BLEEDS PUBLIC AND STATE TO THE LIMIT

Reports Show How to Be Sufficiently Obsequious to Be in Three Different Places at the Same Time.

LINCOLN, Oct. 21.—(Special.)—According to the official records of the reformers who have held office in the state house during the past few years...

The records in the office of the state oil inspector show that an appalling state of affairs existed there during the term of J. H. Edmisten under the Holcomb administration.

It is because of these unwarranted drafts on the treasury while acting the pseudo role of a reformer that Edmisten is now in the hands of the most conservative and conscientious element of the populist party.

The monthly reports of Edmisten, filed with the state auditor, show that a large proportion of the trips charged to the state were to and from Dawson county, where he holds quarterly a session of the board.

The following is a portion of Chairman Edmisten's expense account for the month of May, 1897, as copied from the statement in his own handwriting, now on file in the auditor's office:

Table with 2 columns: Item description and Amount. Includes entries like 'May 2, Pender and return', 'May 8, Chappell and return', etc.
