WOUNDED OFFICERS SAID TO BE DOING WELL

Ninety-Eight of Those Injured at Dundee Are Sent in Under Flag of Truce—Enemy's Fire Has Little Effect.

Early Monday morning the enemy opened with shell fire on the town. After a half hour's firing we succeeded in knocking one of the enemy's guns out of action, whereupon the Boers retired. Shortly afterward they received reinforcements from Malmain and again attacked in force, but were again repulsed.

On Tuesday the enemy opened with a heavy shell fire on our Maxims. The enemy was eventually driven back after a very hot engagement, throughout which all our men behaved with great spirit. The casualties on our side were slight. The enemy's loss is estimated at fifty killed besides many wounded.

SHIPPING IS RESUMED

On Thursday shipping was resumed at an early hour. The thirty-five-pounder being again in evidence. Later in the day the enemy to the strength of 2,000, took up a position to the westward with the evident intention of making a general advance when a heavy thundershower broke out, showing that Ladysmith was withstanding a big bombardment. The locality of the town was nothing but a huge cauldron of smoke.

ESTACOURT, NATL. THURSDAY, NOV. 9.

Morning—Heavy firing is now proceeding in the direction of Ladysmith. It began at daybreak. Some reports are so much heavier than any previously heard as to lead to a general belief that the British heavy naval guns are again active.

CAMP FOR NONCOMBATANTS

ESTACOURT, NOV. 8, 10:30 a. m.—(New York World Cablegram—Special Telegram.)—By agreement with Joubert on November 4, wounded men and civilians and the railway and telegraph staff were moved four miles out of town to a new camp. Ninety-eight of the Dundee wounded, including officers, Beckett, Hammersley and Adams of the staff, McClellan of the Eighteenth Hussars, Bouche of the Rifles, Perrean and Dilly of the Dublin Fusiliers, Weldon of the Lancashire Fusiliers, and Major Chichester, the press censor, have arrived at Estacourt.

BOERS ARE AFTER CATTLE

More Effort Made to Round Up Live Stock Than to Capture the City of Diamonds.

CAPTOWN, Nov. 12.—The following telegram, updated, has been received from Kimberley by dispatch rider, via Hopetown: "November 4 (morning).—In yesterday's fight the Boers made their appearance near Carrier's farm. The British opened fire with a Maxim gun, the enemy replying with rifles. By mistake our fire went down into the valley, killing a member of the police and wounding another. The British finally retired on the reservoir, where two guns were brought up to shell the Boers. The result is not yet known.

"Meanwhile some Boers had occupied Kamperdam, firing with one gun on Otto's kopje, but not getting the range, they did no damage. It is believed that six Boers were killed in the first fight.

"The Boers now surround Kimberley in great numbers and are bent on 'lifting' cattle and harassing the British. New alarm signals were sounded at 10 o'clock this morning, the enemy having been sighted in greater numbers and close to our outposts. They fired on a patrol under Major Peckman, which engaged them, but the firing was at long range. The only casualty was the wounding of Major Ayles of the Cape police.

"The enemy 'lifted' forty cattle northeast of the santarium, subsequently firing eight shells in the neighborhood of Feldmark's farm at Kenilworth. They did no damage and retired. Later they fired on a number of convicts who were working near the santarium and eventually went off with a large number of cattle and donkeys.

"The Boers are well mounted and descend from the dips in the veldt they appear and disappear with marvelous rapidity, bent on 'lifting' cattle. The demonstration made

CZAR IN SEARCH OF FUNDS

Nicholas' Call at Berlin Was Said to Be Another Russian Loan.

BERLIN, Nov. 12.—Associated Press is informed on authority that Dr. von Miquel, Russian minister of finance, had a long conference today with Emperor William. It appears that one of the subjects discussed during the visit of Emperor Nicholas last week was the raising of another Russian loan in Germany. Russia having failed to effect one anywhere else in Europe. This explains why Dr. von Miquel was present Wednesday evening, along with Count von Buelow and Count Muraviev, the German and Prussian foreign ministers, at the interview between the czar and his minister.

