of Sandy Hook have led to some agitation for a course at Newport, where there is usually a breeze, or to Marblehead, off the Massachusetts coast, where no difficulty would be experienced in getting plenty of wind, but it is hardly likely that the "Race off" will be made. The regatta committee argues that this sort of weather cannot last at this time of the year.

BOATS COLLIDE IN THE FOG. SIR THOMAS LIPTON'S GUESTS GET A SHAKING UP, BUT NO ONE HURT.

NEW YORK, Oct. 12.—The steamer William Fletcher, with the guests of Sir Thomas Lipton on board, collided in the harbor with the ferryboat "John J. Conroy" off Governor's island soon after 8 o'clock this morning. Both boats sustained considerable injury, as the Fletcher struck bow-on, carrying away its nose and making a big hole in the ferryboat's port side above the water line.

The Fletcher returned to the large office and landed its passengers. There was some excitement on board both boats, but no one sustained injury. The passengers of the Fletcher were transferred to the tug E. S. Atwood and in about half an hour left for Sandy Hook to board the Erin. The ferry boat was taken to its slip at South Ferry by a tug boat.

NEBRASKA NATIONAL BANKS. WASHINGTON, Oct. 12.—(Special Telegram.)—A report of the condition of the national banks of Nebraska, exclusive of Omaha and Lincoln, at the close of business September 7, shows the business of the banks to be in excellent condition. Compared with the previous statement, in June, individual deposits have increased from \$15,547,291 to \$16,949,994, and loans and discounts from \$14,387,565 to \$15,841,195. Present holdings of gold coin aggregate \$744,496, a gain of more than \$85,295 since June. The gain of more than \$85,295 since June. The gain of more than \$85,295 since June.

JOB IN SIGHT FOR CONGER. WASHINGTON, Oct. 12.—(Special Telegram.)—William F. Conger, who is now serving in the position of watchman and custodian at the Omaha postoffice, will in all probability be appointed to the position of assistant custodian janitor, a place made vacant by the death of Michael Lahey. Under the civil service rules it was ascertained that Conger was in the line of promotion and as he is the choice of the custodian his appointment may reasonably be anticipated.

RECRUITING PRACTICALLY COMPLETED. WASHINGTON, Oct. 12.—The task of recruiting the volunteer army for the Philippines is practically completed. It was announced at the War department today that all the regiments have been filled except one of the colored regiments, the Forty-ninth, which needs less than 500 men. These will be secured within forty-eight hours.
