LONG RETROSPECT OF A NEGRO. Iowa Colored Man Sufficiently Old to Recall Death of Washington. MASON CITY, Ia., Nov. 5.—(Special.)—The recent death of Jesse Bracken in the city at the age of 117 years and five months recalls the fact that there is living in the city at the present time a man who has reached the advanced age of 111 years. This is Henry Boone, a colored man, who is making his home with his daughter, Mrs. L. W. Tyler, on Water street. Mr. Boone was born in slavery in the state of Virginia June 7, 1788, on the plantation of a rich Virginia planter named Sandala. He was a slave for seventy-two years and was never sold from the family of his original master. When his first master died he went to Arkansas with Mrs. Blunt, his master's daughter, and remained there until he was liberated by General Curtis, by whom he was brought to the north. Mr. Boone is in remarkably good health and bodily vigor and works around the house continually. He retains his memory splendidly and can remember distinctly the news of the death of George Washington, as he was at that time 11 years of age. In the old days of the marriages of the slaves were arranged entirely to suit the convenience of their masters and Mr. Boone has had eight wives, nearly all of whom were sold away from him to some other estate. He is the father of thirty-two children by his various wives, four of whom are the children of his last wife, of whom he brought north with him and who died about twenty years ago. Two of these children, Mrs. L. W. Tyler and Mrs. F. L. Palmer, were residents of this city. At the time of his second marriage Mr. Boone was 70 years of age.

FISH THANKS ENGINEERS

President of Illinois Central Pleased with Work on Fort Dodge Line. FORMER MAYOR SWIFT TO BUILD DEPOT He Has Also Secured the Contract for Building the Depot at Denison—To Commence Running Trains in Two Weeks. Now that the entire track between Council Bluffs and Fort Dodge on the Fort Dodge & Omaha railroad has been laid the company expects to commence running local freight trains by the 15th of this month. No attempt to put on a passenger service will be made until the work of ballasting the road is completed and the track in first-class condition. Should the weather remain good, so as to permit the work of ballasting to continue at the present speed, passenger trains will be running into Council Bluffs over the new line by the first of the year. The work of ballasting the track is at present proceeding at the rate of one-and-a-quarter miles per day. Some thirty contracts for ballasting are now being let, the gravel and five immense steam shovels are scooping the gravel out of the pits. President Fish of the Illinois Central has written a personal letter thanking the engineers and all persons engaged in the construction of the new branch for getting the ballasting done with such remarkable quickness. In his letter he says the time made in laying the track makes a new record in railroad building. Special thanks are extended by him to Chief Engineer Sloan and C. E. Griffin, engineer in charge of the construction of the road. Although no formal announcement has been made yet by the company it is understood that former Mayor Swift has been awarded the contract for building the company's passenger and freight depot in this city. He also has secured the contract for building the depot at Denison. The time of commencing work on the depots here is uncertain, owing to the claims set up by the Lake Manawa and East Omaha Construction company to a right-of-way on Avenue A at the point where the company intended to erect its passenger depot. It is said that negotiations for a settlement between the two companies are now pending. Stations along the line of the Fort Dodge & Omaha railway will be located at the following points: Council Bluffs, Grading, Roden, Logan, Coaling, Dunlap, Des Moines, Arion, Denison, Deloit, Ellis, Wall Lake, Arvon, Yetter, Mosley, Rockwell City, Richards, Keokuk, Tara, Fort Dodge. Sidings will be established at Clara, Scott, Orr, Willets, Wright, Haley, Kunze, Newton, Morgan, McElroy, Merry, Heals and Ogan. Most of the sidings have been named after the engineers in charge of the construction of the road. Wanted—A kitchen girl. Good wages. Mrs. George Keeline, 1133 East Pierce street. KNOXVILLE, Ia., Nov. 5.—(Special.)