

LANG ON THE CARPET AGAIN

Superintendent of Home for Feeble Minded Before Estate Board.

DUPLICATE FOR THE SAME CLAIM

Understood He Is Severely Reprimanded for What Is Said to Be a Careless Error—Incident Recalls Another.

LINCOLN, Feb. 2.—(Special.)—Superintendent B. F. Lang has again been called on the carpet by the State Board of Public Lands and Buildings to explain some irregularities in his method of conducting the affairs of the Home for Feeble Minded at Beatrice. He was indicted with the board several weeks ago and it is understood that he was severely reprimanded for what is said to have been a careless error.

Several weeks ago Superintendent Lang was notified by a railroad station agent at Beatrice that a shipment of two boilers for the new heating plant had been received and would be turned over to him upon the payment of the transportation charges. A personal claim for the amount of these charges was recently filed with the board by Mr. Lang and a few days later the railroad company filed a claim for a similar amount.

The suspicions of the members of the Board of Public Lands and Buildings were once aroused and Mr. Lang was called in to explain matters. When questioned by the board Lang claimed that the railroad company refused to deliver the boilers before the transportation charges were paid and that to prevent any unnecessary delay he wrote a personal check for the amount required. By some error both the railroad company and Mr. Lang then applied to the Board of Public Lands and Buildings for reimbursement.

This incident recalls another occasion when Superintendent Lang was summoned to the state house to make an explanation of his conduct. He had attempted to secure the allowance of a claim for \$750, which he presented to the State Board of Public Lands and Buildings. The fact that some of the vouchers were not received, or even approved, was discovered by the board and Superintendent Lang was then called upon to show receipts for the full amount. He finally succeeded in getting the necessary papers and the claim was allowed after a delay of several weeks.

Poynter Will Go to Washington. Governor Poynter will attend the meeting of the committee that is arranging a celebration in honor of the permanent location of the seat of government at Washington on February 21 and while there he will call a meeting of the governors of Wyoming, Montana, Colorado, Idaho, Indian Territory, Oklahoma, North and South Dakota, Texas, Utah, Nevada, Arizona and New Mexico to take some action concerning the bill now pending before congress that provides for the leasing of the arid and semi-arid lands in the west. It is understood that Governor Poynter is opposed to the measure, believing that the lands should be turned over to the states to be disposed of as provided for by the legislature.

As the committee in charge of the arrangements for the centennial celebration has agreed to pay the entire expenses of the visiting governors it is quite probable that every state and territory in the union will be represented by their chief executives. Governor Poynter will communicate with the governors of the western states concerning the proposed meeting to consider the government land bill.

The secretaries of the Board of Transportation will hear testimony in the case of C. R. Wrigley of Ellis against the Rock Island February 14 at 2 p. m. Wrigley complains that the railroad company refuses to furnish him with the necessary cars for shipping.

To Enforce Fire Escape Law. Labor Commissioner Kent proposes to begin legal proceedings next week against all who have not complied with the fire escape law. Notices were served on delinquents January 1 that unless fire escapes were erected by February 1 legal proceedings would be commenced. Only a few of those notified complied and those who failed to do so will be prosecuted by the attorney general. Arrangements have been made for beginning forty-five suits in this city and eighty in Omaha.

The University Dramatic club gave an entertainment at the Lincoln theatre for the benefit of the inmates of the insane asylum. Similar entertainments are given in the institution twice each month, but outsiders were admitted for the first time last night.

The Board of Commissioners of Lancaster

county has completed an estimate of the probable cost of maintaining the county prison for the ensuing year, showing a total of \$188,250. DEATH RATHER THAN PRISON

After a Life Sentence for Murder Richard Savory Attempts Suicide in His Cell.

FALLS CITY, Neb., Feb. 2.—(Special Telegram.)—Richard Savory, who killed Theodore Thompson at Carr's railroad camp near Humboldt, last July, is on trial here. The lawyers finished their pleas about 3 o'clock and the case was given to the jury, which stayed out all night and until noon today, when a verdict of murder in the first degree was returned. A life sentence was pronounced.

DETECTIVE FINED BY THE COURT

His Testimony in a Liquor Case Exasperated Judge Hollenbeck.

CENTRAL CITY, Neb., Feb. 2.—(Special.)—A liquor case took an unusual turn here yesterday, when Judge Hollenbeck fined a detective \$50 for contempt of court. The case was that of a dry town. The Law and Order league has been active in prosecuting violators of the liquor laws. Two detectives were brought here from Lincoln last summer. Arrests were made on information furnished by them. At the last court the detective failed to appear. They were brought before Judge Hollenbeck on bench warrants. Their testimony was of so little importance that the state attorney asked that the cases be dismissed. Evidence is known as to the whereabouts of the detective, but in exasperation, the court imposed a \$50 fine.

