ing, but extinguished the fire and saved the building.

The main column marched up the wagon road, but before reaching Tarke died, entering the town on two sides at 5 o'clock without a shot being fired. The insurgents had evacuated the place only a few hours before, setting fire to the railroad station and the rolling stock. They left a guard of 400 men, who, however, failed to make a stand and cover the retreat of the main force of insurgents, as they had probably been ordered to do.

REWARD OF NAVAL HEROES

Admiral Crowninshield Makes a Change in the Portion of His Annual Report Which Refers to It.

WASHINGTON, Nov. 13.—Admiral Crowninshield, chief of the Navigation Bureau, has made a change in that portion of his annual report which refers to the failure of the department's efforts to redeem its promise to reward the naval heroes of the war. The language of the report now stands: "The greatest among these has not as much as the medal which was given to each of the hundreds who shared in a victory won in an hour more propitious for reward."

SHALL CHINESE BE SHUT OUT

Commission Considering Whether Exclusion Should Be Applied to Philippines.

DEWEY FAVORS THEIR ADMISSION

Question Involves to Some Extent Inquiries United States Is Making of Powers Regarding "Open Door" Policy in China.

WASHINGTON, Nov. 13.—Whether the Chinese exclusion law should be applied to the Philippines is among the subjects engaging the attention of the Philippine commission. Considerable evidence has been collected and besides presenting this testimony with their full report it is expected that their recommendation will be made, which will have considerable influence in shaping the course of this government and the nation at large.

It is understood that two members of the commission, Messrs. Dewey and Worcester, have expressed themselves as favorable to an application of the Chinese exclusion act to the Philippines. From the fact that General Ota has issued an order for Chinese exclusion it is assumed that his voice, as a member of the commission, also would be for Chinese exclusion in the Philippines.

The position of Admiral Dewey, however, is understood to be favorable to Chinese admission. While this personal view of the admiral has been expressed to the commission, it is not clear whether he will give it official expression in case all his colleagues on the commission favored a recommendation of exclusion. The attitude of President Schurman has not been made known even in an informal way.

WANT PENSION LAW REVISED

Grand Army of the Republic Committee Calls on President McKinley with a Request.

WASHINGTON, Nov. 13.—The committee on pension legislation appointed at the recent encampment of the Grand Army of the Republic at Philadelphia called at the White House today and presented to the president the report adopted at the encampment asking for the modification of certain regulations relative to pensions. The committee consisted of J. B. Conroy, of Zanesville, O., chairman; General A. D. Shaw, commander-in-chief; Major J. W. Burt of Sycamore, Ill.; General Daniel E. Sickles of New York; Charles Clark Adams of Boston and Past Commander-in-Chief John M. Palmer.

The report asks the president if he deems it within his authority so to do, to issue an executive order to the effect that in determining the pensionable status of a soldier and in fixing his rate of pension the several disabilities which he may have sustained shall be grouped and taken into consideration. The report further asks the president to direct that the practice of refusing pensions to widows of soldiers who have incomes of \$96 a year or more be discontinued and that the limit of income in such cases shall be \$100 a year.

The committee was with the president for more than an hour and a half. The committee stated that M. Evans, the commissioner of pensions, was heartily in accord with the suggestions, he maintaining, however, that the remedy lay entirely with congress, as in his judgment the existing pension laws did not warrant such extension. The president listened with great attention to all the committee had to say, and in conclusion assured them that their remarks would have the fullest consideration.

CONFIRM FALL OF CABELLO

Telegram to State and Navy Departments—Naval Surgeons Attend Wounded.

WASHINGTON, Nov. 13.—Both the State and Navy departments have received reports concerning the surrender of Parades at Puerto Cabello, Venezuela, yesterday. The State department dispatch is from Minister Loomis at Caracas. It is as follows: "After eight hours' fighting Castro's army took Puerto Cabello this morning. Killed and wounded aggregate 300. Surgeons and hospital corps from foreign cruisers attending wounded. Local facilities inadequate. Castro holds every port and place of consequence in Venezuela."

The Navy department's report comes from Commander Hemphill of the Detroit, which is now at Puerto Cabello. It is dated last night at 9:35 and reads as follows: "Severe fighting since Saturday. About 300 killed on both sides. Parades surrendered his final position to Castro's force Sunday morning."

INQUIRY INTO CORPORATION LAWS.

Testimony About New Jersey and West Virginia.

WASHINGTON, Nov. 13.—The industrial commission today heard testimony bearing upon the corporation laws of the states of New Jersey and West Virginia. C. H. King of Jersey City, representing the New Jersey corporation agencies, stated that his company represented several hundred corporations which were registered in his office. He declined, however, to give a list of the companies. Mr. King attributed the popularity of New Jersey for the incorporation of trusts to the effect that the state granted a more liberal charter than do most other states. He thought, however, that under the New Jersey laws not only the stockholders but the public as well were amply protected.

A. P. Nevin, a New York attorney, who represents several corporations originating in West Virginia, detailed at length the provisions of the West Virginia corporation laws. He said that companies incorporated in that state were not required to keep open a book or to have on file with some of the state a duplicate list of stockholders.

