

THE FIELD OF ELECTRICITY

Development of Electric Light and its Industries is Promoted.

EVOLUTION STARTED BY EDISON'S SKILL

Origin of Wireless Telegraphy is Traced Back of Marconi-Bathing in Electric Light and its Curative Power.

About a year after Thomas A. Edison first announced to the world that he had solved the problem of how to commercially distribute the electric current for lighting purposes by means of the filament made of carbonized threads of bamboo fiber...

Recent Improvements.

In the volume of United States Consular Reports for January, 1906, there may be found a report by our consular general (Mason) at Berlin, entitled "New Soap in Electric Lighting," which gives a brief description of a new form of incandescent electric lamp...

Wireless Telegraph Before Marconi.

Like most great inventions or improvements in the arts and sciences, says a writer in the Engineering Magazine, wireless telegraphy is the outcome of the labor, not of one man, but of several.

Bathing in Electric Light.

It has been found that there are many painful ailments which when acted upon by electric heat and light rays, are completely banished from the sufferer's body.

NEW BOOKS AND MAGAZINES

Something to Interest People with a Looking For the Stage.

GREAT INVENTOR WRITES A NEW BOOK

Works of All Kinds for All Classes of Readers—Another Attractive Book Comes to the Front—Current Publications.

In his preface to "The Stage as a Career," Philip G. Hubert says: "A few months ago the daughter of an old friend came to me with the following question: 'What shall I do to earn my living? I have a pen in my hand, but I don't know enough about music to teach it; I have the idea of going into a school, even if I could get a school position, which is doubtful. Some of my friends have advised me to go into the do-it-yourself work in private theatricals. Supporting that I can earn a living salary by acting, would you advise me to do it? What sort of a life is it? What are its advantages and disadvantages? Why do some people succeed in the stage and others fail? And how shall I go about it?'"

Applying the Rays.

The bath is usually last for forty minutes or an hour, and it is in this prolonged application of the brilliant light and intense heat, bearable under no other circumstances, that the marvelous results are mainly due. The rays may be applied in three ways. They may be directly applied to the body without heating the surrounding air...

SEAT CLEANING CONTRACT

Secretary Gillson Shows that the Various Propositions Were Received as Sealed Bids.

OMAHA, Feb. 7.—To the Editor of The Bee: I observe in reading the report of the Board of Education in its report for today that your reporter has confused ordinary communications to the board with sealed bids in speaking of the seat-cleaning contract for 1906. I do not think it intentional, but I desire to have the matter set straight before the public.
