ANSWERS BRIGHAM ROBERTS

Gentile Delegation from Utah. Now at Washington, Issues an Address.

SENTIMENTAL PEOPLE BEING MISLED

Gentiles Assert Roberts Has No Claim on Sympathics of the People Because He Knowingly Violates the Law.

WASHINGTON, Dec. 8 .- An answer to Brigham Roberts' address to the "American unlawful people" was made today by a delegation representing the Gentile element in Utah, who are here to oppose Roberts. The an-

In this morning's papers Mr. Roberts makes an appeal for sympathy in which are many statements needing correction, while many facts are suppressed.

In other states men who flaunt their violations of the law of decency before the public are sent to the penitentiary. It is only in Utah where such indecency is added to one's cligibility to political prefadded to one's eligibility to political pref

added to one's eligibility to pointed preerment.

Mr. Roberts claims that whatever were
his civil disabilities before statehood, they
were removed by the adoption of the state
constitution. At the time of the passage
of the enabling act Mr. Roberts was, as
he seems in his appeal to admit, disfranchised by act of congress, and therefore
not a full citizen of the United States, as
by the constitution he must be to become
a member of congress; then he is still in
the same condition, because the constitution of Utah could not restore him to federal citizenship and the enabling act did eral citizenship and the enabling act did relative to the manner in which the charges

Mr. Roberts says he has not been con victed since statehood, but it does not follow that he is innocent. He is now a fugilitive from justice in Salt Lake county on a charge of unlawful cohabitation, and in Davis county, Utah, where resides one of his polygamous wives with her illegitimate twins, born August II, 1897, a charge of adultery (a felony under the laws of Utah) has been for two months pigeonholed by a Mormon prosecuting attorney.

Mr. Roberts in his attempt to belittle his crimes insists that he is only charged with a misdemeanor. He knows better. He knows that he had been under oath and before the proper prosecuting officers, charged with the felony of adultery as well as the misdemeanor of unlawful cohabitation. of No announcement was made except that

Many sentimental People Misled.

Many sentimental people are being misled by Mr. Roberts' very ingenious suggestions, by which some people infer that he took his polygamous wives before he knew it to be unlawful. This is a mistake. Adultery was a crime in Utah when Mr. Roberts was born, and at the time of the Cullom anti-polygamy act Mr. Roberts was only 6 years old. His plea for sympathy therefore amounts only to this, that he should be allowed to continue his criminal practices netwithstanding he took his AMERICAN FRUIT IN BERLIN should be allowed to continue his criminal practices notwithstanding he took his polygamous wives in defiance of law. We domand that he should support his families, but also demand that he shall cease the begetting of further illegitimate off-spring, and this is our only bone of contention, the only thing demanded which he refuses to yield. In this matter we disclaim any desire to have him declared incligible because he is a Mormon, but solely because he is violating the laws of Utah, and of the United States and of common decency.

cency. Former Congressman W. S. King was and is a Mormon and no claim of ineligibility was ever made against him. We point to this act as showing that we oppose Mr. Roberts not on the ground of any real opinions entertained by him, but because of his criminal practices. Neither is this a matter of religious or political persecution or prefudice. The undersigned include men of different churches and men who belong to no church, those who are republicans and those who are democrats. Mr. Roberts deries and we assert that the compact be-

and those who are democrats. Mr. Roberts denies and we assert that the compact between Utah and the other states has been violated. That compact was evidenced by many public acts, as follows:

First-By the manifesto of the Mormon church in 1830, which by their leading men was interpreted under oath to prohibit the continuance of polygamous relations as well as contracting of new marriages.

Second-By the Utah lerislature, which in 1892 made unlawful cohabitation as well as polygamy crimes against the territory. Third—By the solemn pledges of the apostles of this alleged church that these laws would be obeyed and enforced, which pledge was made in a petition to the president praying for a general amnesty proclamation.

Fourth By the declarations made by prominent clizens of Utah before the con-gressional committee having the enabling act under consideration, where also the

act under consideration, where also the foregoing evidences and statements were used to secure statehood. Fifth—By the declaration in the constitution of Utah, that polygamous marriages shall be forever prohibited.

Sixth—The act of the constitutional convention continuing in force the territorial laws punishing untawful cohabitation as well as polygamy, of which convention Mr. Roberts was a member.

All these public acts combined show conclusively that the compact includes the discontinuance of old polygamous relations as well as the prevention of new ones.

Exidence of Braken Compact.

Evidence of Broken Compact. As evidence that this compact has been broken we point to the following:
First-That in Utah 1.000 illegitimate children have been born to polygamous wives

Green have been born to polygamous wives since statched.

Second—That about 2000 polygamous households now exit in Utah and that the attempt to secure a punishment of these offenders is denounced by the majority, as we believe, of Utah's citzens.

Third—That the circumstantial evidence unmistakably points to the existence of new wives in polygamous households, the most conspicuous examples of which are the cases of Apostles Abraham H. Cannon, John Taylor and Apostle Tensdale, in at least the first of which the church organ of the dominant church refuses to deny the evaringe and the new polygamous wife is exampled as a teacher in a church academy. Fourth—That the very men who interpreted the manifesto of 1520 to prohibit unlawful cohabitation with prior acquired wives now publicly lustify its continuance.

Pifth—That most of the same men, who in a petition for simnesty piedned their saccred honor for the obedience of the law by doubt. The liberal party under Thomas Greenway has been in power for many

A Michigan Miracle

Many things appear miraculous that are really the result of natural laws, the workings of which can be accurately predicted. A striking example of this occurred in a prominent Michigan family recently, and there can be no question as to the truthfulness of the narrative since it is attasted by Mrs. Harriet Begole, of Ypsilanti, Mich., a sisterin-law of Mr. Joshua Begole, who was Governor of Michigan in 1883-4. Mrs. Begole said:

They diagnosed my case as partial paralysis, stating that the left side of my throat was entirely paralysed, the right side partially so, For nearly eight years I have suffered from a severe stomach disorder and about a year ago I decided to try Dr. Williams Pink Pills for Paic People.

"My stomach trouble was releved, my general health became greatly Improved and to my surprise I regained control of my vocal organs. I have used five boxes of the pills and last November I apoke aloud for the first time in almost 18 years. I am now 71 years of age and lave full control of my voice.