Colorado: Original—Albert Tracy, Dallas, \$6; John G. Lewis, Salt Lake, \$6.

Storing of Flood Waters.
WASHINGTON, Nov. 13.—The question of storing flood waters for irrigation purposes, which is being generally discussed at this time throughout the west, has brought in so much correspondence to the Geological Survey that Frederick Newell, the hydrographer, has issued a circular setting forth what has been done in the way of govern-

ment surveys and the attitude of the government toward the building of storage reservoirs. The circular says that a large number of reservoir sites in western states have been surveyed and reserved and that many of them are estimated to cost of construction have been prepared and plans drawn, to afford an accurate basis for "appropriation for construction." The circular states that the officers of the survey have no concern with the question whether these reservoirs are to be built by private capital or public funds.

Chilean Claims Treaty Amended.

WASHINGTON, Nov. 13.—The United States minister at Santiago has informed the State department by cable that the Chilean legislature has passed a bill providing for a renewal of the Chilean claims commission. Unfortunately, however, the Chilean government amended the treaty at two points, but they will require the return of the treaty to the United States and its resubmission to the United States senate for ratification.

Recess for Supreme Court.

ARREST IN ELECTION CASE

Deputy Coroner Salter of Philadelphia, Charged with Fraud, Surrenders Himself.

PHILADELPHIA, Nov. 13.—Deputy Coroner Samuel P. Salter, who is involved in the alleged election frauds in the Thirteenth division of the Seventh ward, and for whom a warrant had been issued, surrendered himself today. He entered \$1,000 bail to appear for a hearing this evening.

The warrant charges Salter with conspiring with others to procure and cast fraudulent ballots and make false returns at the recent election. Salter's arrest is the result of the hearing last week of five alleged repeaters, who are said to have been brought to Philadelphia by the attorney general, Rodgers of the capitol police and who are now under trial. At this hearing George Kirkland, one of the defendants, who acted as minority inspector on election day, testified that under Salter's direction he assisted in depositing 200 ballots in the box before the polls opened. He also testified that only 124 legal votes were cast in the division, while the returns showed 233, of which 332 were given to Barnett, the republican candidate for state treasurer, and only five for his democratic opponent, Thomas J. Ryan, candidate for city commissioner.

Salter was given 145 votes in the returns for the division. Bail was also entered today in the sum of \$1,000 for Joseph Rodgers, lieutenant of the capitol police, and Clarence Meeser, another of the alleged repeaters. Neither of the men could be found and bail was not taken for them. A. P. Sizer, a member of the state legislature.

The warrants for Rodgers and Meeser were issued after the hearing of the five Washington men, Rodgers and Meeser will be given a hearing on Thursday, when Deputy Coroner Salter will be arraigned.

FIRE RECORD.

Harvard Scorching.
HARVARD, Neb., Nov. 13.—(Special.)—At 3 o'clock yesterday morning fire was discovered in the store room of St. B. Jones, a grocery store, and before the fire could be extinguished the building and stock were a total loss. The adjoining store room was occupied by H. C. Stokes as a drug store and telephone exchange and residence in the second floor. The building was saved in a much damaged condition with some of the stock, but the household furniture is a complete loss.

Mr. Stokes' loss will be largely covered by insurance, both on building and stock, but the \$500 insurance on furniture will not more than half cover the loss. The building occupied by Mr. Jones was with some of the stock owned by T. A. Barbour was insured for \$600.

Loss of \$20,000 at Wilber.

WILBER, Neb., Nov. 13.—(Special.)—Saxe, Prokop & Co.'s store was completely destroyed by fire Sunday morning. The loss is estimated at \$20,000, with \$12,000 insurance.

OTHER CITIES JOIN ST. LOUIS

Complain of Discrimination in the Fixing of Western Freight Rates.

PACIFIC COAST ROADS ARE DEFENDANTS

Hearing at St. Louis Before Interstate Commerce Commission—Chicago, Minneapolis, St. Paul, Kansas City Enter Complaints.

ST. LOUIS, Nov. 13.—The Interstate Commerce commission began the hearing today of the complaint of the St. Louis Business Men's league against Pacific coast railroads and their connections in the matter of discrimination against St. Louis in the fixing of freight rates. Of the commission only four members were present—Chairman M. A. Knapp, C. T. Proby, J. D. Yocumans and J. C. Clements, Ex-Governor Joseph W. Fifer of Illinois, who was recently appointed a member of the commission, is here, but has not been sworn in.

All the defendant roads were represented by counsel, as were also a number of cities other than St. Louis, which desired to join with it in the complaint of freight rate discrimination.

H. S. Christy and Hon. W. J. Calhoun, a former member of the commission, appeared as counsel for the Business Men's league. A delegation from Davenport, Ia., was present, consisting of G. S. Baker, G. B. Home, E. M. Sharon, J. S. T. Jackson, G. W. Scott, A. G. Goldschmidt, M. L. Works and Lon Bryson.

