Shower of Fusion Mud Batters Harmlessly Against a Republican Stone Wall Defended by Men of All Parties.

Irving G. Baright, candidate on the republican ticket for clerk of the districcourt, is not grievously alarmed over the assault made upon him in the World-Herald by the manipulators of the mud-slinging machines. He had been threatened with this attack on his former connection with the World Mutual Benefit association, the beneficiary department of the Order of the World. In the face of the cyldence within Mr. Baright's possession the charges of the World-Herald must fall flat, for they are disproven by the willing testimony prominent members of the fusion organization, among them being two of the candi-

dates on the fusion county ticket. Speaking of the assertions made in the World-Herald Mr. Baright said that he hardly deemed them worthy of dental, as most of them are so manifestly unfair and nature of his connection with it, and instead of holding him in any way responsible for its unfortunate ending, they were his known Mr. I. In this connection the following letters are pertinent as showing the estimate placed upon Mr. Baright by the members of the Order of the World, and to show why he is not worrying over the assertion of the World-Herald that "it may be set down as a certainty that Baright's candidacy for the most of them are so manifestly unfair and untrue.
