Pastor Savidge of the People's Church Plans for a New Edifice.

Physical, as Well as Spiritual, Needs of Men and Women to Be Provided For-Outline of the Scheme.

Rev. C. W. Savidge, pastor of the People's church, has plans about matured for the broadening of the work of his church which will place it in a position that will enable him to accomplish even more than he has heretofore done for the classes among whom he labors in Omaha. These plans are the outgrowth of the recent visit here of Rev. McInturff, paster of the People's church of Spokane, Wash, who conducted a successfull series of revival services in Rev. Savidge's church last month. Mr. McInturn has tried them successfully in his own city and Mr. Savidge believes they will be the right thing to adopt in Omaha.

First and foremost is a new church building to replace the present structure on Eighteenth street that has outgrown the work of the church. A year's option has been secured on the lot on the northwest corner of Seventeenth and Chicago streets on which now stands a substantial residence. The property is owned by Charles White, formerly of Omaha, now of Spokane, Wash. The purchase price is \$13,500, 5 per cent of which binds the bargain. This sum, \$675, has already been pledged and work is to be begun soon to turn the property into proper spend the winter. She is a beautiful young use for church purposes
