## THE OMAHA DAILY BEE: FRIDAY, OCTOBER 27, 1899.

justice in all of the counties. The discussion as to whether the republican nominces should be given first place on the ticket or not has confused many of the county clerks, who are at a loss to know whether to follow the form prescribed by law or the sample sent out by the secretary of state.

It is contended by Secretary of State Porter and those who are supporting him in his plan that the various county clerks should be governed in arranging their ballots by the vote cast in their respective counties. The principal reason advanced for this is that the county clerks have official knowledge only of the vote cast in their own counties. The inconsistency of this argument will be recognized, for it has not been explained why the secretary of state negleated to certify to each county clerk the official vote cast on the state ticket at the last general election. The law does not require the secretary of state to iesue such a certificate, but the contention that the absence of such a certificate makes it necessary for the county clerks to consider only the county vote is taken as an admission that such a certificate should have been sent out. The law relating to the arrangement of the ballots does not refer to the county vote and gives the clerks no discretionary powers in that direction, but is mandatory in providing that the party polling the highest number of votes shall be given the right of its nominees immediately beneath the names of

## the offices for which they were nominated. Porter Lacks Authority.

Secretary of State Porter, in an interview today, admitted that he had no authority to direct the formation of the ballots. The interview was printed in the local popo-

cratic organ and the secretary says: "I merely certify to the county clerks the names of the candidates nominated by each political body and there my duty ends."

This is exactly what has been contended by the republican committee.

As a means of preventing cleiks from carrying out the instructions of the secretary of state letters containing the exact provisions of the law were yesterday sent to republican committeemen with directions to bring the matter before the clerks. Notwithstanding their attention has been called to the law and the correct form of ballot many of the clerks have signified their intention of following the form prescribed by the secretary of state. In each county where it is proposed to print ballots according to Secretary Porter's ideas an application for a writ of mandamus compelling the county clerk to follow the provisions of the law,

CINCINNATI, Oct. 26.—Eight of the best sprinters at the track were at the post for the Kenton stakes, which was the attrac-tion at Latonia today. The race was won by Han d'Or, the 8 to 5 favorite, in clever fashion. Lord Fairfax, a 15 to 1 chance, got the place by a hose from Semper Eadem, another long shot. Abe Furst, the hot second choice, acted as pacemaker for the party, but after leading into the stretch he dropped out of it and finished in fifth position. Eugenia Wickes and Semper Eadem were added starters. The former bolted at the start and was left at the post it was so dark that he crowed in the grand-stand could not discern the colors until the field was within twenty yards of the wire. The weather was pleasant and the attend-ance large. Results: First race, one mile: Eitholin won, Billy House second, McCleary third. Time: 13435. Your relator makes known to this honor-able court that he is a citizen and voter of Saline county, Nebraska, and as such is interested in the proper administration of the laws of this state, that the defend-ant is county clerk of said county, charged by law with the duty of preparing ballots for the use of voters at the election to be held in said county on November 7, 1899; that said defendant has prepared and is about to print and circulate for use at said election ballots which do not comply with the requirements of section 140 of chapter 25, Compiled Statutes of Nebraska, in the respects hereinafter stated, that is to say, these ballots are prepared so that the name of Manoah B. Reuse, as candi-date for supreme judge, follows the name of Silas A. Holcomb, candidate for the same office, and opposite the names of these can-didates are to be placed the designation of the political parties by which they were nominated.

didates are to be placed the designation of the political parties by which they were Nameab B. Reese is the nominee of the re-publican party and Silas A. Holcomb is the nominace of the democratic party, the peo-ple's independent party and the silver re-publican party; that at the general elec-tion held in Nebraska in 1898 there were cast for M. L. Hayward, republican candi-date for governor of Nebraska, 29,982 votes, and for W. A. Poynter, the nominee for the same office of the democratic, people's in-dependent and silver republican party, 95-703 votes; that said three parties which nominated W. A. Poynter have been in ex-istance as political parties from the year 1957 inclusive of that year; that each of said parties in 1858 cast 1 per cent of all the votes cast in the state at the general election held in Nebraska that year; that therefore from the total vote cast for W. A. Poynter in 1898, there could have been cast by any political party supporting him no greater number of votes than 36.703, diminished by 3.773, which is 91,339 votes; that from the above figures, and the facts in the case, it is indisputably true that there was political party at said election, and diate for governor in 1898 a majority of 1.052 votes above the number polled by any other political party at said election, and thereform it results under the provision of section 140, chapter 26, Compiled Statutes

When We Know.

A thing that stands high in the estimation of the public, and which is especially recommended by Omaha people, naturally excitos our attention more than if our own people did not praise the article. Such a thing is because they cure. There is no deception, carp. no humbug, they do positively cure, and we furnish the evidence.

Mr. H. L. Small of 1810 Ohio street, says: "I have suffered from kidney trouble for the past ten years. I had been so badly afflicted lately that I could not do any kind of work. I had a dull heavy pain across the small of my back almost constantly. The pain extended from the region of my kidneys to my shoulders. I was subject to spells of dizziness and urinary disturbances of an alarming nature. I could not sleep we'll on account of nervousness. Learning about Morrow's Kid-ne-olds I decided to try them.
