## WELSBACH PATENT SUSTAINED

**%~~~~~~** 

The United States Circuit Court of Appeals, in its opinion of Dec. 7, 1899, finally and fully sustains the Welsbach Company's patent. Dealers and users and manufacturers are cautioned against infringement of the Welsbach patents. Judge Lacombe in the United States Circuit Court handed down the following opinion Saturday. December 9th, 1899. On motion to restrain complainant from sending circulars to the customers of American Incandescent Lamp Co.:

Lacombe, circuit judge. Irrespective entirely of the preliminary objection that affirmative relief of this sort will not be granted to defendant, a question not now passed upon, there seem no good grounds for criticism of complainant's circular. It states that Judge Townsend enjoined the "manufacture and sale" of infringing mantles, and he did grant such an injunction. And this court has enjoined the sale of mantles which the person enjoined did not himself manufacture, when his past conduct in the matter of infringement created a special equity in favor of the complainant against him. It is true that the circular goes further and threatens suit against persons who sell mantles, but who never have been at all concerned in manufacturing or causing them to be manufactured. In other words, it threatens suit upon the patent as if it were a patent for a product. But the complainant insists that the threat is made in good faith; that it intends to bring suits against sellers of the infringing mantles upon the theory that the patent is really one for a product. In view of the peculiar language of claim this court is not now prepared to hold that such contention would be wholly without merit, or that the complainant could not succeed against a mere seller. Moreover, it is contended that the seller of a purchased mantle himself promotes the taking of the final step in the process and such contention has not yet been passed upon adversely to complainant. These are questions which should be left to be determined in one of such suits, rather than here. If complainant intends to prosecute one or more sellers, and there is nothing before the court to induce a disbelief in its assertion that it does so intend, it would seem to be its proper course to warn dealers to desist from selling.—Dec. 9, 1899.

estraining orders recently issued in the United States Circuit Courts against: The United Incandescent Light Company, St. Louis Incandescent Mantle Company, Eckerle Electrical Company, H. Kupfer, The Newby Incandescent Mantle Company.

> All infringers will be prosecuted, whether manufacturers, dealers or users.

o the Public: Avoid liability of infringement-take nothing but the genuine-always in sealed boxes bearing our registered trademark, "Welsbach."

Welsbach Light Co.

# Who has Calarrn?

O those who know what Catarrh really is, the old-fashioned way of treating it, still used by thousands who cling to old methods, seems a woeful waste of good energy. Catarrh is inflammation of the

mucous membranes of the nostrils, throat and air passages. It needs soothing, not irritating. The constant hawking, the choking, plugged-up, disagreeable sen-

sation of tightness - troublesome especially in the early morning, when the cold air contracts the air passages and irritation immediate membranes—is relieved immediately by the simple application of passages and irritates the inflamed membranes—is relieved immediate-

## OZOJELL

sore - it Soothes, Relieves, Cures.

The catarrhal discharge is like the pus from a running sore, and everyone knows that washing a sore is not sufficient to make it heal. Ozojell, a delicious, pleasant emulsion or jelly of great cleansing, healing, preservative, germicidal properties, when once applied, remains on the raw membranes and gradually draws out the matter and heals up the wound by promoting the growth of new, healthy membrane. Ozojell is put up in a patent Ozojell tube, easily carried in the pocket, easily applied to the parts as needed, in the office, on the street, without

attracting attention, and with no irritation, trouble or waste of time. It is sold by all druggists in 50 cent patent Ozojell nasal tubes. Prepared from the formula of the celebrated Vienna physician, Herr Muller, the great specialist in diseases of the ear, throat and nose (Physician in Ordinary to the Emperor of Austria).

Thousands of letters from those who have been cured attest its virtues.