—Saturday afternoon John Dawson shot his wife three times and then shot himself, dying in a few minutes. He was an assistant fireman and his death is only a question of a few hours. Dawson had been married only a few months, but a separation had occurred owing to a domestic misunderstanding. The quarrel was renewed today and at the climax Dawson drew his revolver and emptied its chambers. Pegamoid finish Buck Range, easy to keep clean, at Cole's hardware. We enjoy music; don't you? Then call at Mueller's. Only 10 cents a copy. Reasonable amount of mending done free of charge at the Bluff City laundry, 24 North Main. DEATH RECORD. Former Assistant Attorney General. Des Moines, Nov. 5.—(Special.)—General Deewe was died here today. He was an assistant attorney general from 1885 to 1893, since which time he has had an extensive practice in the court of claims. Mr. Deewe was widely known as an author and politician. He was for a time an active member of the greater party, but in 1880 a controversy arose between him and General Weaver, the party's candidate for president, with the result that he went on the stump advocating the election of General Hancock. From that time Mr. Deewe allied himself with the democratic party. Prominent Railroad Contractor Dead. CHICAGO, Nov. 5.—Colonel William F. Duran, formerly a prominent railroad contractor and builder, died tonight. He was well known in railroad circles throughout the country, having been in charge of the construction of the greater part of the Chicago, Rock Island & Pacific and the Union Pacific railroads. He was 76 years old. Former Consul at Munich. DETROIT, Mich., Nov. 5.—Rev. Andrew Tenbrook, who was an American consul at Munich, Germany, from 1856 to 1862, died here today, aged 88 years. Prospectors Covet School Lands. LEAD, S. D., Nov. 5.—(Special.)—An interesting question is to be decided soon in the courts of the Black Hills relative to the locating of school lands by prospectors as mineral locations. The prospectors would like to have the attorney general of the state give his opinion on the matter. There are about 2,000,000 acres of school lands in the Black Hills and a large portion of it contains mineral enough to make of it by law a mineral location. Treatment for Refuse Ore. LEAD, S. D., Nov. 5.—(Special.)—For several months the Homestake company of this city has been experimenting on the tailings

that come from the stamp mills with the cyanide process and the results have been so satisfactory that the company has commenced the erection of a large plant to treat the mill tailings. The mill tailings that come from the ore. The mills are treating about 2,800 tons of ore daily and, after it passes over the plates, it will be carried through a mammoth steel pipe to the cyanide plant, where the small amount of gold remaining will be extracted. Practically every bit of value will be taken out of the ore. SOUTH OMAHA NEWS. Preparations for the election to be held Tuesday will be completed today. Voting booths have been located to the best possible advantage and are doubtless known to every one. The polls will open at 8 o'clock in the morning and will close at 6 o'clock in the evening. These hours differ from the election in that at all points the polls open at 9 o'clock in the morning and close at 7 o'clock in the evening. It is understood that all of the employees of the great corporations here will be given an opportunity of voting some time during the day. The work will be so managed that the men will each be allowed at least one hour off duty in order to enable them to vote. It was reported on the streets yesterday that a pollman doing duty in the Fourth ward gave it out cold that no one would be allowed in the booths to watch the count. The officer has evidently been misinformed, as this question is plainly decided on page 88 of the Nebraska election laws. Section 19 on the page mentioned reads as follows: "Before any ballot shall be deposited in the ballot box the ballot box shall be publicly opened and exhibited and the judges and clerks shall see that no ballot is in such box; after the box shall be locked and the key delivered to one of the judges, it shall not be again opened until the close of the polls; and the ballot box shall not be removed from the view of the electors present until the polls are closed and all of the votes shall have been counted and canvassed; nor shall two or more judges be absent from the room or building in which the election is held, at the same time, during such voting and canvassing." Those who have thoroughly canvassed the local situation are not backward in predicting a good, big, republican win. One who is particularly close to the situation with all the different nationalities said yesterday that it was a mistake to think that the Bohemians were going to vote the fusion ticket. This conclusion had been arrived at by conversation with a number of prominent Bohemians. One