Chairman Odell of New York Says it. Encourages Fake Fighting. NEW YORK, Jan. 10.-B. B. Odell, chairnan of the republican state committee, de-dared positively that the Horton boxing law oust be repealed at once.

'Have you become convinced that these "Have you become convinced that these so-called boxing bouts are brutal?"
"Brutal, no. They are fakes. That is why I think the Horton law should be repealed. The fights are fixed beforehand and the spectators are humbugged.

"Take, for instance, the McGovern-Dixon fight at the Broadway Athletic club last night. I never saw such a farce. There was not a stage of the game at which the negro could not have gone in and finished his man. When I left the club I was satisfied, that the Horton law should be refied that the Horton law should be re pealed immediately."
