speculation was determinedly bearish today and favorable incidents were persistently ignored. The reactionary spirit found its chief vent by selling Brooklyn Transit. That stock was easily the leader of the market in point of activity and although the dealings did not approach the high water mark of a few weeks ago the unsupported condition of the stock and the large blocks offered suggested a resumption of late conditions. Metropolitan Street Railway seemed to show acute sympathy, Manhattan was little affected and the New York Gas stocks were firm. There were some wide movements in stocks not usually prominent. New York Air Brake fell 9 points and the Flower group as a whole, except Rock Island, was weak in sympathy with Brooklyn Transit. Offerings of Sugar and Tobacco were greater than could be absorbed and both stocks declined sharpy. The American Maiting stocks also were depressed, the common losing 21g and preferred 7. par value, \$1,765,000. United States 3s decilined is and new 4s advanced is in the bid price.

The Commercial Advertiser's London financial cablegram says: The markets here are now resigned to war in South Africa and loss of gold in consequence. They opened irregular, but soon improved quietly up to the close. African mines were buoyant. Portuguese 3s were again hard. Spanish 4s were 601s. Rio Tintos 48 and Anacondas a shade under 10. American securities began dull and remained listless to the close, which was slack. The Cape took £300,000 gold and South America £125,000. Meanwhile the bank bought gold to the amount of £183,000, as follows: Ninety thousand pounds in bars, £75,000 in German coin and £18,000 in French coin. The loss to the Cape was less than had been expected, the market having counted on an engagement of £600,000. It is expected that the Cape will take half a million sterling a week during the war. Money was slack on the release of government dividends, calls heing quiet and bills easy, the latter, however, only temporarily. Silver was firm on the home coinage order.

The following are the closing quotations for the leading stocks on the New York exchange today: Nearly a Million and Half's Business in Hides This Week.

CHICAGO, Oct. 13.—The Shoe and Leather Review tomorrow will say:

The packers sold this week at the four western slaughtering points about 159,000 h.—. As the prices range from 13½c for native steer hides to 11½c for branded cow hides it can be easily estimated that the total sales of the week will involve an expenditure on the part of tanners of about \$1,400,000. In some selections the packers are now sold up to the November salting.

Curts Technically Wrong.

CINCINNATI. Oct. 13.—Rev. Dr. Lewis Curts, one of the agents of the Western Methodist Book Concern, this city, was subjected lest night to a protracted investigation of his official conduct as treasurer of the Freedmen's Aid society, by the board of managers of that body. The specific charge was that he loaned funds of the society at interest without authority and accepted a bonus of \$180 from the borrower, which he subsequently turned into the treasury. The board at 2 o'clock this morning came to a decision that Dr. Curts was technically culpable for acting without authority in this matter and ordered the bonus of \$180 paid back to Dr. Curts, as the society had no right to it. Meantime the board asked the charitable consideration of the church for Dr. Curts in view of his long and faithful services. Curts Technically Wrong.

No one seemed to want the common feeding and stock cattle, and it was slow work getting rid of them even by taking off 5@10c from yesterday's prices. Representative sales:

CANADA HAS AN ATKINSON Minister J. Isreal Tarte Will Resign if It Sends a Contingent to Africa.

TORONTO, Ont., Oct. 13 .- A special from Ottawa to the Mail says: "The ministerial situation created by the Transvaal incident has about resolved itself into this: That if the government sends a Canadian contingent to South Africa J. Israel Tarte will resign. The minister of public works has already made it plain in his newspaper publications, and in his speeches, that he regarded the participation of Canada in one of England's foreign entanglements, as he is pleased to term the trouble, as a phase of imperialism that Quebec liberals will not tolerate. Today he spoke out in council to the same effect, and with the result that another day's delay is added to the long

period of government inaction which is creating discontent at home and disgust in