FAMILY OF 'HEALERS' ARRESTED

Death of Child Which Had Been Treated Followed by Warrants.

LINCOLN, Feb. 2.—(Special.)—The Health Officer Rhoads warrants were this afternoon sworn out for the arrest of Mrs. Dora Cameron, Thomas Harrison and wife and Mrs. Stewart, daughter of the Harrison. All are Christian Scientists and the warrants follow the death of a child treated by them. The child, a son of Mrs. Cameron, died after treatment of Mrs. Cameron at the Harrison home. The complaint charges violation of the Lincoln health laws.

Supreme Court Should Have Help

PREMONT, Neb., Feb. 2.—(Special.)—Judge Hollenbeck said to a Bee correspondent, in reply to a question as to his views on the plan proposed by the Bee of having the district court judges assist the supreme court:

"The supreme court should be relieved. As now situated, the delay caused by an appellate proceeding to a denial of justice is practically a denial of justice. I have not examined the bill, but I am sure that if the proposed plan and therefore do not wish to express an opinion upon them. I should think that some legislation would be necessary before the plan suggested could be put in operation."

Formers to Plant Sugar Beets

LEXINGTON, Neb., Feb. 2.—(Special.)—H. Farrell, superintendent of the Grand Island sugar beet plantation, here this week interlocking farmers and made arrangements for the planting of a large acreage of sugar beets the coming season.

The Lexington creamery opened up for the season on Thursday of this week, under the management of Mr. Zimmerman, an old and experienced creamery man. The price paid for the raw material are such that no dairyman can afford to make his own butter, unless he has special facilities.

More Smallpox in Pawnee County

PAWNEE CITY, Neb., Feb. 2.—(Special.)—A telephone message was received by the authorities here yesterday that smallpox had broken out near Armour, a village in the southwest part of the county. Two members of a family by the name of Fyle are afflicted. A message this morning reports the death of one. An officer was sent to Armour with orders to quarantine the infected family and to assist in the disposal of the bodies. The authorities here are exercising diligence to keep the infection in check.

Mrs. Goosen's Body in Her Coffin

HENDERSON, Neb., Feb. 2.—(Special.)—Sheriff Lancaster, accompanied by several assistants, went to the Russian cemetery near here and disinterred the coffin of Mrs. Goosen to ascertain if her remains had been removed. They found that the coffin had been tampered with, but the remains were in the coffin. Frank Goosen, son of the deceased, refuses to answer questions as to what he was doing in the grave yesterday, saying that it is no one's business.

TARIFF FOR PORTO RICO

Bill to Be Reported for System of One-Fourth Regular Rates.

MEANING OF THE TERM UNITED STATES

Minority of Ways and Means Subcommittee Holds Congress Has Unlimited Power in Dealing with New Territories.

WASHINGTON, Feb. 2.—At a special meeting of the ways and means committee today it was decided to report a bill establishing a tariff system for Porto Rico on a basis of 25 per cent of the rates in the regular tariff law.

Reports also were received from the subcommittee, which has considered to what extent the term "United States" as used in the constitution relates to the outlying territory recently acquired by this country. A majority of the subcommittee, comprising the republican members, reported in substance that congress has practically unlimited power in dealing with these territories. The minority, comprising Richardson, democrat, and Newlands, silver, hold in substance that all constitutional restrictions extend to the newly acquired territory and that the powers of congress are thereby limited.

Determines Line of Policy

The reports on the meaning of the term "United States," as applicable to Porto Rico, the Philippines, Hawaii and other possessions, were received with great interest and were regarded as determining a most important line of policy by those in authority. The majority report, by Daisell of Pennsylvania, Hopkins of Illinois and Grosvenor of Ohio, is as follows:

"First—That the term 'United States' as that provision of the constitution which declares that all legislative powers shall be vested in one uniform government of the United States, means and is confined to the United States as an independent nation and does not cover the territory belonging to the United States.

"Second—That the power of congress over this question and decisive of it are those that treat of and involve in their operation the territory, independent of treaty stipulations or other international obligations, and territory, ceded to and acquired by the United States.

"Third—That the weight of these authorities sustains the following propositions, viz.: (a) That the United States may acquire territory by treaty, purchase, gift, conquest or by virtue of other international obligations, and that such territory, when acquired, is subject to the power of congress and all the powers of the several states as a sovereign.

"Fourth—That the power to govern acquired territory results from the right to acquire and also from the provision of section 3, article 1 of the constitution, which gives power to dispose of and make all needful regulations and orders respecting territory and other property belonging to the United States.

"Fifth—That congress has power to govern acquired territory independent of the limitations of the constitution, but in cases where the constitution is applicable, it is subject to its provisions. Congress has power to dispose of and make all needful regulations and orders respecting territory and other property belonging to the United States.