Emperor William, it is definitely asserted, made no promise to the czar in the matter, leaving it understood that whether the German government would favor another Russian loan here or not depended largely upon Dr. von Miquel's answer today, prepared at Emperor William's request.

In the meantime Dr. von Miquel consulted with the leading German financiers, nearly all of whom discouraged the proposal, as they have been reliably informed that the trans-Siberian railroad is likely to prove far more expensive than is generally supposed. Moreover, a Russian financial crisis is expected soon. Today Dr. von Miquel reported to this effect to the czar and it may be considered certain that the proposed loan here has failed.

CAPTAIN IS KILLED AT SEA

Sailor and Steward Get Schooner Under Way and Head Toward the Nova Scotia Coast.

ST. JOHNS, N. B., Nov. 12.—A murder at sea on the schooner B. Vandenberg of New York was made known today by the receipt of a message from the vessel's mate to the owner's agent in this city. It stated that Captain Baisley had been stabbed by a sailor named Maxwell and had afterward fallen overboard and had died in the ship's boat, which had put off to rescue him. As for the schooner, it had disappeared in the darkness under conditions which made it seem probable that the murderer and the steward, the only men left on board, had gotten the schooner under way and headed it toward the Nova Scotia coast.

The schooner left this port lumber-laden for New York last yesterday afternoon. The tragedy was evidently enacted in the Bay of Fundy within a few hours of the clearing of land.

It is believed that the murderer was Maxwell, who according to the telegram did the stabbing, is also a St. Johns man.

SLUMBERING FIRES IN ORIENT

Uneasy Feeling Exists Regarding the Relations Between Russia and Japan.

LONDON, Nov. 12.—The Shanghai correspondent of the Daily Mail says: "An uneasy feeling regarding the relations of Russia and Japan is spreading here. There is no doubt that Japan is practically allied with China, despite the degradation which the empress dowager inflicted upon the Chinese envoys to Japan on their recent return. This was merely a tactical move with a view to the approaching Russo-Japanese war."

MEDILL WILL CASE SETTLED

Family Contention for Patrimony is Adjudicated to the Disadvantage of the Heir.

TOPPEKA, Kan., Nov. 12.—The state supreme court has confirmed the judgment of the Lawrence county district court in the Medill will contest case, involving an estate valued at about \$100,000. James Medill, the testator, was a member of the early Kansas legislature. He left most of his estate to his daughter, Mrs. Mary Medill, a state legislator, about \$20,000 to his daughter, Mary, \$5,000 to a granddaughter, Fairy Hollingsworth. The will was contested on the ground that the son had brought undue influence to bear on his father and that the latter was not in his right mind when the will was executed.

PETTIGREW'S DEATH KNELL

Sounded by the Recent Elections Held in South Dakota.

REPUDIATION OF THE SIOUX FALLS MAN

Governor Andrew Lee Appears to Be in the Same Boat—Both Are Apparently Hooked to Look for New Jobs.

SIOUX CITY, Nov. 12.—(Special.)—The recent election in South Dakota is generally conceded by those informed to have sounded the political deathknell of United States Senator R. F. Pettigrew of this state. His second term of office, which he now is serving, will expire in 1901, and the general impression prevails that he will be a candidate for re-election. Had the state gone democratic or populist for that matter, Pettigrew still might count himself as being safe. But the way it looks now he stands but little show of getting a third term. Men who a few years ago would have done anything in the world for him, and whom he nearly had wound around his finger, will fight him to a finish in the political arena. He has not supporters enough in his own party to win out, unless there is a great change in the situation between now and next year. The state went republican by a good sized majority, and managers feel confident that it will be repeated next year. The same thing also applies to Governor Andrew Lee, a populist, who won over the republicans next year. The anti-expansion campaign he and Pettigrew have been carrying on has not met with the success anticipated, and they did not succeed in changing the views with reference to the Philippines of the returned volunteers. The fact that they sent a named man Fox to the islands to get campaign material did not help their cause. Still, many of the returned volunteers are still in Pettigrew's publishing letters from volunteers who were sent in confidence and resulted in threatened courts-martial all inured him in the eyes of the people of the state.

