CZAR'S PORT OPEN TO ALL NATIONS ALIKE

Count Cassini Sees No Reason for Renewed Agitation of Open Door Question-No Interference In Africa.

WASHINGTON, Nov. 8 .- Count Cassini, the Russian ambassador, who is just back from a visit to St. Petersburg and other European capitals, authorized the statement today that he had returned without any special Instructions relating to China and without any mission to perform in that connection. This statement was due to recent reports that he intended to make known to the president and Secretary Hay the desire of the continental powers of Europe that the United States should indicate what port or sphere of influence in China this

government desires to occupy. The ambassador also etated that Russia's commercial port in China, Tallen Wan, was now open to all nations alike and expressed surprise at the renewed agitation of the formation as to the nature of General Otis' open door question: He says Russian and American interests in China are the same.

Count Cassini says there is no move in Europe toward intervening in the South would have come to Washington. It is pos- tion to thousands of deadheads who joined African conflict. Careless Use of Nasal Liquids in Treating Catarrh.

Ear Troubles Seem to Be Growing in This Climate.

Many a person has been seriously crippled n the sense of hearing by an indifferent use of so-called catarrh remedies. Before using such a local remedy it would be wisto first learn what will not be accomplished by such an application. Forcing a liquid or any substance into the nose is like pouring water into a sieve. The liquid merely spreads over the floor of the nasal cavities and rolls down on the throat, or out the other nostril, or into the custachian tubes or entrances to the ears.

Forcing diseased mucous down the throat almost wicked, while plugging up the ears s equally reprehensible. We thus see that nothing is accomplished by local treatment There is no question but what catarrh i a deep-scated malady due to lesions of the mucous membrane, not alone of the nasal stomach, kidneys, bladder and bowels These points are all admirably explained it a little pamphlet issued by C. ECZEMA ON FACE

Could Not Go Out. Five Months Under a Physician. Went from Bad to Worse.

Gave Up Hope, Friend Recommends CUTICURA. Change in One Night. Cured One Month.

I was troubled with eczema on the face for five months, during which time I was in care of physicians. My face was in such a condition that I could not go out. It was going from bad to worse and I gave up all hope, when a friend of mine highly recommended Curicuma Rama-pies. The first night after I washed my face with CUTICURA SOAP and used CUTICURA (ointment) and CUTICURA RESOLVENT it changed wonderfully, and continuing the treatment it removed all scales and scales. From that day I was able to go out, and in a month my face July 23, 1898. B12 Stagg St., Brooklyn, N. Y.

For the last three months I have been troubled with an everlasting itching and burning of the skin on my face, and did not know what to do to cure it. I was prevailed upon to try CUTI-CURA REMEDIES. The result was simply won-derful. In one week after using the CUTICURA SOAP and CUTICURA RESOLVENT I was entirely rid of it, and my skin is in a healthy condition.
