BARBERS WANT STATE BOARD

Men Who Shave for a Living Want to Have Their Business Regulated.

OUTLINE OF A BILL ALREADY DRAFTED

Measure Will Be Presented to the Legislature at Its Meeting Next Month—Some of the Provisions of the Bill.

The barbers of Council Bluffs, following the example set by their brethren in Nebraska and other states, want a State Board to control their business so that none but a person having a certificate can pursue the business of barber. Section 2 provides for the appointment by the governor of a Board of Examiners, which shall consist of three barbers and one physician. This board shall meet and hold examinations at least quarterly each year and shall have authority to make such by-laws as it deems advisable and shall prescribe the qualifications of a barber in the state of Iowa. The bill will not materially affect those barbers at present paying their trade except requiring them to pay \$1 for a certificate, as section 4 provides that every barber now practicing in the state shall be allowed to continue doing business until the expiration of \$1 to the secretary of the board receive a certificate. All others wishing to engage in the barber business will have to pass an examination, paying therefor a fee of \$5.

WEDDING AT COUNCIL BLUFFS

Miss Rose and Miss Florence Leach, Thursday evening, the H. T. F. G. club gave a farewell feast to Miss Shirley Moore, who leaves shortly for Minneapolis, where she will attend school. TELL OF BURTON'S ACTIONS

Enlightened Men of His Company Sign a Public Statement.

CHARGES OF COWARDICE ARE REPEATED

Twice He Ran Away from the Fighting Line—Found by Colonel Miller Hiding in a Ditch.

VILLISCA, Ia., Dec. 30.—(Special Telegram.)—Villisca papers today contain a statement of the Captain Burton matter, giving the enlisted men's side of the case. In this statement, which occupies nearly two columns, they set into details of the captain's record. After the battle of Calumet, April 25, charges were drawn and signed by every member of the company that could be reached. These charges contained a number of items, one in particular alleging cowardice. Burton did not deny the charges and the company asked that they be investigated. Burton asked that the charges be withdrawn and he would resign and stay away from the company pending the acceptance of his resignation. Through the persuasion of Lieutenant Colonel Miller and other officers the company finally agreed to this proposition. Burton left the company and went to Manila and, so far as the records show, remained away for nearly two months, during which time most of the fighting in which the company engaged occurred. From the time Burton left the firing line until September 8, when the company left for Manila to come home, he was not in command of the company nor did he take part in the fighting, with the exception of a few hours on July 11, when Lieutenant Baker was in the hospital. May 1 Captain Burton was relieved of his command by regimental order, Lieutenant Baker succeeding him as acting captain. Baker drew a captain's pay until June 28. On that date Burton was restored to the command, but through an understanding with the officers his duties were practically confined to signing reports and other clerical work. During this time the men absolutely refused to take orders from him. Found Hiding in a Ditch. Regarding the charge of cowardice, the soldiers say that at the battle of Calumet several shells from our own artillery burst near the company, upon which the captain ran away to a place of safety, leaving his men to take care of themselves. Again at Pullman, during the fighting, Burton was discovered by Colonel Miller hiding in a ditch at least 100 yards to the rear of his company. Miller scored him for being away from his company. The proof of these charges made in the published statement, the soldiers assert, can be shown by the official records. The enlisted men were led to make this public statement because of the newspaper stories which have evidently been printed at the instigation of Burton, claiming that he has been grossly misrepresented.

SMALLPOX STILL SPREADS

Eight New Cases and One Death in Worth County—Happening at Des Moines.

DES MOINES, Dec. 30.—(Special Telegram.)—Eight new cases of smallpox have been reported to the State Board of Health by Dr. C. W. Sanders of Manley this morning. These cases are in Danville township, Worth county, and one death has resulted. Two cases were reported from Swca City, Kosciusko county, the county east of Worth. The disease now exists in Worth, Kosciusko, Monroe, Buchanan, Linn and Biema Vista counties. The patients are about recovered in the last four counties. At the rate at which the disease has been spreading and considering that this is the best time of the year for it to work its ravages, it would not be surprising to the health authorities if the epidemic is not driven out of the state before summer. R. R. Currier of Fort Madison has filed an injunction suit against Warden N. N. Jones of the penitentiary at Fort Madison and the members of the State Board of Control. He says that the penitentiary officers have destroyed a fence on his land, which adjoins the prison, and treated him with personal violence when he attempted to erect it. Although behind steel bars, an unfinished jail sentence yet to serve and several years in the penitentiary at the expiration of the jail confinement hanging over him, Tom Clark, a well known inmate of the penitentiary of this city, outwitted the sheriff and was married to Yetta Page, a former inmate of the Mitchellville reform school, and one of the girls who took part in the recent riot at that institution. Yetta is a white girl and it was during her incarceration in the Cook County jail that she met Tom Clark, who first had his inception. Tom at that time was a sort of trustee, and found employment in the kitchen. The mercury went down to 5 degrees below zero last night, was near zero all day and tonight promises to go still lower. Several weather reports from all parts of the state.

FOUL ASSAULT AT SIOUX CITY.

John E. Robson Attacked and Nearly Killed by a Robber.

SIOUX CITY, Dec. 30.—(Special Telegram.)—John E. Robson, one of the most prominent building contractors in this part of the country and one of the builders of the superstructure of the big combination bridge at Sioux City, was found assaulted in his own office in Sioux City at 11 o'clock last night and he may die from the injuries received. The deed was committed by a burglar, who was surprised at his work by Mr. Robson, who had gone to his office to write a letter. With no suspicion of impending trouble Mr. Robson pushed in the door of his office for himself until 6:30 o'clock this morning, when he was discovered by a watchman, who, noticing the door of the place was open, went in to investigate. Mr. Robson was barely conscious when he was found. There is a gash in the head about four inches long. There is a crack in the skull about two inches long and the injury extends into the brain. No clew to the identity of the assailant has yet been found. The robber secured \$100 from the safe.
