YOUNG WOMAN IS INJURED AT CHAPMAN

Board Driven by Hurricane Fractures the Skull of Miss O'Hern and Outbuildings Are Capsized by the Gale.

CHAPMAN, Neb., Oct. 15 .- (Special Telegram.)-A heavy wind and rain storm octurred here this afternoon, blowing over barns and other buildings. A board struck Miss Maggie O'Hern, daughter of P. O'Hern, in the head, fracturing her skull so seriously that it is feared she will not recover.

SYRACUSE, Neb., Oct. 15 .- (Special Telegram.)-This has been one of the most disagreeable days of the season, a heavy wind from the south having prevailed since morning, filling the air with clouds of dirt. Tonight a slight shower has rendered conditions more favorable and there are indications for more rain.

HASTINGS, Neb., Oct. 15 .- (Special Telegram.)-The prolonged dry spell in this part of Nebraska was broken today by a good rain soaking the fields and laying the dust which had become almost unbearable during the last week.

YEGER IS FOUND GUILTY

Farmer Convicted of Manslaughter for Killing a Neighbor in a Quarrel Over Land.

TEKAMAH, Neb., Oct. 15 .- (Special Telegram.)-The jury in the Yeger murder trial, after being out about eighteen hours, returned a verdict today of manslaughter. Judge Dickinson being at home in this city, opened court and received the verdict. It is understood that a portion of the jury held out for a verdict of murder in the second degree. The defendant and his family had been led to believe by his attorneys that they could clear him and the verdict was quite a shock to them.

Yeger was charged with the murder of John Eggleton near Decatur on May 6, 1889. The men owned adjoining farms and had been in dispute for some time over a strip of land. On the day of the murder Eggleton was plowing on the contested territory when Yeger passed by in his wagon. A quarrel ersued, in which Eggleton is said to have been struck by a singletree in his neighbor's hands, the blow resulting in his death.

QUEER ANTICS OF A HUSBAND.

Conceals Marriage for Six Months and Skips When it is Announced. EXETER, Neb., Oct. 15 .- (Special.) -- During the past week the greatest anxiety has prevailed in Exeter as to what has become of John McKeag. On Thursday evening of last week McKeag living two and one-half miles west of town, made one of his regular calls at the home of Mr. and Mrs. Frizzell, where he had been accustomed to going for some time, paying attention to their daughter, Miss Violet. During the evening McKeag asked Mr. Frizzell if he could have his daughter and was informed that he could, whereupon McKeag informed him that he and his daughter were man and wife and had been since last April, and were married by Judge Cochran of Lincoln.

It was decided during the evening that Mr. and Mrs. McKeag should come to town the following day to purchase household goods. Before leaving the house that night McKeag left his pocketbook with his wife, which contained \$147.

McKeag failing to put in his appearance the next day, Mr. Frizzell and daughter drove to his place, where they found two letters, one to his brother and one to his wife. The one to his wife authorized her to sell all his property and grain and keep the money and that he was going to leave her, but that he still loved her.

This was the last seen of him until last Saturday morning about 3:25 when he was seen at the B. & M. depot here by Marshal Martindale, where he boarded the passenger train and started east. Failing to get into the car he hung on the steps, but fell from the train and received several bruises. He was seen in Friend by Mrs. McKeag's brother, who questioned him how he got hurt and he replied as above stated. It is presumed took a westbound train from there. He had in his possession about \$40.

TANNAHILL STILL AMONG MISSING. Columbus Resident Drops from Sight and Leaves No Clew Behind.

COLUMBUS, Neb., Oct. 15,-(Special.)-The whereabouts of John Tannahill, who disappeared from home a week ago, are as much of a mystery today as ever, nothing having been learned from him. It has been found that he did not visit his brother in Butler county and it is also stated that his relatives in southern Kansas have heard nothing of him. The total amount of paper which has been found and which is declared by the sureties to be forged is something over \$1,200. Those who know him best scout the theory of self-destruction, which has been advanced by some, and would ather believe that he has fled to some of Uncle Sam's new possessions-probably Porto Rico. The question will probably be brought up by some of the banks as to whether or not they can recover from the indorsers of the notes in view of the fact that they admit having signed the original but deny signing the renewal notes.

TIME SCHEDULES CHANGED AMERICAN SAILORS HILARIOUS

General Alteration in Arrival and Departure of Passenger Trains.

Northwestern, Union Pacific and Southern Pacific Adopt New Time Schedules-Principal Gain West of Ogden.

FAST TRAINS TO COAST INAUGURATED

Passengers who occupied the sumptuous traveling palace train that easily and gracefully swept out from the union depot Sunday morning at \$:20, destined for the Pacific coast, will arrive in San Francisco Tuesday evening at 5:15 instead of 8:50 as formerly. This is made possible by the change of schedule and the shortening of the time between Chicago and San Francisco, inaugurated by the Northwestern, Union Pacific and Southern Pacific railroads. Many of the smaller, unpretentious towns along the Union Pacific, where the Over-land Limited formerly stopped, will be passed by now, in order to gain time. The principal gain, however, is made by the Southern Pacific between Ogden and the Pacific coast. Its shortened time, however, now does not compare with the schedule made by the Union Pacific through territory

corresponding in topographical situation.

The Fast Mail. There was but a brief respite for the truckmen who handle the mail and baggage and express at the union depot after the Overland Limited left the station Sunday morning, and, of course, the same condition of affairs will apply hereafter. Very soon another train came to a stop on the Union Pacific tracks. It lacked the trim, stylish appearance of the Limited, for there were no sleepers or chair cars.