of these Bohemian leaders said that in his opinion the majority of the Bohemians will vote the republican ticket. It was admitted that Bohemian politicians had been trifling with the fusion ticket, but when it came to a square unadvised the fusionists had not kept the pledges made to the Bohemians and consequently the vote would be the same as it has been in the past, principally republican. A few changes in the total registration will doubtless be made when the books are returned to the city clerk and the footings gone over again for verification. The change, however, will be slight, probably not more than a dozen all told, and this will make no real difference in the total as reported in Sunday's Bee, which was 3,834. Republican Rally at Frank's Hall. Republicans to the number of 100 or more met at Frank's hall, Tuesday night, at 8 o'clock. Judge Dvorak presided and first introduced Antonio Donato, who spoke in Bohemian. Mr. Donato called the attention of the listening people particularly to the change in the conditions and times since William McKinley was elected president and confidence had been restored. The workmen were urged to continue this proper condition of affairs by continuing the republican party in power. Mr. Donato urged everyone to vote on Tuesday for a continuance of prosperity. Chairman Dvorak next introduced Edward Rosewater, who spoke for some little time in Bohemian and then delivered an address in English. "The fallacies of Bryan and his theories were discussed at some length and those present were shown that prosperity only came after confidence had been restored by electing republicans to office. The late Holcomb was elected and a number of incidents related which went to show that Holcomb is not a fit person to occupy a high judicial position. In speaking of imperialism and militarism Mr. Rosewater said that if imperialism was to come from annexation it was necessary to get rid of the democratic senators and Mr. Bryan, the former having voted for and the latter worked for the passage of the treaty of peace. In protecting life and property in the Philippines President McKinley is only doing his duty. He protects the lives and property of those in Alaska or New York City. The discourses of both Mr. Donato and Mr. Rosewater were well received and telling remarks were frequently applauded. Addresses Colored Republicans. The colored republican voters of South Omaha held an enthusiastic meeting Sunday afternoon. George Huse presided and C. C. Cameron acted vice president. Mr. M. O. Ricketts delivered a stirring address in the course of which he convincingly pointed out to his people the proper course for them to pursue in the election tomorrow. He showed them how Holcomb had slapped them in the face and snatched support from them, and expressed confidence that the colored man would, as usual, vote for the party of progress and liberty. No colored man, he said, could afford to be ungrateful to the republican party. Magic City Gossip. All of the saloons in the city will be closed on Tuesday between the hours of 3 a. m. and 6 p. m. There is to be a meeting of the Board of Education tonight. If there is a quorum the session will be short. The women of St. Agnes' church will serve dinner and supper at twenty-fourth and N streets on election night. A meeting of the board of stewards of the First Methodist Episcopal church will be held at the pastor's study. Tickets are selling rapidly for the concert to be given at the First Presbyterian church Thursday evening by the Misses Christian. A. Wright, Nineteenth and M streets, was buried at St. Mary's cemetery yesterday afternoon. Candidates were unusually busy yesterday afternoon. Friends of the republican candidate worked hard in the night and in the city all day and reported good results. The regular monthly meeting of the city council is held for the month of November. Two or three members will meet and adjourn to either Wednesday or Thursday night. The Denver Stockman says: "The character of the cattle going to market from the ranges indicates a hard winter. The end of this season's run. The stuff is mostly odd and ends, with but few beef cuts and the tail end of the range. There are a few cattle back yet, but they have been held for the later markets in hope of better prices. Schley Spends Quiet Sunday. ATLANTA, Ga., Nov. 5.—(Special.)—General Schley spent a quiet Sunday, attending divine services and driving to points of interest about Atlanta under escort of committee of citizens. For Nebraska, Iowa, Missouri, South Dakota, Kansas, Colorado and Wyoming: Fair Monday and Tuesday; variable winds.

