Bulls' Brief Triumph is Over and Wheat Resumes Downward Course.

CORN IS RELATIVELY STRONG AND ACTIVE

Sympathetic Dip at the Opening is Followed by a Strong Upturn, Though Weakness of Wheat is Discouraging Factor.

CHICAGO, Oct. 20.-Wheat resumed its downward course again today and started with a loss of % frac. Liquidation induced by heavy additions to domestic stocks in the face of a poor foreign demand was responsible for the decline. Corn, oats and provisions were comparatively strong and closed practically unchanged.

Heaviness abroad and free Argentine

shipments to Europe started wheat weak and lower. The bears were inclined to work within narrow limits, however, and as the market at the outset was considerably under put figure, a partial recovery followed on buying against privileges. Covering by shorts, owing to moderate domestic receipts and the strength developed by corn, also added somewhat to the upturn. liquidation, however, was of sufficient volume to prevent anything like an endur-ing advance and as the demand was short volume to prevent anything like an enduring advance and as the demand was short-lived the market soon started on the down grade again. The bears were disinclined to push their advantage and trade finally became so dull that for an hour in the middle of the session there was scarcely any change in price. Finally longs who had been waiting for an upturn to unload lost patience and offerings becoming quite plentiful the market gave way under the pressure and ended up at the bottom of the day's range. Indications of an increase of 2,000,000 bu. In the visible supply this week hastened the decline. December opened ½c lower at 70½c, declined to 70½c and closed with sellers at 70½670%c. Chleago received 154 cars, 2 of which graded contract. Minneapolis and Duluth got 640 cars, compared with 1,190 cars for the corresponding day last year. Primary market receipts were \$75,000 bu., against 1,83,000 bu. a year ago. Atlantic port clearances in wheat and flour equaled 694,000 bu. Argentine shipments to Europe this week were 1,64,000 bu., whereas none were shipped from that country the same week last year. Minneapolis stocks increased this week 1,000,000 bu. and Duluth 550,000 bu. Cash demand here slow.

Corn was relatively strong and active. There was a slight dip at the opening in sympathy with wheat, but this was soon

There was a slight dip at the opening in sympathy with wheat, but this was soon supplemed by a sharp upturn. Poor husk-ing returns and a steady increase in local ing returns and a steady increase in local stocks in consequence of the excellent shipping demand encouraged general buying, but the weakness of wheat in the last half hour had an unfavorable effect and the advance was all lost. Cash demand here was good and 42 boatloads were sold at the seaboard. Receipts, 519 cars, Durember opened a shade lower at 30%c, declined to 30%c, advanced to 30%c and declined to 30%c at the close. there was very little trading in oats and what little fluctuation occurred was due almost entirely to sympathy with corn. Receipts, 246 cars. December opened 3ke lower at 22½c, advanced to 22½c and closed at the corn of the corn

prices just above holding their own. January pork and ribs closed a shade lower at \$0.30 and \$4.8564.876, respectively. January larit 2½c lower at \$5.30.

Estimated receipts for Saturday were not obtainable. Leading futures ranged as follows: Artic's. | Open. | High. Low. | Clos. | Yes'y

MOVEMENTS OF STOCKS AND BONDS.

Pullman-Wagner Consolidation is the Feature of the Market.

NEW YORK, Oct. 20.—The point of greatest interest in today's market was the active speculation in Pullman, which was rushed up after yesterday's sharp reaction an extreme 0'4, points to 20%, a record price. The motive was the official confirmation of the merging of the Fullman and wagner Palace Car companies, which the stock tape has clearly foreshadowed for some time past. The published assertion that the Vanderbilis are to get the Pullman holdings of Boston & Albany and Boston & Mains stocks as an incident to the deal and that New York Central would thus gain control of New England railroad affairs gave the bulls an opportunity for an active speculation in New York Central would thus gain control of New England railroad affairs gave the bulls an opportunity for an active speculation in New York Central would thus gain control of New England railroad affairs gave the bulls an opportunity for an active speculation in New York Central would thus gain control of New England railroad affairs gave the bulls an opportunity for an active speculation in New York Central would thus gain control of New England railroad affairs gave the bulls an opportunity for an active speculation in New York Central would thus gain control of New England railroad affairs gave the bulls an opportunity for an active speculation in New York Central would thus gain control of New England railroad affairs gave the bulls an opportunity for an active speculation in New York Central would thus gain control of New England railroad affairs gave the bulls an opportunity for an active speculation in New York Central would thus gain control of New England railroad affairs gave the bulls an opportunity for an active speculation in New York Central would thus gain control of New England railroad affairs gave the bulls an opportunity for an active speculation in New York Central would thus gain control of New England railroad affairs gave the bulls an opportunity for an active speculation in Pullman-Wagner Consolidation is the

