Holcomb's Plurality in the State is in Neighborhood of Fourteen Thousand

ONE SURPRISE AMONG LATE RETURNS

Madison County Reverses the Fusion Plurality of 1898 and Lands in the Republican Column. The Bee presents today returns from all

but three of the ninety countles in Nebraska-Antelope, McPherson and Sheridan. On the face of these returns Holcomb's plurality is a little over 13,000. The three | Holt missing counties will be sufficient to bring the total up to the neighborhood of 14,000. Some of the latter counties, Madison for instance, reversed themselves on the vote of last year. This cuts down the estimated Keya Palia. majority of 15,000 made this morning. The official count, which is now proceeding in the various counties, will probably change the figures a few votes in each from the unofficial figures, but the changes will, as usual, be divided about equally and there is no prospect of any material change from the totals given below:

Penalty Inflicted on Five Men for Fighting at Newport Track. CINCINNATI, Nov. 10.—After a thorough investigation into the fight between Curley Brown and Dan Murray Thursday afternoon at the Newport track the judges loady ruled off the turf for life the following persons: II. D. Brown. George Keating, Wilker was implicated in the affair through handing Brown a pair of brass knuckles during the affray. It developed, however, that Brown did not use the weapon given him by Wilker, but struck Murray several times across the head with a chair.

The Keating boys, according to evidence presented, were in the room in which the light took place and prevented Murray from escaping from his assailants when attacked by Brown. Both the Keatings have been employed at the track. Brown is a well known racing man and has been at Newport for several years. This year he has been racing a stable of horaes. He owns three of the fastest sprinters in the west in Merry Day, Gold d'Or and Dolly Wiethoff.

Murray is still in a precarious condition, but the physicians say he will recover. His most recrous injury is a gash in the back of the head five inches long.
