Board of Transportation Digs Up a Little Ancient History. CLAIMS TO HAVE NOTIFIED THE ROADS

Says It Served Notice to Them to Restore Carload Rates, But That No Return Was Recorded.

LINCOLN, Jan. 23.—(Special.)—The State Board of Transportation this morning investigated the alleged failure of its secretaries in 1897 to serve the railroads with a copy of the order restoring carload rates on live stock. The finding of the board shows that while no returns were recorded, a copy of the order was sent to each company.

We find that on the 26th day of November, 1897, on the recommendation of the secretaries, the board issued an order restoring the carload rates on live stock.

We further find that on the 27th of November, 1897, the order was mailed to each of the defendant railroads. It is therefore the duty of the railroads to have received the order by the 27th day of November, 1897.

We further find that on the 4th day of December, 1897, the board issued an order restoring the carload rates on live stock.

Twenty-Sixth Annual Session of the State Association Opens with Due Splendor at Lincoln.

LINCOLN, Jan. 23.—(Special.)—The twenty-sixth annual session of the Nebraska Press Association was called to order in the senate chamber in the state house this afternoon with a goodly attendance, including many of the leading lights in the Nebraska newspaper firmament.

Something in the way of novelty, as well as a surprise, is offered this year in the shape of an official organ for the association, called "The Nebraska Paralyzer," published by the "The A. A. Publishing House," which apparently has its place of business in a blacksmith shop.

In launching the PARALYZER upon the turbulent journalism world, the editor, out of any misgivings as to the hearty manner in which it will be received in this community, there has been a long-looked-for paper of the PARALYZER.

The program this afternoon opened with the reading of committee reports, which were more of a humorous than a serious nature. President W. H. H. of Norfolk News followed with his annual address, in which he congratulated the members for the rapid and unprecedented growth of the association.

WOOD VISITS TRINIDAD JAIL

Compliments Captain Benham Upon Conditions in Public Buildings.

PRISON AT CIENFU GOS OVERCROWDED

Governor General Does Not Believe in Supplying People with Oxen and Farming Implements—Favors Giving Work.

CASILDA, Province of Santa Clara, Cuba, Jan. 23.—Governor General Wood and his party arrived here on board the dispatch boat Ingalls at daylight this morning.

The general visited Trinidad and inspected the jail, hospitals and other public buildings at that place. He visited the post of company K, Second Infantry, under the command of Captain Benham, whom General Wood complimented upon the manner in which the jail, hospitals and streets had been kept clean.

General Wood does not believe in the advisability of supplying the people with oxen and farming implements, thinking it better to supply them as much as possible with public works and allow them to save money and buy the necessary implements and oxen.

General Wood says the prison at Cienfuegos was overcrowded. Otherwise it was in good condition. He is of the opinion that the hospitals are dirty and that many improvements can be made.

A road is being built between Casilda and Trinidad, four miles, but it gives employment to a few men.

The party left here this afternoon for Manzanillo.

Public Work in Cuban Cities. Senior Villalon Requests All Mayors to Send Statement of What Is Needed.

HAVANA, Jan. 23.—Senior Villalon, secretary of public works, has issued a request to all mayors to send statements regarding the public works in their municipal districts, together with a statement of what is required to be done and the reasons in support of their claims.

He says he is receiving so many petitions for road and bridge construction that he can do no justice to apply the available funds in the most urgent cases.

One reform contemplated is such an alteration in the railway time tables as will bring about a better connection system, thus greatly reducing the time now taken in traveling by rail in Cuba.

At a meeting of the national committee, the delegates were asked to select provincial delegates to the national assembly in proportion of one delegate to 10,000 inhabitants.

FIND INSURGENTS ALL GONE

American Forces Occupy the Town of Santa Cruz

RECEPTION BY ARCHBISHOP CHAPPELLE

Philippines Make a Demonstration Against the Friars—Cheer General Otis and His Staff—March Chappelle Traces Torture.

MANILA, Jan. 23.—9:30 a. m.—The Americans have occupied Santa Cruz, on Laguna de Bay, Laguna province. It was reported many insurgents were concentrated there, but the town was found deserted.

The military regulation requiring the streets to be cleared of natives at 8:30 p. m. has been changed to 10 o'clock.

MANILA, Jan. 24.—9 a. m.—Archbishop Chappelle, papal delegate to the Philippines, gave a reception to the Catholic lay and clergy today.

Many prominent Filipinos attended with a view of making a demonstration against the friars. They hoisted Archbishop Chappelle and his staff, who appeared, crying "Fuera Noselidos" and "Fuera Friales."

On the other hand, General Otis, who attended with his staff, was cheered.

Chappelle made a speech, asking for toleration and peace, promising a satisfactory settlement of the questions in dispute. He rebuked the newspapers for meddling with matters which he said they did not understand.

To Separate Church and State. Archbishop Chappelle Acting in Harmony with American Ideas.

CHICAGO, Jan. 23.—A dispatch to the Record from Washington says: "There is a complete understanding between the government and Archbishop Chappelle concerning church affairs in the Philippines. He has gone there as the representative of the pope for the purpose of reorganizing the Catholic church upon the basis that exists in the United States, and General Otis is thoroughly informed of his mission and of the policy he is directed to pursue."

There is no intention on the part of the United States government to confiscate or occupy, without fair remuneration, any property belonging to the church, but the estate and other property belonging to the regular orders of whose title is in the hands of the bishop, will be taxed like any other property. The only exception will be such property as is actually used for worship or for educational purposes.