Central and prices of the ratiroads rose quite generally above last night's level. The easing of the rate for sterling exchange

The easing of the rate for sterling exchange encouraged the rise, but it gave way to profit taking in the last hour, when the preliminary estimates of money for the week appeared and the rate for call money stiffened to 8 per cent. The most active stocks reacted a point and in Pullman the reaction extended to nearly 7 points. There was some rally before the close, which was firm and at small net gains for most stocks. The strength of the market, however, was not widely distributed and in fact was almost wholly confined to the few most active stocks.

The banks have gained slightly from the subtreasury on routine operations by rea-The banks have gained slightly from the subtreasury on routine operations by reason of continued large disbursements for government expenditures and on account of anticipated interest. But the outgo of money to the interior has been heavy. The week's shipments by some large banks have been the largest of the season. The net result is estimated by experts at a loss in cash by the banks of nearly \$2,000,000. The easing of the exchange rate in spite of a slight hardening in the London discount rate was significant. The threatened outgo of gold to London may be averted, but it will be because of a higher money rate here. Interior rates for New York exchange show no cessation of demand from those quarters. quarters.

The activity in bonds was somewhat decreased and there was weakness at some points. Total sales, par value, \$1,470,000. United States bonds unchanged in bid quotations.

The Commercial Advertiser's London The Commercial Advertises a straight financial cablegram says: Kaffir shares were buoyant and absorbed the main interest in today's dealings on the reported were buoyant and absorbed the main interest in today's dealings on the reported British victory at Glencoe. The other markets were firm but lifeless. Americans started in fractionally above parity, but they were idle until some New York buying hardened them at the close. Final prices were at the top. Illinois Central and Southern Railway werd in particular demand. Milwaukees were heavy. Spanish bonds were quoted at 61%; tintos, 48%; Anacondas, 915-16. In gold £20,000 went out to the Cape. The Bank bought £73,000 in bars and £14,000 in French coin; £20,000 came in also from Australia. Money was unalteired, but discounts were easy, with bills being held back. The bank lowered its buying price on the eagles to 76s 5d.

Looking at American Factories.

CHICAGO, Oct. 26.—A party of Germans who were delegates to the Commercial congress at Philadelphia are in the city. In the party are E. Arnhold, counselor of commerce at Berlin and president of the Berlin Street Rallway company; I. Loewe, president of the Loewe General Electric company; E. Arnhal, a wealthy land owner of western Germany; A. Kuchenthaler, a director of the Loewe General Electric company; G. Willinger, general manager of glarge coal and fron works in Upper Silesia; F. Hamspohn, general manager of the Lura and G. Junghann, manager of the Lura Steel Rall and Coal company of Silesia.

The party is touring this country for the purpose of investigating American methods of manufacture and agriculture. They have visited the Brill and Carnegie works and while in Chleago will visit the plants of the Pullman Palace Car company, the Illinois Steel company. They will also visit some of the big farms of the country.

nelly, shot his 23-year-old son, Russ, blowing his head completely off. He then shot himself through the heart. There was a \$2.000 mortgage on his farm, and it is thought he killed his son to get \$2.000 insurance from the Modern Woodmen, of which order the latter was a member, and then killed himself to escape legal punishment. In this way he expected to have his family with the farm clear of theum

HOGS—The market today opened just about where it left off yesterday. That is, the market opened steady with yesterday's general market. It was fairly active at first, but later on, when the reports from Chicago came lower, the market here eased off and the close was very slow and a shade lower.

