

RAILROAD MEN SPECULATIVE

Expiration of Agreement Between Union Pacific and Northwestern.

VARIOUS OPINIONS AS TO ITS RENEWAL

Belief that Union Pacific Will Paralyze Impartial Course in Distribution of Business, Based on Returns Received.

In railroad circles yesterday there was much interest in the expiration of the agreement which has been reached by the Union Pacific and Northwestern railroads. Ten years ago, November 4, 1889, an agreement was entered into between these two great systems which provided for a close interchange of business.

Well informed railroad men hold the opinion that the Union Pacific will be wary of renewing an iron-clad agreement with the Northwestern. They express the belief that perhaps a temporary agreement will be drawn up between the two systems, but that it will be of such a character that the Union Pacific will be in no wise bound to turn over to the Northwestern all its eastbound freight and passenger traffic.

Well informed railroad men hold the opinion that the Union Pacific will be wary of renewing an iron-clad agreement with the Northwestern. They express the belief that perhaps a temporary agreement will be drawn up between the two systems, but that it will be of such a character that the Union Pacific will be in no wise bound to turn over to the Northwestern all its eastbound freight and passenger traffic.

Increase Minimum Weights. "We're trying to get a small share of the general prosperity which is prevailing," said an official of the Union Pacific freight department. "Our rates have not been advanced as perceptibly as those of the lines east of the Missouri river, but in the general advance in freight rates we are getting our share of the increased revenue. In the matter of increase in minimum weights of freight cars we have realized considerable benefit. It used to be that the minimum weight of most freight cars was from 20,000 to 24,000 pounds, while in many of them now the minimum weight is 40,000 pounds. You can easily see where we derive an advantage from this. Our cars are loaded almost to their fullest capacity and we get paid for every available pound that our freight cars can carry instead of hauling load after load in the past at figures considerably under what we now receive."

Rock Island Will Improve Service. The Rock Island will change the time of arrival and the equipment of its Chicago-Omaha passenger trains, effective November 15. The time will be shortened between the two cities and the service will be otherwise improved. At the present time the Rock Island leaves Chicago at 5:45 p. m. and is composed of the cars enroute for Omaha and Kansas City. Under the new arrangement a strictly through Omaha train will leave Chicago forty-five minutes later, at 6:30 p. m. and arrive here at the same time as at present, 8:10 a. m.

Railroads Will Run Excursions. General Agent Rutherford of the Rock Island stated yesterday that the Fifty-first Iowa regiment would arrive in Council Bluffs on schedule time Monday, J. A. Stewart, district passenger agent of the Rock Island, passed through the city today enroute for the west to meet the returning volunteers. He will see that the trip over the Rock Island is accomplished in the best manner possible, as better Iowa's returning heroes. Railroad officials are anticipating an enormous crowd in Council Bluffs next Monday and all the Iowa lines will run specials. All available passenger cars are being concentrated in Iowa for the accommodation of the big crowds that will flock to Council Bluffs to welcome the boys on their return.

Coal Rates Raised Proportionately. A meeting of the freight representatives of interested lines was held in Chicago last week for the purpose of checking up rates for hard coal in Iowa, Minnesota and South Dakota points to conform with the advance which becomes effective November 15. With the tariffs from Chicago to the Missouri river, and from the Missouri to the Missouri river as basing rates the rates to points in the three states mentioned will be either raised or lowered from the rate to the Missouri river, according to whether the location is east or west of the river.

Railway Notes and Personalities. E. H. Wood, general freight agent of the Union Pacific, returned yesterday from a trip to Chicago. George P. Dunbar, assistant general auditor of the Chicago, Burlington & Quincy is a visitor in the city from Chicago. W. B. Jerome, general western passenger agent and Nelson Vanderpool, northwestern passenger agent of the Illinois Central, are in the city from Chicago. John Sebastian, general passenger agent of the Rock Island, accompanied by his wife, will pass through Omaha today enroute to the Pacific coast. Charles M. Sechrist, chief clerk in the Union Pacific freight department, has returned from a pleasant vacation trip. The most of the time he spent in the mountains of Arizona on a hunting trip. Game was

plentiful and the outing was altogether a most delightful one. General Manager Dickinson, Superintendent of Transportation Buckingham and Division Superintendent W. B. Baxter of the Union Pacific, have returned from a trip out over the line. General Manager Holdrege of the Burlington has returned after an extended visit in the west. He went to Cody, Wyo., as the guest of Colonel Cody and returned with a short ticket with them he inspected the Burlington lines in the west. The Milwaukee has discontinued the local passenger train which has run this summer between Omaha and Perry, Ia. The train is usually put on in the summer and taken off again in the fall, so that the abandonment of the train is merely the following of an established custom. CHEAP FUEL

