That the fusion members are alarmed is also shown by the appeals which are appearing in the Nebraska Independent, which volces the fusion branch of the populists in this state. In its last number this paper cites the history of the "Omaha agreement" reached at the conference of the national committee held in Omaha a little over a year ago, in which the middle-roaders secured a vote asking the national committee to call the national populist convention a month before either of the other conventions. It charges that the middleroaders violated this agreement at once by permitting a call for their convention at Cincinnati, at which Barker and Donnelly PLATTSMOUTH, Neb., Jan. 15.-(Special.) were nominated for president and vice pres-At the last regular meeting of the Platts- ident respectively. Opportunity.

Seldom knocks twice at anyone's door. If not seized and made the most of, conditions generally go from bad to worse. Lost opportunity is bad enough when financial results only are involved but it is infinitely more so when one's health is in the balance. There comes a time when one who is suffering from Bright's disease of the kidneys cannot be helped. His kidneys are destroyed and no medicine or man can replace them. But there was a time, an opportunity given to stop its ravages. Kidney disease manifests itself by backache, unusual desire to urinate, tired feelings, discolored water showing sediment on standing, headache, dyspepsia, bad taste in the mouth short breath, loss of memory and many other symptoms. A person may have one or more of the above indications of kidney trouble or others, such as failure of eyesight, rheumatism, chills and fever, constipation, neuralgia, etc. The foregoing are but symptoms of the real trouble-diseased kidneys. When any of the preceding warnings are given of kidney disease, just then is the time, the opportunity, to resort to Warner's Safe Cure, a vegetable preparation, which has stood the test of twenty years in all parts of the world and cured more people of kidney, liver and urinary diseases than any preparation ever manufactured.

This great remedy can be procured of your druggist. Accept no substitute. It has been proved in thousands of cases that
