One Year's Evidence

Ane year ago last Thursday we began business in Council Bluffs and announced that we would sell the best shoes made for men and women for \$3.50. That we have done a large business on our \$3.50 shoes is self evident. We have warranted every pair to be satisfactory in every particular and out of the year's business we have had just one pair returned to us. In our \$3,50 shoes we give you all the style, comfort and service it is possible to put in a shoe and the only thing you can get for the extra \$1.50 when you pay \$5 for a pair of shoes is the glory of wearing some familiar trade mark.

> Our \$3.50 Shoes are made by the best manufacturers in the country, but we don't pay them a fancy price for the use of their name or for them to advertise the goods for us. We depend on the merit of our goods to build our business.

Your money's worth or your money back.