It will be noted from the sales below that the hogs sald very largely in the same notches as yesterday, also that the top was paid, not for 200-pound hogs, as was the case a week or two ago, but for good weights. It will also be noted that the general run of good loads, both heavy and light sold at \$4.1964.15, with some rough licavy as low as \$4.60. While the market was slow at the close, practically everything changed hands in good season. Representative sales:

New Steamship Line to Japan. New Steamship Line to Japan.

SAN FRANCISCO, Oct. 20.—The Examiner says that the firm of Mitsul & Co. of Japan is considering a plan to establish a new Transpacific steamship line. The firm is said to have contracted for 100,000 bales of cotton, to be delivered before next March and May, and will provide steamers of its own to carry part of this American product. Return cargoes, it is stated, will be solletted and the company's vessels may become permanent competitors of the existing lines. S. Adagaki, a member of the firm, who has just returned to Japan from this city, is alleged to have made agreements with merchants here to patronize the steamers of his company.

Temperance Workers Begin Session.

Temperance Workers Begin Session. SEATTLE, Wash. Oct. 29.—The national onvention of the Women's Christian Tem-erance unton met here today. For soveral lays trainloads of delegates from all paris days trainloads of delegates from all parts of the country have been arriving and when the convention was called to order there was a large attendance. The delegates were slow in assembling and it was nearly noon before they arrived at the convention hall. SOUTH DAKOTANS MADE WELCOME.

People of Huron Give No Heed to Rain

in Doing Soldiers Honor. HURON, S. D., Oct. 20 .- (Special.)-Rain last night interfered with the attendance at the public reception in honor of Chaplain Charles M. Daley and members of the First South Daketa volunteer regiment. The ceremonies were under the direction of Kilpatrick Post, Grand Army of the Republic. and the Women's Relief corps, and were presided over by Colonel J. B. Geddis. The opera house was thronged and had the evening been pleasant the crowd could not have been accommodated. The program was opened by a patriotic song by the audience. followed with prayer by Rev. M. F. Montgomery of Grace Episcopal church; Colonel Geddis and Dr. T. M. Shauafelt spoke fo the Grand Army of the Republic and Mia Emmer Cook, represented the Women's Relief corps; Professor Norris sang a tenor solo, after which Mayor Cleaver welcomed the roldiers on behalf of the city. John Longstaff, editor of the Huronite, gave the welcome in behalf of the state. The program closed with a brief address by Chaplain Daley in which he recited some of the chief incidents of the campaign that has made the name of the First South Dakota regiment famous; his description of the death of Adjutant Lien, Lieutenant Morrison and others who gave up their lives in the defense of the flag was very touching.

Suit for Gambling Debt.

CHEYENNE, Wyo., Oct. 20 - (Special)-In the Laramic county district court today Harry P. Hynds, through his attorneys, filed his answer to the suit brought by Thomas Anderson to recover \$1,200, claimed to have been lest by Hynds in a poker game and which he refused to pay to the winner. In his answer Hynds in defense of his posi-tion taken by him in the transaction with

found near the bonce. The earth of which the mound is formed appears to have been carried some little distance.

MUST PAY SUICIDE POLICY

Self-Destruction Cannot Be Urged by Insurance Companies as Reason for Refusing to Pay.

ST. LOUIS, Oct. 20.-United States court of appeals has decided suicide cannot be urged by an insurance company or any other organization as its reason for refusing to pay on a policy, unless it can be shown that the individual at time of subscribing for policy contemplated suicide. In its decision the court supports decision in lower court in case of Rosa B. Jarman against Knights Templar and Macons' Life Indemnity company. >

The woman's husband, John P. Jarman, committed suicide one year ago while insane and the insurance company refused to pay \$5,000 to his widow on the ground that her husband having killed himself his heirs had forfeited all right to it.

Joseph Stockford, Hodgdon, Me., healed a sore running for seventeen years and cured his piles of long standing by using DeWitt's Witch Hazel Salve. It cures all skin disease.
