

PRETEND LAW IS INVALID

Possible flaw in Measure Providing for Salaries of District Clerks.

SOME ONE HAS JUGGLED THE RECORDS

Residents of Haigler complain of the Train Service Given Them by the Burlington-Statistics of the Penitentiary.

LINCOLN, Jan. 19.—(Special.)—An important discovery was made at the state house today that may possibly result in invalidating the law passed by the last legislature fixing the salaries of clerks of the district court. The record of the vote taken on the measure has been either lost or stolen and while the records of the legislature show the total number of yeas and nays cast there is no positive proof that the roll was called or a vote taken. Those interested in knocking out the law will raise the point that the absence of the record leaves no evidence that the bill passed by a constitutional majority and if their contention is upheld by the courts it will invalidate several other important acts. County Attorney Shields of Douglas county has examined the record of the district clerk bill and thinks that if it can be proven that the vote was actually recorded as taken there will be no trouble in proving its passage.

The record in the secretary of state's office reads: "The roll was called and resulted: Yeas, 82; nays, 7, as follows:" and then credits every member of the house of representatives, including those who were absent at the time, as having voted both in favor and against its passage. This was done by pasting on the record, immediately after the total vote, two copies of the roll call of the house, one under the heading "Yeas" and the other one under "Nays."

When the roll was called in the house on the passage of the bill each representative was checked off on the printed roll call as he cast his vote. Instead of pasting this in the record, the secretary of state at the top of a blank roll call, without any change being made in the names appearing below.

Those who have looked into the matter believe there will be no difficulty in demonstrating that the total vote as recorded is correct. However, the question will probably be referred to the courts by the opponents of the bill.

Demand for Better Service.

A petition bearing the signatures of 103 residents of Haigler, Dundys county, complaining of the service given that village by the Burlington railroad and asking for immediate relief, was filed with the secretary of the State Board of Transportation today. Haigler seems to be feeling the effect of competition and is becoming jealous of Wray, Colo., and Benkelman, Neb. The petition also alleges discrimination in favor of St. Francis, Mo., and in favor of the south. The document presents an imposing array of instances where it is alleged the railroad company has treated the town unjustly. Complaint is made because two fast trains stop every day at Benkelman and Wray and only one at Haigler. The railroad company will be notified of the complaint against it and a hearing will be held before the secretary of the board. The petition follows:

To State Board of Transportation, Lincoln, Neb.: This petition is signed by the residents of Haigler, Neb., or those whose business place is Haigler, make complaint to your honorable board against the Burlington railroad at this place in an unsatisfactory manner. Twenty miles east, where each two fast trains stop every day, and Benkelman makes much superior service for them; while this place receives, produces and sends out as much freight as either Wray or Benkelman with no express train, and would furnish as many passengers if we had train service. On investigation we find that the company has never been licensed to do an insurance business in Nebraska and has so replied to all letters asking for information.

The State Brand and Marks commission will continue to hear from the citizens of the 2,000 applications for the use of brands not more than 1,000 will be granted. In cases where there are more than one request for a brand the first application received is the one allowed.

Work on the new hospital building for the women near this city, was suspended this morning on account of a disagreement with the contractor, who refused to meet the requirements of the state in the matter of mixing mortar for the stone work. The authorities expect to resume work as soon as the frost is out of the ground.

RINGOLSKY'S DEFENSE BEGINS

Miles Will Case Resolves Itself Into Trial of Lawyer on Conspiracy Charge.

FALLS CITY, Neb., Jan. 19.—(Special Telegram.)—J. J. Ringolsky, the Kansas City attorney involved in the contest over the will of the late Colonel Miles, opened his defense this afternoon. His object was to prove his innocence of the charge of conspiracy made by Del Harbaugh, Kansas City detective, who alleged that the lawyer had paid him to secure a man named Snow to write a new will.

James Cole, a Kansas City lawyer, well known for having represented the notorious Jack Kennedy, now in the Springfield (Mo.) jail, awaiting a penitentiary sentence for train robbery; Davis Lowen, Ringolsky's father-in-law, and S. W. Stroder, both of the latter from St. Louis, arrived in the city today and will, it is said, aid Ringolsky in his defense.

The first witness was T. T. Crittenden, governor of Missouri. He said he knew Ringolsky and had never known him to be anything but honest and upright in all professional business. Ringolsky's father-in-law was called and his testimony was about the same. Lowen, in the cross-examination, said that he had written most of the letters to Harbaugh and had also furnished the copy for the advertisement that appeared in the St. Louis papers for the man that was the will which the plaintiffs assert is missing. He further stated that he made all the inquiries about Snow, the man who, they averred, wrote the will of 1897, but said Ringolsky dictated them.

Ringolsky produced a letter in the correspondence that took place between him and Detective Harbaugh, but the court refused to accept it as evidence unless he produce all the letters that he had in his possession bearing on the case, and as he did not have them here court adjourned to allow him to go to Kansas City and get them.