Pettigrew's Possible Successor

But while the matter of Senator Pettigrew's political end is under discussion, questions are at the same time being asked as to his possible successor. Who will it be? One of the men most prominently talked of in connection with the place is A. B. Kittredge of Sioux Falls, a man who has been prominent in the state for many years and known to be just as shrewd and clever as Pettigrew. He is a strong republican and stands by the administration and many times is called to Washington for conference about state matters. He is the national committee man from the state and is known in every county and town. But Kittredge says he does not want the job. Still, many of his closest admirers are in hopes he will change his mind before the crucial hour arrives.

Then there is "Bob" Gamble of Yankton, congressman last re-elected and a good, solid republican. It is said that he has the best of his bid for the job. He has many friends, is a loyal public official and fearless in his public utterances. He is against Pettigrewism from every standpoint and this is in his favor and the state now.

Congressman Burke also is talked of for the place, and he too, is a strong republican and in close touch with the administration in Washington. There is no doubt that he would like the office, but the question of getting it is another matter. He has a good record behind him.

DOUBLE MURDER ON A SHIP

Swede Mate Kills the Master and His Wife and Later Comes to Grief.

BALTIMORE, Nov. 12.—Captain McCarthy of the British steamer Trunkly, which arrived today from Santa Cruz, Tenerife, reports that a few days before his arrival at Santa Cruz the Brazilian bark Juliana Schoerer, from Rio Janeiro for Genoa, Italy, put in for provisions. The health authorities asked the master why there were but fifteen persons on board when the articles named seventeen as leaving Rio Janeiro. The captain said the others had died from yellow fever.

When the vessel was released from quarantine and provisioned one of the crew stated to one of the customs guards that the man in charge was not the master of the ship, but the mate, and the mate had murdered the master and his wife on the voyage. The authorities sent boats crews from a small Spanish man-of-war in the harbor to bring the mate and crew ashore. The mate, who was a Swede, had suspected something and armed himself with a revolver and defied the whole of the five boats' crews of the Spanish man-of-war men to take him. The sailors under orders of their officers, frustrated the vessel for five hours, during which time, it is said, 800 shots were fired. The mate was killed at last, having been shot several times. During the time the crew jumped overboard and were rescued by the man-of-war's men.

Before the Trunkly left Santa Cruz the bark was towed up to a berth near the steamer and remained there with a crew of man-of-war's men in which the mate was held as a pirate, but under protest from the Brazilian consul.

The bark had previously hailed from Oporto, Portugal, which name had been painted out. There is no such name as Juliana Schoerer in Loyola's directory. It is a bark Julia III of Oporto and it is probable the murderer had changed the name and nation.

CONSOLIDATE TRUNK LINES

Big Union of Railway Interests is the Latest Combination Reported by the Gossips.

CHICAGO, Nov. 12.—The Chronicle tomorrow will say: John W. Bates, William Edensberg, Isaac L. Wood and John Lambert, the heaviest stockholders in the American Steel and Wire interests, have joined hands with E. H. Harriman and the other members of the Harriman-Gould syndicate in a comprehensive plan of campaign which has for its object the consolidation of the leading trunk railways in the United States. The scope of the plan is said to be not merely one of traffic alliances, but the welding together of actual ownership in a determined effort to unload traffic rates independent of the interstate Commerce commission or other governmental aid.

WOMEN BETRAYED BY SLANG

Western Criminals Are Arrested in New York Through Use of Indiscreet Expressions.

NEW YORK, Nov. 12.—Police Captain Delaney of the East Thirty-fifth street station today arrested three young women, whom he believes to be western women who have been working this city for some time past. They were registered at the station house as Miss Jones, Miss Smith and Miss Brown. They were J. W. Crouch, 22 years old, No. 187 East Ontario street, Chicago; Miss Mary Davis, 24 years of age, Evansville; Miss Nettie Nelson, alias Mrs. Mollie McClure, 26 years of age, West Plains, Tenn.

