Wheat Rallies on War News, Closing Stronger Than Monday.
CORN AND OATS HIGH, PROVISIONS WEAK
Wet Weather is Also a Factor in Advancing Wheat—Heavy Receipts of Provisions Drive Prices Down.

CHICAGO, Jan. 9.—The wheat market, weak early with Liverpool, rallied on the war news, an improved cash market and the wet weather, closing strong, 54c over yesterday. Corn closed 4 3/4c and oats 2 1/2c. Provisions closed 1 1/2c to 1 3/4c lower.
The wheat market was overcast today and quiet for a time. The only demand was in sympathy with what here opened 5c under yesterday's close. The pit was entirely on the selling side and in the production of grain. Many fell off to 57 1/2c and for a time the only demand was against put. A rumor that a British cruiser had fired on a Dutch ship was all that was needed to frighten shorts. The buying thus inaugurated quickly developed the market. The market had been overcast. Additional support came in reports of some improvement in the cash demand and to a degree the wet weather. It was 70c, although it had been overlooked previously. May advanced to 57c, when the amount was needed momentarily. The amount of the liberal increase in the visible, when a decrease had been expected. The market then moved upward. The close was strong, 54c over yesterday's close. The market had been overcast. Additional support came in reports of some improvement in the cash demand and to a degree the wet weather. NEW YORK, Jan. 9.—The stock market was practically flat during the early part of the session today, the buying demand falling to scarcely appreciable proportions. The bear traders watched this inviting field with longing eyes until the attraction became too strong for them and they put out selling orders through the greater part of the day. They were successful in securing many marked declines and bringing out a certain amount of offerings by uncovering shorts. There was, however, no general selling was not important and the success of the bears was confined to a few stocks, the public to stock and the indifference of insiders to support prices.
