force with him and will strike with all his next. might. The plan is to flank the new position prepared by the Boers and to attack the enemy from the west and south in the trenches they hold north of the Tugela

# Rumor of Relief at Ladysmith.

(Copyright, 1800, Press Publishing Co.) LONDON, Jan. 18 .- (New York World Cablegram-Special Telegram.)-The rumor early this morning that Ladysmith had been relieved after the battle the War office would not confirm or deny. The clerk on duty said the rumor was premature, but he hoped it was true. Figuring on the latest positions with maps the experts think Warren was about seventeen miles from White's outposts late Wednesday night.

LONDON, Jan. 19.-12:30 a. m.-At midnight the War office announced that it had no further news for publication.

When questioned with regard to the rumored British victory and the relief of Ladysmith the officials replied that they had received no information to bear out either feature of the rumor and were inclined to think that serious fighting must precede the relief of the town.

A special from Durban, dated Wednesday, Warren has arrived within seventeen miles brigade, with the Fifth brigade under Genof Ladysmith and that the British wounded eral Hart, comprising the Dublins, the as high as 20,000,000 of francs, were talked train, indicating that there has been severe regiment, fighting. Neither report is yet confirmed.

LONDON, Jan. 18.—(New York World Cate)

# Battle Expected Today.

LONDON, Jan. 19.-4 a. m.-Military critics in affiliation with the war office consider that the expected battle south and west of Ladysmith can hardly be delayed beyond today. From Durban it is reported that fighting has already begun. General Buller's forces in the flanking operation across the Tugela are some 1,300 or 1,400 bayonets. The disposition of his other 15,000 or 20,000 men is not known, but the assumption is that the whole army will be in action previous day, but a body of South African