Captain Delaney discovered the women on last Friday. He was on his way up town in a surface car when he overheard the women telling of their recent coming to this city. They used so many expressions peculiar to the criminal class that he followed them to their boarding house. He had the house watched until today, when he and five other officers surrounded the house and arrested the three women. In searching their belongings, the police found brass knuckles, a watch, a ring, a pair of earrings, and other articles ranging in value from \$10 to \$50. The latter were for diamonds, rings, watches, gold and silver plate. A bottle of "knock-out drops" was also found.

A large number of clippings from Chicago newspapers were found, telling of the arrest and conviction of James Bell, the husband of one of the women, and of crimes of other western criminals.

Nelson questioned at the station house the husband of one of the women, who is Roland, Mo., and the Ray woman said she came from Seaside, Mo. The women were sent to police headquarters as suspicious persons and Captain McClure telegraphed to the Chicago police for full information.

SIOUX CITY, Nov. 12.—(Special Telegram.)—Connected with the arrest of Mrs. James Bell of the trio of western women caught tonight in New York by the police, with evidence of wholesale thefts of clothing and jewelry, is the case of a woman who came from Chicago. Her husband, James Bell, is serving a sentence in Anamosa penitentiary for complicity with James Carlton in a padlock swindle worked here last winter, and Mrs. Bell came here to prevent her husband from being prosecuted. She was known to the police here and it was learned that her associates were all crooks and that she was a clever pickpocket. She went to Sioux Falls and came back with a large amount of money, part of which she used to persuade the police to let her husband go. She came to leave the city and not prosecute, and also bribed the jury. She threw her arms around the neck of the unsophisticated young man and her beauty and her cash determined the jury. She was sentenced to the case came to trial there and was prosecuted, but later Honaker's conscience brought him back. Bell and Carlton were sentenced February 16, Mrs. Bell has been among the crooks of Sioux City, which is one of the worst cities in the middle west, of being one of the smallest pickpockets and confidence women in the country.

STRUGGLE WITH INSANE MAN

St. Louis Woman Has a Horrible Time with Her Crazy Husband.

ST. LOUIS, Nov. 12.—In the grasp of her insane husband Mrs. Ralph Reif of 2336 Clark avenue battled for her life from 7 o'clock Sunday night till 11:30 a. m. Sunday morning. When help was called Mrs. Reif was so weak she could scarcely support herself. She had been kept a prisoner by her husband in their third-story flat for three days. For two days of this time she was without food and there was no one on the same floor but the insane man. He attempted to leave the room her husband would seize her and bring her back.

A tenant on the floor below hearing the disturbance finally called on a passing policeman, who summoned help and then hastened to the woman's relief. Muffled sounds and a woman's moans could be heard as the party reached the third floor.

Forcing open the door Mrs. Reif was found lying on the bed with her husband's hands clutching her throat. She was struggling feebly, but was unable to offer much resistance. Her husband retained his hold until he was pulled away. Reif was taken to the police station and thence to the city hospital, where he was placed in one of the cells of the observation ward. He had been confined in the insane asylum for several months. Three weeks ago he was released at the request of his wife, as it was thought that she was cured.

Reif is a bricklayer. He and his wife have been married two years, but have no children. They lived happily. Mrs. Reif states, until some months ago. Last spring Reif was taken to a building and received an injury to his brain. Shortly afterward his mind gave way and he was confined in the insane asylum. Mrs. Reif is head milliner in one of the leading stores here.

Mrs. Reif said that she had been trying to make herself heard ever since 7 o'clock Sunday night, at that time her husband was violent. He told her that if she attempted to call for assistance he would kill her.

The insane man had been quiet on Friday night and on Saturday slept nearly all day. What he was doing in the evening was a dangerous mood and from then until she was rescued Mrs. Reif spent a fearful time.

SHIP YARD AT THE LAKES

Carnegie Company Takes Measures to Combine with the Rockefeller Steamship Combine.