Without the Use of Coal or Wood. The writer yesterday saw a new invention which makes it possible to use kerosene or coal oil in any stove or furnace without changing or damaging the latter in the least, and after it is in will heat the largest coal stove or range sufficient for ten family cooking for less than \$1.50 per month. The Champion Oil Burner Co., Cleveland, O., is the promoter of this successful burner and the territory is rapidly being placed in the hands of local agents all over the state, who will retail them at about \$12.00. To get them started in here one may buy direct from the manufacturers, free on board cars at Cleveland, for half that sum for a short time or until an agency is established.

The cost of these burners is within the reach of all, especially now, while one can secure the benefit of the wholesale prices. All citizens interested in the problem of cheaper and better fuel, might do well to write the Champion Oil Burner Co., Cleveland, O., for full particulars.

New friendship hearts. Edholm, jeweler. Arthur Shiverick returned from the east yesterday and reports all the furniture factories overrun with orders and most of the manufacturers have sold their entire output for the year. Prices will undoubtedly be advanced in the near future. Dealers are all buying heavily to get in their goods before the rise.

Union Pacific Trains. In point of speed and equipment are triumphs of modern railroading. Your choice of three trains daily to California. City ticket office, 1302 Farnam St. Rich cut glass. Edholm, jeweler, opp. P. O. Jolly Eight Dance. At Washington hall next Sat., Nov. 11, will be just as lively as ever. Oleon's Union orchestra and a grand good time for you, yes, Gents, 25c.

Jewelry made to order. Edholm, jeweler. A. D. T. Co.; messengers furnished; baggage delivered. 1302 Douglas st. Tel. 177. Heyn's souvenir still free. With each new dozen cabinet photo or larger pictures. 313-15-17 So. 15th St. Sheridan and hard coal. We give trading stamps. Victor White, 1605 Farnam street. We repair cooks, ranges, heaters, furnaces. 1207 Douglas, Omaha Stove Repair Works. We dye anything any color—new method. Pastorium, 14th and Farnam.

See our line imported overcoating and suitings. G. A. Linquist, 216 S. 16th st. Sterling wedding gifts. Edholm, jeweler. Before buying elsewhere see our \$5.00 black velvet hats trimmed in tips and agrettes. Better ones for \$3.00 and \$7.00. F. M. Schaeffler & Co., 1520 Douglas. The Mining Gazette of Idaho Springs, Colo., says: "About thirty men are working on the Lord Byron, mostly leasers. There is \$100 ore in the bottom of the shaft. All are doing nicely. The work of retimbering and lining the shaft has been going on this week." This mine is located within a short distance of the great Stanley mine that produced over \$3,000,000 last year and the last shipment from the Lord Byron to the smelter showed a 70 ore.

Mr. J. L. Baker and Arthur Shiverick, representing the Shiverick Furniture company, returned from the eastern furniture markets having bought about ten carloads of new, up-to-date furniture for the holiday trade.

DIED. HARGRAVES—Leeta, aged 22 years, only child of R. C. and Josephine Hargraves, at her father's residence, 23 Worthington place, Saturday, November 4. Notice of funeral later.

The New Tea Store Sells Out. The Standard Union Tea and Coffee company, recently opened in Council Bluffs, have sold out their store, interests and good-will to the proprietors of the Grand Union Tea company, having headquarters at Brooklyn, N. Y. No change will be made in the present help, and the Grand Union Tea company will honor and redeem its premiums all tickets put out by the Standard Union Tea and Coffee company. They are now stocking the store with a full line of their celebrated teas, coffees, spices, baking powder and extracts, and a complete line of premiums. It is their intention to have a grand opening and change the name of the store to Grand Union Tea company. Announcement of opening will appear later. This concern is the largest tea and coffee house in the United States. Their mercantile rating is over \$1,000,000. They have nearly 150 branch stores in the principal cities. This Council Bluffs store will make eight in the state of Iowa. They have two in Omaha, 113 South Sixteenth street, opposite the Boston store, and 430 North Twenty-fourth street, South Omaha. This company also takes the Standard Union Tea store at Kansas City. We can assure the Council Bluffs people that the Grand Union Tea company will make your branch as popular as their other branches throughout the country. We wish them success.
