Quarrel Over Stock of Lionors. Ex-Sheriff Morgan and the banking firm of Officer & Pusey commenced suit in the district court yesterday to restrain Justice the First National bank and S. H. Ford from interfering with the sale by Morgan of the stock of liquors formerly belonging to Ford and attached under a judgment obtained by Officer & Pusey. The seizure was made several months ago and the sale was to have been held last Saturday, when under a search warrant issued from Justice Vien's court the liquor was seized by Sher iff Cousins.

In the petition the assertion is made that the First National bank, which claims to be an unsecured creditor of Ford, is illegally and unlawfully interfering with the regular process of the district court and that the search warrant was not sworn out in good faith. The judgment obtained by Officer & Pulsey was for \$915.45 and the stock attached consists of about 416 gallons of whisky, 406 gallons of wine, a quantity of bottled goods and fixtures of Ford's saloon. An amendment to the petition was filed

She did it more with the hope of being able to compel her husband to return the money, \$1,500 of which she claimed was her individual property. Mrs. Dobson also notified the bank that she would hold it responsible for her portion of the money that her husband had been allowed to withdraw. Dobson was arrested and after a consultation with his wife and Cashler Brown of the bank, he consented to return the money and it is understood the charge of assault will not be pressed. DES MOINES, Jan. 22.- (Special Tel egram.)-Senator Lister of "Big Four. district in northwestern Iowa today introduced a bill to prohibit public boxing contests and prize fights in this state. It has been expected for some time that a bill against prize fighting would be introduced, as the law, as it now stands, is lame, but Lister's action seems to be in aid of the sporting fraternity.

His bill permits boxing contests before athletic clubs. In fact the bill, if it becomes a law, will be about as liberal as the Hor ton law of New York.

The Lister bill simply provides that to the present prize fighting law there shall be added a section prohibiting any two persons from engaging in public sparring or boxing at fisticuffs, with or without gloves, excepting, however, athletic clubs and gymnasiums having a license to box. Violation shall be a misdemeanor, punishable by a fine of not more than \$500 or imprisonment in the county jail of not more than daily. 150 days. Its provisions apply as well to spectators as to those engaging in the boxing or to any one who permits the boxing to be carried on on his property. This bill, if it becomes a law, will hailed with delight by the sports.

Prize fighting has been carried on in all the principal cities of the state during the Bernard's hospitals and by almost all Des Moines caused the arrest of two boxers to let them go without prosecution, prefer-A gas or water stop box, protruding above ring to await the convening of the legisla-