PITTSBURG, Pa., Nov. 12.—The Dispatch tomorrow will say: The first real entry of Pittsburgh into the construction of large steel vessels on the Great Lakes is about to be undertaken, and with the laying of this step comes the initial move by the Carnegie Steel company to combat the interests of all the available lake tonnage. This is meant by the present election of officers and directors of the Carnegie Steel company at Charleston, W. Va., as was learned yesterday.

H. W. Oliver says: "The new company represents the Carnegie-Oliver interests and its purpose is to establish a ship yard on the Great Lakes. It is to build one-carrier for this interest. This is all that can be definitely stated at this time, as the company has just been incorporated."

The authorized capital of the Pittsburgh Steamship company is \$5,000,000. The principal officers are: Attorney James H. Hoyt of Cleveland, who is acting for the Carnegie-Oliver interests.

CUBANS ADOPT NEW SPORT

Islanders Forsook Bull Fighting, but Insist on Sunday Recreations.

HAVANA, Nov. 12.—The local newspapers object to the criticisms made by some American journals on Sunday racing in Havana. They point out that after mass on Sunday all Latin countries take holiday, and assert that it is the Americans who insist on popularizing the sport as a substitute for bull fighting. Sundays must be devoted to it, because saints' days are kept strictly for religious observance and at no other times are there great numbers of Cubans wealthy enough to forsake business for the sake of pleasure.

The discussion, which urges the high American officers in Cuba to continue to patronize a noble sport, says: "When 7,000 people brave the prospects of a rain such as was before us on last racing day, and when the very best people of Havana, their course is of sufficient proof that the attitude of the American officers is heartily endorsed by our representative society."

Pension for Gomez. The Patria proposes that ten of the leading municipalities should each give General Gomez \$30 a month, as his health is poor and he is in need of funds. The Cuban newspapers are urged to support the proposal, which is "small return indeed for the services of the liberator of Cuba."

At a meeting of the planters' association here yesterday regret was expressed that, owing to a depleted treasury, the association could not maintain in Italy a bureau to promote Italian immigration by issuing weekly bulletins. It was stated that at present most Italians go to Argentine and Brazil, where they have proved desirable acquisitions. So far as the funds at its disposal will allow, the Planters' association will encourage Italians to come here.

DEWEY ACTS AS GODFATHER

Admiral Plays Prominent Part in the Christening of the Child of a Friend.

NEW YORK, Nov. 12.—Nothing more interesting than acting as godfather to the child of the daughter of one of our admirals occurred in the life of Admiral Dewey today. Shortly after breakfast the admiral was joined by his son George and the two left the Waldorf-Astoria. They strolled over to the elevated and took a train for South Perry. Few people recognized them as they walked along the street and there were no such demonstrations as occurred on Friday and Saturday morning, which caused the admiral to announce that he would leave the city unless the enthusiasm was controlled. When they entered the elevated train a number of persons recognized the admiral and his son and passed through the car in which he sat, but did not appear to annoy him.

At South Perry the admiral and his son took a ferry boat for Tompkinsville, S. I. They reached there shortly after noon, and went at once to the residence of Frederick Hartman of St. George. Mrs. Hartman is a daughter of an old friend of the admiral, and the baptism of her son, Frederick, Jr., was made something of a social event.

Mrs. Dewey and an acquaintance of hers from Washington left the apartments in the afternoon, when they went for a drive in Central park and Riverside drive.

CLOSE CONTEST IN KENTUCKY

Second Week of Count is Begun and the Future Governor is Still Subject of Dispute.

LOUISVILLE, Ky., Nov. 12.—The second week of uncertainty regarding the result of the balloting for governor of Kentucky begins with little prospect of immediate relief. The official count has been in progress two days and from a majority of the 119 counties has narrowed the contest down to a nose finish. Both sides claim the election of its ticket, but the estimated plurality of either does not exceed 3,000. While the estimates are not received favor Taylor, the result may hinge on the decision given by the county election commissioners in several places where charges of irregularities are made. One of these contests, that in Nelson county, has been decided adversely to the republicans. It involves 1,118 votes, nearly as many as either side claims as its plurality.

