The attorneys for James asserted that no crime had Funeral of Lieutenant Who Fell with been committed under the statute and that no man could be held committing an offense I'r which no penalty is provided by law. Governor Poynter upheld this contention and decided that if all charged in the complaint were true James could not be held.

Faip of Emil Pressler. SIDNEY, Neb., Jan. 31.—(Special Tele-gram.)—The fate of Emil Pressler, the young man who has been missing since last Jan-uary, 1859, and whose disappearance created so much excitement in the east, is no longer a mystery. A silver watch case found near the scene of the Sunol train wreck shows the name of Pressler engraved on the inside of the case, while on the outside is the name "Harriette Donneuse." That Pressler was a victim of the Sunol wreck is now plainly evident by this silent testimony. The charred body now lies buried in the Sidney Fato of Emil Pressler.