"Sixth—That congress has power to govern acquired territory independent of the limitations of the constitution, but in cases where the constitution is applicable, it is subject to its provisions. Congress has power to dispose of and make all needful regulations and orders respecting territory and other property belonging to the United States.

What the Minority Thinks

The minority report by Richardson says: "The meaning of the term 'United States' has been defined by the supreme court of the United States. The question was posed by the Chief Justice Marshall in the supreme court and he undertook to define what was meant by the term as it was used in section 3 of article 1 of the constitution.

Richardson then quotes from Justice Marshall's decision: "The committee discussed the reports at length and then, by a party vote of 8 to 6, endorsed the majority report."

Substitute to Payne's Bill

Section 1.—That the provisions of this act shall apply to the island of Porto Rico and to the adjacent islands and waters of the island lying east of the 24th meridian longitude west of Greenwich, which was ceded to the United States by the treaty of Madrid of Spain by treaty concluded April 11, 1898, and the name Porto Rico as used in this act shall be held to include the island of Porto Rico and all adjacent islands, as aforesaid.

Section 2.—That on and after the passage of this act all merchandise, customs and duties collected in the United States upon articles imported into Porto Rico from ports other than those of the United States, which are required by law to be collected upon articles imported into the United States from foreign countries.

Section 3.—That on and after the passage of this act all merchandise, customs and duties collected in the United States upon articles of merchandise coming from Porto Rico, shall be placed at the disposal of the president for the purpose of paying the expenses of the government of Porto Rico.

HALF OUR ILLS ARE CATARRH

Peruna Cures Catarrh Wherever Located.

Peruna Not a Cure-All

Peruna is not a "cure-all"; it cures just one disease—catarrh. But since catarrh is able to fasten itself within the different organs of the body, so that it permeates every part of these organs, that we must claim that Peruna cures one disease only. We claim that Peruna is the only internal, scientific remedy for catarrh yet devised. We claim that catarrh is a systemic disease; that is to say, it invades the whole system. We claim that Peruna is a systemic remedy; that is to say, it eradicates catarrh from the system. Catarrh is not a local disease. Peruna is not a local remedy. Since catarrh invades the system, only a systemic remedy can reach it. This is in brief our claim in assigning to the disease—catarrh—our remedy, Peruna.

Hooper T. Washington, President of Tuskegee College, Tuskegee, Ala., says: "I have used one bottle of Peruna and I can truthfully say that I have never taken any medicine that has improved me as much as Peruna."

There is no medicine that can take its place. Address: The Peruna Medicine Co., Columbus, O., for free catarrh book.

Hon. Wm. A. Deane, Clerk of the City and County of San Francisco, in a letter written from San Francisco, says: "I would not be without Peruna, as I have found it to be the best remedy for catarrhal complaints that I have ever used. I have tried most of all the so-called catarrh remedies advertised, and can conscientiously say that of all the remedies for catarrhal complaints recommended to me none have been as beneficial as Peruna."

Wm. A. Deane. Everybody is subject to catarrh. Peruna cures catarrh, acute or chronic, wherever located.

Hon. Thomas Gahan, of Chicago, Ill., member of National Committee of Democratic Party, writes as follows: "I was afflicted with catarrh for fourteen years and though I tried many remedies and applied to several doctors I was not able to find a cure. Finally I learned of the remedy, Peruna, through a friend who had used it. I took Peruna for twenty-two weeks, and am now entirely cured. I have every reason to think my cure a permanent one, as it has been a year since then. I can heartily recommend Peruna as a catarrh remedy; it will cure what all other remedies fail."

Major Robert L. Longstreet, who served on the staff of General Lee, General Francis V. Greene, General Arnold, of the Regulars, and General Williston, in the late war with Spain, is the son of the great ex-Confederate General, Major Longstreet was mustered out in June, and he is now in Washington trying to get rid of the pernicious malarial fever which he contracted in Cuba. He found Peruna of benefit on his return to the United States, and says the following in regard to the great catarrh cure and tonic:

"I have taken Peruna as a tonic on my return from Cuban climate and find it excellent."

Miss Jennie Johnson, Vice President Chicago Teachers' Federation, 218 Lake Park avenue, Chicago, Ill., writes: "Among the different remedies I have tried when in need of a tonic none have helped me more than Peruna. I find it especially helpful in cases of catarrh of the stomach; it restores the functions of nature, induces sleep and builds up the entire system."

Catarrh of the pelvic organs is the cause of backache and most cases of backache are caused by catarrh of the kidneys. Peruna is just the medicine for catarrh of the kidneys. It stimulates the kidneys to secrete from the blood the accumulating poison. It gives vigor to the heart's action and digestive system. Peruna should be used in all cases of catarrh of the kidneys.