There will be no objection to the friars remaining in the Philippines, provided they do not interfere with political and civil affairs and confine their activity exclusively to ecclesiastical matters. The schools will be secularized, although there will be no objection to the establishment of Catholic schools, provided the church or the people prefer to maintain them. No public money will be given to the support of any sectarian institutions, and the priests will not be allowed any other privileges or immunities than they enjoy in this country.

In short, Archbishop Chappelle understands and agrees that there is to be an entire separation of the church from civil affairs, and the free freedom of worship and religious instruction that exists in this country.

CALL NATIONAL CONVENTION

Prohibitionists Requested to Meet in Chicago June 22 to Name a Ticket.

CHICAGO, Jan. 23.—The following call for the national prohibition convention was issued today: "The national convention of the prohibition party to nominate candidates for president and vice president of the United States and to transact such other business as may properly come before it is hereby called to meet at the Cullum in the city of Chicago, Ill., at 10 o'clock a. m. on Wednesday, June 27, 1900.

The basis of representation has been fixed by the national committee as follows: "Each state is entitled to four delegates at large."

"Each state is also entitled to twice as many delegates as the number of members of the lower house of congress to which it is entitled."

"Each state may send one additional delegate for every 1,000 votes or major fraction thereof cast for Joshua Levering for president in 1896."

"Each territory is entitled to two delegates. The District of Columbia is entitled to two delegates."

"Each state or territory is entitled to as many alternates as its number of delegates."

"The time and manner of selecting these delegates will be determined by the prohibitions of the various states and territories, subject only to this provision: That in every state where the party has an organized state committee the delegates must be chosen by such congressional caucus or convention, and in the absence of such committee may call for that purpose, or by the state committee in such manner as it may determine."

"OLIVER W. STEWART, Chairman. WILLIAM T. WARDWELL, Secretary."

Admits Molineux Testimony. Recorder Allows Defendant's Testimony at Coroner's Inquest to Be Introduced as Evidence.

NEW YORK, Jan. 23.—In the trial of Roland B. Molineux, for the murder of Mrs. Katherine J. Adams, Recorder Goff today admitted as evidence the testimony of the defendant when he was a witness in the coroner's inquest into the death of Mrs. Adams. The defense sought to have the admission of this testimony and half the day was spent in discussion of its admissibility. Finally the recorder ruled that Molineux, while before the coroner's jury, was not charged with murder and that Mr. Osborne might place Molineux's testimony before the jury.

Two damaging flat contradictions between the testimony of Molineux and the evidence produced in his trial exist. At the coroner's inquest Molineux denied ever having used or seen any of the tri-colored robin's-egg blue paper. In the trial, the Burge letter, signed by Molineux and written on such paper, was produced and acknowledged by him. Molineux also denied at the inquest that he ever sent for patent medicine by mail. This same Burns letter signed by Molineux is an order for a patent medicine.

Not of the testimony of Molineux at the inquest was read today, but such portions were read as Mr. Osborne desired to bring before the jury.

After adjournment today Mr. Osborne said he still had four more witnesses to call, two being handwriting experts.

Court adjourned until tomorrow.

The Herman Winter received this port this forenoon with its bow gone and reported the accident. It had on board the twenty-nine men who escaped from the Ardandhu.

CATARRH OF THE STOMACH.

A Pleasant, Simple, but Safe and Effective Cure for It.

Catarrh of the stomach has long been considered the next thing to incurable. The usual symptoms are a full or bloating sensation after eating, accompanied sometimes with sour or watery flatulency, a formation of gases, causing pressure on the heart and lungs and difficult breathing, headaches, flabby appetite, nervousness and a general flayed-out, languid feeling.

There is often a foul taste in the mouth, coated tongue and if the interior of the stomach could be seen it would show a slimy, inflamed condition.

The cure for this common and obstinate trouble is found in a treatment which causes the food to be readily, thoroughly digested before it has time to ferment and irritate the delicate mucous surfaces of the stomach.

To secure a prompt and healthy digestion is the one necessary thing to do and when normal digestion is secured the catarrhal condition will have disappeared.

According to Dr. Harlan the safest and best treatment is to use after each meal a tablet composed of Bismuth, Aspicin, Pepsin, a Little Nux, Golden Seal and Fruit acids. These tablets can now be found at all drug stores under the name of Stuart's Dyspepsia Tablets, and not being a patent medicine, can be used with perfect safety and assurance that healthy appetite and thorough digestion will follow their regular use after meals.

Mr. S. J. Bocher of 2710 Dearborn street, Chicago, Ill., writes: "Catarrh is a local condition resulting from a neglected cold in the head, whereby the lining membrane of the nose becomes inflamed and the poisonous discharge therefrom passing backward into the throat reaches the stomach, thus producing catarrh of the stomach. Medical authorities prescribed for me for three years for catarrh of stomach without cure, but today I am the happiest of men after using only one box of Stuart's Dyspepsia Tablets. I cannot find appropriate words to express my good feeling. I have found flesh, appetite and sound rest from their use."

Stuart's Dyspepsia Tablets is the safest preparation as well as the simplest and most convenient remedy for any form of indigestion, catarrh of stomach, biliousness, sour stomach, heartburn and bloating after meals. Send for little book, mailed free on stomach troubles, by addressing F. A. Stuart Co., Marshall, Mich. The tablets can be found at all drug stores.
