opponent. Conditions aboard the American craft indicated calm anticipation and serene confidence.

The stream of preparation aboard the British yacht marked the natural anxiety there is to season. a performance of the untried spar and the entire craft in tomorrow's weather. Early in the day it had been the purpose of the second. The distance was one mile. visitors to go outside with Shamrock and test its new equipment, but though it came down the harbor from its remeasurement early this afternoon, the shortening daylight, afforded too little time after all had been snugged.

Measurer John Hyslop announced at the New York club this evening that the new measurement of Shamrock made by him this morning shows that yacht's present water line to be \$8.95 feet, and its racing length by club rule 102.565 feet. He states that Shamrock will now allow Columbia sixteen seconds on a thirty-mile course. Tomorrow's race will be fifteen miles to windward and leeward and back. The start to be made

at 11 o'clock, as usual. The remeasuring of Shamrock took place at Erie basin. The yacht was laid between one of the army transports and the steamship Remus. There were on board besides the captain, William Butler Duncan, jr., representing the New York Yacht club, and Mr Iselin; J. Connell, representing the Royal Ulster Yacht club; the owner of Shamrock Captain Nat Herreschoff and John Hyslop official measurer of the New York Yacht club. Three thousand three hundred and eighty pounds of lead bailast were put on board the yacht during the night. This is said to have changed its water line a few inches. It now appears to set by the stern. After the water line had been measured in the usual way the measurement aloft took place. The new topmast was housed and to obtain the measurements of it Mr. Hyslor sent a man to the masthead, in a boats wain's chair, going aloft in another himself to the heel of the topmast so that an ac curate measurement was thus taken.

General Nelson A. Miles will be at the Exposition next Tuesday. Dr. Miller, president of the Exposition, had a telegram from the general Wednesday in which he accepted the invitation of the management to be present on that day, which will be known as Miles day and every effort will be made to give the famous warrior a proper welcome to the exposition, the city and the

The appointment of committees on reception and other matters of detail will be

taken up as soon as possible and there will be interesting ceremonies connected with the event, both civil and military. The executive committee of the exposition is busily engaged upon plans that will mature

in a day or so and they promise to present a program of unusual interest. A member of the committee said in regard to the matter that there was no doubt

that the coming of so famous a warrior would bring a great many people to the city. The late war had aroused much interest in military matters and the presence in the city of a man of such great reputation would certainly be a matter of widespread interest.

making extensive preparations is Thursday October 26, to be known as Scandinavian day. It is the desire of the committee to

speak. Governor Poynter has already been secured. One of the features will be the singing of a Scandinavian choir, composed of 159 voices, in connection with Bellstedt's band. The program will be a sort of a musical festival-something out of the ordinary. A good many societies of the city will soon be announced. The resolution of

the board of directors to keep the exposition open has quieted the uncasiness about the grounds and every one has taken hold with vigor and with the intention of pushing

things through successfully. German Music Exemplified.

The consert Wednesday night was devoted to the rendition of mus'c by German composers and was greeted with the same enthusiasm that has characterized the two

former concerts in the series. While some of the composers represented on the program were not of the best, there were others whose names are known the world over and in consequence there was no lack of appreciation and interest. A new selection introduced was the grand march from "The Queen of Sheba" by Goldsmith, which proved to be a pleasing number. The overture "The Fugitive" by Kretschmar, has been heard before, but it met with a warm

reception. The two Schubert numbers-the

LIVELY TUSSLES ON GRIDIRON.

# Harvard Eleven Does Fair Work

Harvard Eleven Does Fair Work Against Bates at Cambridge. CAMBRIDGE Mass, Oct. 15.—The Har-vard Varsity foot ball eleven beat Bates 29 to 0 this afternoon. Long runs by the Har-vard backs and fumbling at critical times added interest to the contest. While Harvard's work was, with the ex-ception of fumbles, fair the Bates backs also gained at will through the line. In the second half, with McDonaid and Eaton playing tackles, the defense was a great deal stronger. The whole team also played with more dash and vigor on account of the presence of Daly. Burnett, who played cen-ter the second half, cleurly demonstrated his superiority over Bargent. the International company will be here Saturday.

## Foot Ball for Saturday.

Boller Makers' Strike Settled. SAN FRANCISCO. Oct. 18.—The boller-makers' strike is over and the men will go back to work tomorrow. The men have conceded the nine hours a day on all vessels not owned by the government. On these latter the day's work will be eight hours for ten hours' pay. In order to make up for the extra hours on outside shins a slight advance has been made in the men's pay. As the result of artisans going back to work nearly all the transports now in port will get away next week. Next Saturday afternoon the Tabor col-lege team will meet the Omaha High school eleven. The Tabor team is a strong aggre-gation and contains among its number sev-eral excellent players, notably Captain Laird and "Billie" Askin. The team was trained last season by Coach Whipple, the

out on the front porch and parleyed with the enemy. He found he could not patch up a truce without treating, so he called the boys rich and round. forehand and that, therefore, no opportunity about him and carfully scrutinized them, for a misunderstanding could exist on this found one whom he thought looked honest and he gave him some money, saying at the vantage on the piano or given by an or-

Never Tires of Praising Wine of Cardui.

DR. S. T. DAVIS

# Washington, C. H. O. May 11, 1899.

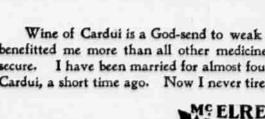

Wine of Cardui is a God-send to weak women. I am at this time taking the Wine and it has benefitted me more than all other medicines I have taken, which have cost me a small fortune to secure. I have been married for almost four years, and had not been well since until I took Wine of Cardui, a short time ago. Now I never tire of praising your wonderful medicine. Mrs. LEO. A. JUDY.

Who can wonder that Mrs. Judy never tires of praising Wine of Cardui 1 Who can express what it means to be freed from the pain and suffering of falling of the womb, whites or irregular menses? Mrs. Judy got such relief from all of her troubles from a bottle of Wine of Cardui, as a small fortune in doctors' bills could not secure for her. There are a thousand women in this city in Mrs. Judy's condition. They drag along half dead, half alive, when their whole lives would be changed by the judicious use of Wine of Cardui. Joy would take the place of sorrow, and they would become honored citizens of the Kingdom of Health. There is no valid excuse any woman can offer for suffering another day when Wine of Cardui is within her grasp. Small ailments neglected mean troublesome you get a bottle to-day, you will next week feel just as Mrs. Judy does about it.