WHERE CATARRH IS MOST FATAL. COMPILED BY THE GREATEST LIVING AUTHORITY ON CATARRHAL DISEASES. Map of the United States showing the prevalence of catarrh in different regions. Includes text: 'Winter catarrh prevails most north. Summer catarrh prevails most south. The Cause of Most Bodily Ills Is Catarrh.'

MOST WINTER ILLS: COUGHS, COLDS & LA GRIPPE ARE TYPES OF CATARRH

The above map has been carefully compiled from United States documents by the Peruna Medicine Company of Columbus, Ohio. The figures were taken from the latest mortal statistics published by the government and entirely agree with the archives kept at the Hartman Sanitarium. In the states of next darker shade the per cent varies from 42 to 45. In the next darker shade 45 to 48 per cent of the whole number of deaths resulted from catarrhal diseases. In the darkest shade we have indicated the states in which over 48 per cent or one-half or more of all the deaths were directly traceable to catarrh as the cause.

This is an appalling state of affairs. This nation has got to confront the fact that catarrhal diseases threaten the life of our people. Over one-half of the people suffer from some form of degree of catarrh. Fully thirty-five million people are personally interested in the discovery of a radical catarrh cure.

Hon. Dan A. Grosvenor, of the well known Ohio family, in a letter written from Washington, D. C., says: "Allow me to express my gratitude to you for the benefit derived from one bottle of Peruna. One week has brought wonderful changes and I am now as well as ever."

Attorney Simeon Armstrong, suite 325 Reaper Block, Chicago, Ill., writes in regard to Peruna: "I was afflicted with catarrh for seven years. I tried many remedies without any profit. My catarrh was located mainly in the head. I applied to several doctors, but they were not able to cure me. I learned of the medicine, Peruna, through a medical pamphlet. I can warmly praise Peruna as a certain remedy. It has been three years since I was cured and I consider my cure lasting."

Hon. W. V. Sullivan, United States senator from Mississippi, in a letter recently written to Dr. Hartman, says the following of Peruna as a catarrh remedy: "For some time I have been a sufferer from catarrh to its insipient stages, so much so that I became alarmed as to my general health. But, hearing of Peruna as a good remedy I gave it a fair trial and soon began to improve. Its effects were distinctly beneficial, removing the annoying symptoms, and was particularly good as a tonic."

"I take pleasure in recommending your great national catarrh cure, Peruna, as the best I have ever tried."

"Catarrh is a systemic disease of climatic and nervous origin. With Peruna the nerves become strong and the mucous membranes are consequently strengthened, thus protecting the person from the bad effects of a changeable climate. This is why some people do not have catarrh."

Hon. H. W. Ogden, Congressman from Louisiana, in a letter written at Washington, D. C., says the following of Peruna, the national catarrh remedy: "I am exceedingly pleased to recommend your Peruna as a fine tonic and all round good medicine to those who are in need of a catarrh remedy. long ago had it not been for Peruna. I have used it in my family for coughs and colds and la grippe. I would not be without it in the house. I really think that it has added years to my life."

Mrs. Theophile Schmitt, wife of ex-Secretary German Consul, writes from Chicago, Ill., 3417 Washburn avenue: "I suffered this winter with a severe attack of la grippe and heard of the value of Peruna in such cases. After using only three bottles I not only found that the la grippe had disappeared, but my general health was much better."

United States Senator Warren's wife, in a letter from 1818 Wyoming avenue, Washington, D. C., says: "The sample bottle of Peruna sent to my husband came when I was suffering from a cold, and I used it with good results."

Mrs. Gridley, mother of Captain Gridley, who was in command of Dewey's flag ship, Olympia, at the destruction of the Spanish fleet at Manila, says of our remedy, Peruna: "At the solicitation of a friend I used Peruna, and can truthfully say it is a grand tonic and a woman's friend, and should be used in every household. After using it for a short period I feel like a new person."

Mrs. G. Gridley, writes from Minneapolis, Minn.: "A few months ago my health seemed to break down all at once. I found no relief from the prescription of my physician. I began the use of Peruna and in a few days I had taken the second bottle I was completely restored."

Anyone who wishes perfect health must be entirely free from catarrh. Catarrh is well-nigh universal; almost omnipresent. Peruna is the only absolute safeguard known. A cold is the beginning of catarrh. To prevent colds, to cure colds, is to cheat catarrh out of its victims. Peruna is not only a cure but prevents catarrh. Every household should be supplied with this great remedy for coughs, colds and so forth.

A book on catarrh sent free to any address by the Peruna Medicine Co., Columbus, Ohio.

Half Your Life Is Spent in Your Office. Why not have a pleasant, warm, healthy place to work? The people who come to see you judge you more by the office and the building you are in than the clothes you wear. It costs no more than where you are when you figure in fuel, janitor service, as well as wear and tear on your temper
