A FEW MORE POINTERS

ABOUT THE SHORTHAND AND TYPE-WRITING DEPARTMENT
OF THE

OMAHA COMMERCIAL COLLEGE,
ROHRBOUGH BRDS. PROPS.
ISTH AND DOUGLAS STS.

POINTER NO. I. Two weeks ago we challenged the proprietor of any other school teaching the Pitman, Graham or Muuson, to enter into a centest with a number of our students who are now taking Grezz shorthand. The contest was to be upon speed and legibility, nothing but new matter to be used. We offer to put up one-month students against two-month students, or two-month students against four-month students. The school losing the contest was to pay \$50 to the Associated Charities. We have not heard a single word from anyone concerning this contest. We are willing to arrange the terms of the contest or leave it to any committee. If the Pitman, Graham or Munson Systems of Shorthand are superior to the Gregg why do hese schools, which boost of doing such excellent work, refuse to enter into a contest with some of our Gregg students. Unless this challenge is accepted we will take it for granted that the merits of the Gregg shorthand are admitted by every proprietor of all our western schools. We are ready for the contest and anxious to enter into it. We will accede to almost any sort of terms in order to have it at the earliest possible moment. We want it public and are ready for it now. We have about sixty students taking the Gregg shorthand at the present time and we are willing to select almost any number to enter into it. We will accede to almost any sort of terms in order to have it at the earliest possible moment. We want it public and are ready for it now. We have about sixty students taking the Gregg shorthand at the present time and we are willing to select almost any number to enter into the school teaching the Gregg shorthand just one month to the 2d of peb. They are able to write new matter faster than any other school teaching the Pitman, Graham or Munson. We have three one-month students in Gregg shorthand who are able to write bilindfolded from 50 to 80 word

one who may call to investigate this system.

10 INTER NO. 2—We have another new class in Gregg shorthand this week. Another new class will begin tomorrow morning. Several parties have been in during the week and arranged to begin and study the Gregg shorthand tomorrow. People are rapidly becoming convinced of the waste of time spent in trying to master Pisman, Graham and Munson. Gregg shorthand can be learned in one-half the time, is easy to write, is easy to read, has one position, one slant, no shade and very few word signs. It is capable of a high rate of speed. It can be learned in one-half the time any other system can be mastered.

POINTER NO. 3.—We are now prepared to give a thorough course in Gregg short-hand by mail. All correspondence with reference to this will be promptly an-

swered.

POINTER NO. 4.—Captain Eil, the noted sea lecturer, will entertain the students of the college next Friday morning from 10 to 13 o'clock. This lecture is free to the public. Visitors will be comic as well as instructive in character. The students of the Omaha Commercial college are enjoying some rare treats in the way of lectures, encertainments, etc.

lectures, en ertainments, etc.
POINTER NO. 5.—The Gregg class in short-hand in the night school is rapidly in-creasing. If you cannot attend the day school you can learn Gregg shorthand in the night school in a few months. The rats is only \$5 per month and you can take as many branches as desired. B-237 4