LION'S SHARE FOR IGA COUNTY Monona is Not Allowed to Name Either Legislative Candidate. GEAR-CUMMINS FIGHT CAUSES ANOMALY Strife of Two Candidates for Senatorial Honors Gives Entire Representation to Smaller of Two Counties. SIOUX CITY, Ia., Nov. 5.—(Special.)—The strife between the Gear and Cummins factions in the Monona-Iga legislative district, in the attempt of the candidates for the United States senate to secure this district favorable to their candidacy, has resulted in a condition of things highly unsatisfactory to the people of Monona county, irrespective of political belief, by reason of the fact that both republican and democratic candidates have been chosen from Iga county. Under the last apportionment of the legislative districts by the legislature, Iga county was attached to Monona, as is alleged by the republican and democratic parties in Monona county, for the purpose of securing a republican legislator from this district. Monona county for many years has been the hotbed of populism and the populists have controlled the county by quite large majorities, though in late years it has been represented in the Iowa senate by a republican majority and it is claimed that it was attached to Monona county for the purpose of overcoming the populist majority, if possible, rather than in compliance with constitutional requirements, especially as to the population in such matters. Election after election has come and gone and populist candidates have been elected from Monona county. Monona Feels Slighted. Aside from the matter of politics, it is claimed, justly or unjustly, that the legislator should come from that county in such matters as under the apportionment Monona would be entitled to a representative of its own, if the same rule was applied to it, as is applied to other counties with like population. Iga county at the time of the passage of the last apportionment act only had a population of 10,000 and Iga county now, owing to the fact that the leading political parties have chosen their candidates from Iga county, it furnishes an example of the tall wagging the dog to the people of Monona county. Under the circumstances, the candidacy of the republican candidate, the candidate of the county, irrespective of party, for the legislature in Monona county has developed unexpected strength. The fight which is now in progress has been largely stripped of its political character by reason of the fact that many of the leading politicians of the county, irrespective of party, have identified themselves with his candidacy and it is now conceded by those who have kept themselves in touch with the political situation in this district that he will poll a vote largely in excess of that usually given to candidates of his party. MAY SEND PRESENTS BY MAIL President Issues an Order Allowing Packages to Soldiers to Go in Mail at Domestic Rates. WASHINGTON, Nov. 4.—President McKinley has issued the following order: EXECUTIVE MANSION, WASHINGTON, Nov. 4, 1899.—In furtherance of interchange between those absent in the service of their country and their families at home, it is hereby ordered that packages and parcels of mail, also matter taking out articles designed as gifts or souvenirs, and so marked, and with no commercial purpose and not for sale, in the army and navy and from persons employed in the civil service of the United States, and from persons in the Philippine Islands and Cuba, addressed to members of their families in the United States or packages of the same personal character addressed from the United States to officers, soldiers, sailors and others in the public service of the United States, may be sent through the mails, subject only to the domestic postal regulations in force at the time, with all necessary safeguards, will be given priority of carriage over the postmaster general. WILLIAM MCKINLEY. The order is the result of the cabinet decision of Friday and is more immediately designed to facilitate the sending of Christmas and holiday remembrances to and from the soldiers. The postmaster general has also rescinded the requirement that all mail matter sent by persons in the United States service in the Philippines or Guam addressed to the United States and indorsed "Soldiers," "Sailors" or "Marines," letter or otherwise, designating the service branch, in order to secure domestic postage rates, must be counterchecked by a commanding officer. Furthermore, the postmaster general has directed that all such letters may be dispatched to the islands, whether prepaid or not, and only the deficient postage shall be collected on delivery in this country, any due postage rating under former orders being disregarded and United States postage stamps are directed to be placed on such matter, as well as the specially prepared stamps. I had doctored with good doctors and taken a great many patent medicines. My trouble began when my first child was born. I had a very hard time and after it was born would have severe flooding spells. After my second child I had very good health until just yinter when I again became pregnant and suffered very much and miscarried. I came very near dying, and the doctor said I must have an operation, which frightened me very much, and concluded to write to you for your advice, and take your medicine. Was troubled with the whites, great pain in back and hips, sometimes when lying down or sitting was unable to get up. Would have such a pain in groin could hardly walk.
