Bullish Sentiment Emphatic in Wheat Market Throughout the Day.

MAY CLOSES HALF A CENT HIGHER

Light Receipts, Rain in Argentina and Liverpool's Firmness the Cause_Corn, Oats and Provisions Advance.

CHICAGO, Dec. 8.-Wheat ruled strong today, supported by light receipts, rain in Argentina and the firmness of Liverpool. Staple and Fancy Produce. May closing %@1/c over yesterday at 101/40 Otic. May corn closed %c and May outs a shade higher. Provisions, strengthened by good shipping demand, were strong, closing May lard and ribs and 20c

higher for May pork. In the face of light receipts, the firmness Liverpool occupied second place as a factor in the strength of the wheat market showed a gain over night of 4.64 Commission houses were in the pit with a pientitude of country orders, but these were mostly for small lots. Their buying, together with purchases made for the short account, was sufficient to boost the price, the ascent early carrying May to 70% C. Bullish sentiment was emphatic and aside from pushed the price back for slight losses, there was nothing influential enough in the statistics to depress the market. Early statistics of a bullish nature were reinforced later by confirmation of the report of rain in the Argentine republic, where the inactivity of trading was due principally to the disposition of traders to await some fresh inspiration or greater stress on previously existing supporting features. May at the close was %40% cover features. May at the close was %40% cover features. May at the close was %40% cover features. New York reat the opening, when May, at 695,6070c, showed a gain over night of 14,604c. Com-

of rain in the Argentine republic, where harvesting is on.

The inactivity of trading was due principally to the disposition of traders to await some fresh inspiration or greater stress on previously existing supporting features. May at the close was \$40 to over yesterday at 70 to 10 to ern receipts were 680,000 bushels, against 1,408,000 bushels against 1,408,000 bushels ayear ago. Minneapolis and Duluth reported 490 cars, against 929 for two days last week and 857 the corresponding day last year. Local receipts were fifty-two cars, eight of contract grade.

Corn was firm, for which thanks were due to the wheat market, although reports of

to the wheat market, although reports small country acceptances to last night's bids came in according to recent habit. The bids came in according to recent habit. The shipping demand was slow at the rail tar-lifts and the market was dull-almost completely in the hands of local dealers. Clearances were 362,000 bushels and local receipts 293 cars. Primary points reported receipts of 356,400 bushels, compared with 523,800 bushels last year. May ranged at from 32%c to 33c, closing firm, 3c over yesterday at 33c.

at 33c, closing firm, %c over yesterday at 33c.

Gats was firm, because the other grain markets were. The cash inquiry was anything but clamorous. Clearances were 48,000 bushels and receipts were 193 cars. May sold at from 24c to 24\cdot 43c.

The provision market was broad and strong—more like an outsider's market than anything seen here in weeks. The advance was in spite of liberal hog receipts, the expection demand from the outside overcoming all conditions of a depressing tendency. The opening was firm and the advance firmly maintained on an active market. May pork ranged from \$9.82\cdot to \$10.02\cdot and closed 20c over yesterday at \$10. May lard at from \$5.47\cdot to \$5.55\cdot 5.57\cdot closing 7\cdot 60c bigher at \$5.52\cdot 6.55\cdot 6.57\cdot closing 7\cdot 60c bigher at \$5.52\cdot 6.55\cdot 6.

plained. The bears selzed the occasion to aggravate the situation by setting affoat a story that "the associated banks of the United States," whatever that might mean, had loaned the Bank of England \$20,000,000. No basis could be found for the story, but its inherent improbability did not prevent it having considerable effect in aiding the demoralization.

The hardening of money in Berlin and Paris and the heavy loss in gold by the Bank of England for shipment to South Africa were evidences of the constriction of the money supply abroad. This was sufficient to keep the sterling exchange rate firm in spite of our own stiffening money rate, but there was a significant decline in the rate of exchange on Paris in response to London's measures to shift pressure upon that center.

Shoe and Leather Review.

CHICAGO, Dec S.—The Shoe and Leather Review of December 2 will say: The western packers are clorely sold up on branded hides and have practically nothing to offer for immediate delivery except a few native stern hides at 14e and a slight accumulation of native cows, for which they ask 12½c.

During the week native steers sold at 14c.
Texas at 134c, 12½c and 12c for heavy. Iight and extreme light, but the branded sold at 12½c and some Colorados were let go at 12c.

in this morning, but a portion of the feelpts consisted of feeders, so that the offerings of fat sheep and lambs were far from large. The market did not show any material change. Fat stuff was just about steady with yesterday and as the demand was good the supply was exhausted early in the morning.

There was no very active demand for stock or feeder sheep and the market on that kind of stuff was slow and weak.

MORE WAGES FOR THOUSANDS

West Virginia Miners and Georgia Mill Workers Get Substantial Increases in Pay.

INDIANAPOLIS, Ind., Dec. 8 .- The United Mine Workers' association has received notice of an advance of 15 per cent in wages in the Fairmont, W. Va., coal region by two of the largest operators in the state. This is the second increase within three months. Other West Virginia operators, it is said, will follow. AUGUSTA, Ga., Dec. 8 .- At a meeting of

the mill managers of the Augusta Manufacturers' association today the association increased the wages of operatives 10 per cent, the new schedule to take effect January 1. The advance will affect nearly \$,000 operatives. SPRINGFIELD, Mass., Dec. 8 .- Announcement was made of a 10 per cent in-

crease in the wages of the mills of the Boston Duck company, to take effect December 8. This includes the Otis company mills at Palmer, employing 2,000 hands; the Warren mills, 500 hands; the Thorndike mills, 500; the Three Rivers mills, 650, and smaller BOSTON, Dec. 8 .- The executive commit-

tee of the American Woolen company voted today to make a general increase of 10 per cent in wages of employes. The increase will effect mills in all sections of New England and will benefit 26,000 hands. The ad-

vance will take effect January 1. The increase affects 26,000 persons, employed in twenty-five mills throughout New England, and will, it is said, contribute to the welfare of about 100,000 people.

GLASS TRUST BEGINS A WAR