The democrats will contest the votes of some of the mountain counties which return large republican pluralities. The most important county involved is Knott, which gave Taylor 1,358 plurality. There are also contests in three precincts in Louisville which return republican. In any event it is difficult to see how a bitter contest before the legislature and the courts can be avoided. All the contests now being contested will have to be argued before the State Board of Election Commissioners, which must meet at Frankfort within a month. Both sides are preparing for this with all the legal talent at their command. Meanwhile, everything hangs on the official count, which will consume a large portion of the week in Jefferson county (Louisville). The work is especially slow. Only one ward has been completed in the two days' work.

The Commercial tomorrow will print a statement from Chairman George W. Lang of the republican campaign committee, claiming a plurality of 3,111 votes for Taylor. These figures are based on the official returns of 110 county election boards, upon returns signed by the precinct election officers in eight counties, more counties in which the county boards have not furnished tabulation and upon returns in one county in which the election officers refuse to certify to the returns.

The 119 counties giving official returns show pluralities of 27,121 for Taylor and 29,265 for Goebel, a net plurality of 2,144 for Goebel. In the eight counties not yet canvassed pluralities are shown amounting to 6,424 for Taylor and 1,833 for Goebel. The committee claims that these returns have been certified to by the precinct election officers and need only to be tabulated. In the remaining county, Lewis, there is a plurality of 704 for Taylor, but the election officers boldly refuse to obey the law by certifying to their returns.

The Courier-Journal will print a statement from Mr. Goebel at Frankfort declaring there is no doubt of his election, but giving no figures, the announcement being made that no returns have been received since last night, when Goebel's plurality was figured at 155.

Young Republicans at Banquet. KANSAS CITY, Nov. 12.—A social club of young republicans, formed at the Midland hotel here, proposes to give a banquet with 1,000 plates at convention hall in January or February next. The committee to select speakers will arrange for several short talks by members of the club and one speech by an orator of national reputation. An effort will be made to secure Senator John M. Violent Death of Stranger

KANSAS CITY, Nov. 12.—An unknown man met a horrible death just outside the depot yards of the Chicago Great Western railway today. He jumped from a coach of an incoming passenger train and his feet caught in a frog. Wildly catching the bumper bar of the next coach, he was thrown out of the hips and his body fell limp to the ground. The man lived fifteen minutes, dying in a horrible agony. He first gave his name as Ward, then as Robinson, but would tell nothing of himself. He was placed in a coffin and was made out to Frank Robbiss. He was well dressed.

HOT FIGHT WITH REDSKINS

One White Man Killed and Five Dead Dead Navajos as Result of Arizona Difficulty.

FLAGSTAFF, Ariz., Nov. 12.—One white man and five Navajo Indians killed, two whites and one Navajo wounded, was the result of the attempt of a deputy sheriff to arrest a Navajo Indian yesterday ten miles south of Walnut station, news of which has just reached here.

On November 6 a band of six Navajos who were hunting on Canyon Padre, below Anderson Rim in this county, held up William Montgomery, a cowboy in the employ of William Boden, a cattlemen. They accused him of stealing horses and threatened to kill him. He came to Flagstaff and obtained a warrant for their arrest, and, with Deputy Hogan, left to make the arrests. At Boden's camp they were joined by William Boden and Walter Jankus, who were along to show the deputy where the Navajos were camped.

Arriving at the camp the party dismounted, anticipating no trouble. Hogan attempted to execute the warrant and entered a brush corral, where four Navajos were. The Indians made resistance and a shot was fired at Hogan, striking him in the back, he, at the same time, being in a tussle with one Navajo who was trying to shoot him. Hogan drew his pistol and killed his antagonist. The fight became general and when the ammunition of the white men was exhausted, the result is that five Navajos are dead and one wounded. Montgomery was shot through the heart. Hogan was wounded three times, but not seriously.

At a meeting of the planters' association here yesterday regret was expressed that, owing to a depleted treasury, the association could not maintain in Italy a bureau to promote Italian immigration by issuing weekly bulletins. It was stated that at present most Italians go to Argentine and Brazil, where they have proved desirable acquisitions. So far as the funds at its disposal will allow, the Planters' association will encourage Italians to come here.
