ADDITIONAL SEWER BONDS

Council Passes Ordinance to Third Reading Authorizing Issue of \$25,000 Sewer Bonds.

A special meeting of the city council was held Wednesday afternoon. It was called chiefly for the introduction of an ordinance by Mr. Mount authorizing the issue of sewer bonds of the City of Omaha in the sum of \$25,000. The ordinance was passed on its first and second readings and a special election will be held this afternoon for its final adoption. Its purpose is for paying costs of construction and maintenance of main sewers in the city. The issuing of sewer bonds in the sum of \$50,000 was authorized by the voters at a special election held November 8, 1898. An issue of \$25,000 of such bonds was made under ordinance No. 4580 and another ordinance was necessary in order to authorize the issuance of the other \$25,000.

The ordinance provides that the bonds shall be due 20 years from date of issue, December 1, 1899, bear interest at the rate of 4 per cent per annum, and that the proceeds shall be used for no other purpose than the paying of costs for construction and maintenance of main sewers. Mr. Mount, the introducer of the ordinance, in discussing it before the meeting, stated: "The \$25,000 issue of sewer bonds has very nearly been exhausted in the construction of the sewer in North Omaha and in order to continue this important improvement the second issue of \$25,000, which has been authorized by the voters, is absolutely essential in order that the work on the sewer may not be abandoned. From the proceeds of this bond sale \$15,000 will probably be expended on the north sewer and the balance we can find ready use for. For instance, the sewers on Center street and out at Forty-eighth and Leavenworth streets are in need of funds. For the construction of the former the city has agreed to spend \$1,000, provided the county will appropriate \$2,000.

A Good Thing from Hungary. Under the auspices of the Apollinaris Company, London, a very valuable mineral water, adapted for medicinal purposes, has been introduced into this country under the name of "Aperita." This product is a bitter water, derived pure and in a perfectly natural condition, from springs situated near Budapest, Hungary.

It belongs to the class of purgative waters; but its action happens to be of a mild and non-irritating character, due to the presence of a large quantity of sulphate of magnesium, which exceeds in quantity the sulphate of soda. The former is the milder purgative, and the somewhat crude action of the soda sulphate of other waters is therefore said to be avoided in "Aperita."

On account of the extraordinary interest in the Episcopal service held Wednesday, Kelley, Stiger & Co. will continue their 98-cent silk sale all day.

Boulevard Report Still Pending. For some reason not given the report of the appraisers and appraiser's committee for the Central boulevard was not called up for approval at Tuesday night's council meeting, and has been held over to the next day before. Most of the members of the council expected it to come up, but Councilman Stigt, who is chairman of the committee on street improvements, should have offered about it.

It is presumed that some of the councilmen became a little uncertain after they had agreed to pass it and requested it be taken at less than they are worth to the owners, although they are perhaps returned for their full market price. It has been represented to the council that some of the homes are owned by poor men who have spent time and means on them and who could not part with themselves any comfortable home elsewhere with the money allowed them. The possibility of an injustice being done which could not be remedied in the courts will, it is claimed, probably deter some of the members from voting for the report.

The "Flow Boy Preacher," Rev. J. Kirkman, Belle River, Ill., says: "After suffering from bronchial or lung trouble for ten years, I was cured by One Minute Cough Cure. It is all that is claimed for it and more." It cures coughs, colds, grippe and all throat and lung troubles.

Announcements. The charming song-bird, Tavoris, is attracting immense audiences this week to the Creation Opera. She is one of the greatest attractions ever offered at this theater. Her selections are the gems from her extensive repertoire. It is such stars of the first magnitude that make the Orpheum popular with all, the public appreciating the enterprise of the management in engaging such really and high class artists. New and beautiful and striking pictures are being shown by the ever popular American biograph this week. There will be a matinee on Saturday, as usual, for the women and children, who will greatly enjoy this week's program.

Anyone who has ever seen "Skipped by the Light of the Moon" in past seasons, it is promised, will be surprised to see how great an improvement has been worked in the comedy. It is said the laughable features have been intensified and the whole is one striking succession of comical creations and mishaps that force the tears and pain the audience with a superfluity of mirth. It is then, in a word, one endless round of refined folly and entertainment extremely eclectic in its ludicrousness. The company presenting this piece opens a three-night engagement at Boyd's this evening.

Miss Eloise Mortimer, the leading prima donna soprano of the Trocadero Opera company, is to resume her place in the cast of the "Queen's Lane Handkerchief" tonight. She was unfortunately compelled to temporarily retire from the cast on account of the loss of her voice, which she has, however, fully recovered. This will be good news to her many admirers. In Miss Mortimer and Miss Myers the Trocadero company has two prima donnas worthy of the name.

Merchants Hotel Sold. H. H. Hake, late of the Koehler hotel, Grand Island, has purchased the Merchants hotel from Dunlop & Bittinger, and will take possession November 1. At that time extensive improvements in refurnishing and renovation will be made and the services of the house, while unchanged as to rates, is intended to be made much better than at present. One of the changes in the appointments of the house will be in the dining-room, where white women will be employed as waiters. Mrs. Hake will superintend the culinary department and will bring to the advantage of several years successful experience. Mr. and Mrs. Hake have called Omaha their home since they were when they disposed of their Grand Island interests. They have two daughters at school in the city.
