

BOTH FIGHTERS IN FINE TRIM

Jeffries and Sharkey Desert Training Quarters and Go Into City.

CHAMPION IS FAVORITE WITH THE SPORTS

Sharkey Was Never in Better Condition and Feels Confident that He Can Win the Championship—Very Little Betting.

NEW YORK, Nov. 2.—Jim Jeffries and Tom Sharkey will fight tomorrow night in the arena of the Coney Island Sporting club for the heavyweight pugilistic championship of the world.

My man Jeffries will be heard of to good advantage tonight. I told you five months before he met Fitz that it was a sure thing for him.

The Allenhurst training quarters were deserted late this afternoon. Jeffries, DeLaney, Tommy Ryan and a party of attendants closed up the shop and came to New York.

Eight hours later the entire fighting colony came to this city. Before Jeffries left New York he had gone over several miles at a jog-trot.

When the camp moved from Allenhurst all hands were in the best of spirits and none of them were more confident than Jeffries.

Exodus at Sharkey's Quarters. The seaside resort at Newport, S. I., where Sharkey has been training for some weeks, was also the scene of an exodus this afternoon.

"I'm in tiptop condition; so is George here. Aren't we," said the Irish-American, addressing his little dusky partner.

"You bet yer life," replied George. "Both of us will be on the end of the outfit. I'm surer of your success than I am of mine and that means neither of us can lose."

Sharkey was never in better condition. He has trained faithfully and, in every sense of the word, has lived up to the instructions given him by his manager.

A prominent man up town who is in the habit of holding a great many bets said tonight:

"There seems to be a lack of sporting blood, so far as bets go, on tomorrow's fight. Interest seems at fever heat and yet men will not wager their money."

Many sporting men from different parts of the country arrived in this city tonight. They all came to see the big battle.

The leading event of the season, Jeffries-Sharkey fight, will be received by rounds at Cliff Cole's saloon, 1409 Douglas street, Friday evening, November 3.

DIXON EASILY DEFEATS CURLEY.

Featherweight Champion More Than Holds His Own.

NEW YORK, Nov. 2.—George Dixon, featherweight champion of the world, tonight held his own tonight against Will Curley of England.

Dixon is a clever, game boy, but Dixon is a little bit cleverer and none the less game. Dixon's victory was won by a knockout.

Jeffries and Sharkey are scheduled to enter the ring at fifteen minutes to 10 o'clock. Each principal has promised to be in the quarters at the clubhouse at 9:30 o'clock.

Proceeding the big event there will be a ten-round bout between "Kid" Doulette of Rochester and Tommy Moran of Brooklyn.

NEGOTIATE FIRST TREATY

China and Mexico Enter into a Convention for Mutual Benefit.

WASHINGTON, Nov. 2.—For some time negotiations have been in progress in Washington toward establishing treaty relations between China and Mexico.

The officers will assist the consuls, who are now enforcing the quarantine regulations of the Treasury department to be observed at foreign ports by vessels bound for the United States and will sign the bills of health with the consuls.

From these two ports these officers will have surveillance over emigration from Spain and Portugal. Practically all the emigration from Portugal, where plague prevails in Oporto, comes through Spanish ports.

On the part of China, other important advantages are gained under the treaty. There is a considerable number of Chinese in Mexico who thus far have not had the protection secured by a treaty and by the presence of consuls and a diplomatic representative of the government.

TO TEST PORTO RICO COURT

Chicago Attorney Brings First Case from New Island Possession Before Supreme Court.

WASHINGTON, Nov. 2.—An effort was made today by Attorney H. R. Shannon of Chicago to secure the attention of the United States supreme court in the first case to be brought to this court from the new island possessions of the United States.

The case is that of A. C. Farrar-Hickey, who was indicted before the provisional court of Porto Rico last August and found guilty on a criminal charge. This court was established by the military authorities of Porto Rico on a proclamation issued by the president and consists of one civilian and two army officers.

Mr. Shannon asks for a writ of certiorari to make the formal presentation of the case to the supreme court and in doing so pleads the unconstitutionality of the court. Without deciding whether leave would be granted to file the petition for the writ the court asked Mr. Shannon to make the formal presentation of the matter next Monday, the first regular motion day.

If the case is taken up by the court a number of interesting points will arise in connection with it, not the least of which is the right of the president to constitute a court by mere executive proclamation.