Attorney E. S. Pillsbury read a lengthy petition of intervention on behalf of the Pacific Coast Merchants' and Manufacturers' association, who desired to join with the railroads in replying to the complaint.

Other Complaints Are Filed.
On behalf of the plaintiff's contention petitions of intervention were filed by the Chicago Merchants' association, the merchants and manufacturers of Milwaukee, the jobbers and shippers of St. Paul and Minneapolis, the Kansas City Transportation bureau and the Commercial club of St. Joseph, Mo. After Attorney Christy had read the complaint, A. J. Vanlandingham, commissioner of the Iowa Trade bureau, was placed on the stand as the first witness for the plaintiff. His testimony was largely technical.

From existing tariffs he showed how the middle west was being practically excluded from Pacific coast territory because of discrimination in rates. This points he endeavored to show were that unreasonable differences exist between carload and less than carload class and commodity rates and that there were such variations in less than carload rates on hardware and other articles that St. Louis and middle western jobbers could not ship such freight to the Pacific coast at a profit.

At the afternoon session Mr. Vanlandingham resumed his direct testimony. He said he believed in the tariff of June, 1898, was adopted as the result of some kind of an agreement between the railroads interested and the jobbers of the Pacific coast, and cited testimony given at a St. Paul meeting in support of his belief. He did not know of his own knowledge that such an agreement had been made, but he had heard references to "a contract."

Attorney Harrin for the Southern Pacific conducted the cross-examination. He could not shake Mr. Vanlandingham's testimony that in his opinion something besides a mere question of meeting of rail and water competition had entered into the framing of the present tariff schedule.

Judge Sevens' Decision Upheld.

CINCINNATI, O., Nov. 13.—In the case of the East Tennessee, Virginia & Georgia Railway against the Interstate Commerce Commission the United States circuit court of appeals affirmed the decision of Judge Sevens in the circuit court involving the controversy between Chattanooga and Nashville under the long and short haul provision of the interstate commerce law. Charges were made against the Louisville & Nashville and other railroads that there were discriminations in favor of Nashville on through eastern freights, although that city was 160 miles farther away from the Atlantic seaboard than Chattanooga. The decision is regarded as an important precedent on the short haul requirement.

PRESBYTERIAN HERESY CASE

Prof. McGeiffert of Union Theological School Must Defend His Views at General Assembly.

NEW YORK, Nov. 13.—The case of Prof. Arthur McGeiffert of Union Theological Seminary, who is charged with holding views at variance with the doctrines of the Presbyterian church, came before the presbytery today and was referred to the general assembly.

A committee was appointed last June to confer with Prof. McGeiffert and prevail on him to withdraw from the church or modify his views. Meetings have been held, which Prof. McGeiffert attended, but he steadfastly refused to recede from the stand he had taken on the matter, saying that he had been misunderstood. The general assembly prepared expressly for Prof. McGeiffert's case an outline of the fundamental principles of the church. These were:

1. That the statements of the holy scriptures are absolutely truthful, free from error when interpreted in their natural and intended sense.
2. That in Jesus Christ there were two whole and distinct natures, the godhead and the manhood being inseparably joined together in one person without conversion and confusion, so that He was in no particular liable to error.
3. That the Lord's supper was instituted by the direct and personal act of Jesus Christ to be observed by His church unto the end of the world.

It is only the last of these statements that Prof. McGeiffert accepts as it stands. The committee to whom the matter was referred was composed of Dr. Robert Sample, chairman; Dr. John B. Shaw, Rev. Dr. R. Booth and Rev. Dr. John C. Dills, and the following elders: William Masie, Ocar E. Boyd and Titus B. Meigs. Mr. Boyd was the only one of the committee absent at a meeting of the committee held just prior to the meeting of the presbytery. The report was voluminous, its essence was that the case should be referred to the general assembly which meets in St. Louis next May.

The report was accepted and ordered printed for private distribution among the members of the presbytery and made the order of the day of the December meeting. At the conclusion of the reading of the report Prof. Francis Brown, Dr. Howard Agnew Johnson and Rev. Dr. Henry Van-

dyke read suggestions in which it was advised that the controversy over Prof. McGeiffert be dropped. Dr. Johnson's paper was heard first, then Prof. Brown's and Dr. Vanduyke's and they were in substance alike. Dr. Vanduyke said that while a majority did not agree with Prof. McGeiffert, the wisdom of a heresy trial was doubtful and might result in harm to the Presbyterian cause. In view of preparations for a series of Presbyterian revivals in this city this fall and winter the postponement of the discussion of the subject and the reference to the general assembly were thought desirable.

SOUTH DAKOTA NEWS.

Figuring Up Republican Majority.
SIOUX FALLS, S. D., Nov. 13.—(Special.)—The election returns are practically all in and Chairman C. N. Herriell advises that the republican majority will not be less than 6,000. This is a conservative estimate and although not as high as the first estimates were a good, substantial victory. A particularly hard fight was made against Judge Fuller, but Fuller only falls behind the rest of the ticket about 800 votes.
