shipment of any kind received here from Omaha since he had been agent.
W. H. Dexter, who in 1883 or 1884 Paxton & Gallagher established a branch in Norfolk. In 1887 Dexter came here to take charge of the business. Rates on fourth-class goods were such that patrons on the Chicago, St. Paul, Minneapolis & Omaha railroad as far as Norfolk, east on the Fremont, Elkhorn & Missouri Valley, to West Point, south on the Union Pacific to Platt Center and all points west, could be saved about 4 cents per 100 over shipments from Fremont and Omaha. In 1887 this rate was discontinued and Norfolk abandoned as a distributing center.

W. H. Blakeman, general agent of the Piano Manufacturing company, was called and testified that owing to existing in and out rates that would make Norfolk a distributing station, but had to make Council Bluffs their base of supplies for all this territory.

In the discussion which followed it was alleged that the Short Line from Sioux City fixed rates to most points in 1883 or 1884. It is a fact that the long line from the Missouri river or from Omaha fixed rates for Norfolk.

At the close of the hearing Messrs. Mercer and Burket were asked to state the first-class rate from Sioux City to Norfolk, he reduced that to 25 cents per 100 and on all classes a corresponding reduction. This was accepted by Smith and unanimously carried. Smith moved that the Chicago, St. Paul, Minneapolis & Omaha railway be required to accept and transport all freight offered it from Omaha to Norfolk. This unanimously carried and the hearing then adjourned at 1 P. M.

SPANISH CANNON FOR OMAHA

Mercer Secures an Order for a Fine Gun for the Gate City.

BURKET ALSO GETS ONE FOR LINCOLN

Enduring Mementos of the Late Implementation with Spain Will Adorn Nebraska Parks and Parks Works for Free Delivery.

WASHINGTON, Feb. 9.—(Special Telegram)—Congressman Mercer received today from Antonio Berkeleigh information that the commanding officer of the New York arsenal has been directed to turn over to the mayor of Omaha or his order one of the captured Spanish cannon. The piece is said to be very large and very fine and is described in naval parlance as a 12-inch caliber, 15-pounder gun with dolphins and marks thereon as follows: No. 1153 Sevilla 21 de Octubre de 1793 (on base ring); scroll work, crown and monogram (on surface of piece, first reinforce); "Cibidad" (on surface of piece, chase); "Libertad de Mexico" (on left trunnion). This gun is loaned to the mayor of Omaha under the provisions of the act of August 1896. A carriage cannot be supplied with this gun, but a drawing was enclosed showing the gun mounted on a granite pedestal, which is infinitely more durable than the old pattern wooden carriage, for which the gun was designed.

Congressman Burket also received notice today from the Navy department that a gun very similar to the one secured for Omaha was ready for shipment to Lincoln for the purpose of being placed in the park. Both these guns will ornament public parks and will be objects of great interest not only to Nebraska, but to tourists as well.

Stark and Rural Delivery.

Congressman Stark is actively exerting himself to secure rural free delivery service for York, Neb. A route has been outlined to the department, covering about forty miles, and which, if established, will serve about 500 people. The department is anxious to put the service in that section of Nebraska, but it is thought the route is too long, notwithstanding the claim that the roads in York county are the finest in the state.

Congressman Mondell of Wyoming appeared before the public buildings and grounds committee of the house today in support of the senate bill increasing the cost of the public building at Cheyenne. He told the committee the difficulties which the contractors encountered in constructing the foundation of a large section of tubular steel columns to hold the superstructure on account of failure to get solid ground. This, he said, had cost the government more money for foundation work than was planned and the senate bill sought to increase the cost of the structure to \$225,000. The bill would also provide for the construction of a new building at Cheyenne.

NAVY NEEDS AN INCREASE

Needs Officers and Men—Probable Class at Annapolis Will Be Made Larger.

WASHINGTON, Feb. 9.—The navy is short of enlisted men and also officers, and it is probable that congress will be strongly urged to act as to the latter deficiency. As the former, although the shortage is not so serious, it is probable that congress will authorize the employment of more, and all that is lacking is volunteers. But as for the officers, with the increased number of ships in commission, and the additional \$1,000,000 having been added each year since 1890 to the amount set apart for the government, in that year Nebraska and South Dakota received \$150,000.

Senator Warren's bill appropriating \$500 for the erection of a monument to mark the site of the Fort Kearney massacre in 1866 passed the senate today. The bill appropriating \$200,000 to purchase a site for the erection of a public building at Deadwood passed the senate today.

Second Lieutenant Conrad S. Babcock, first cavalry, is ordered from San Francisco to Fort Robinson to join his regiment. Congressman Gamble and Burke today received petitions signed by 139 residents of Douglas and Charles Mix counties, S. D., asking them to support a resolution of sympathy for the Boers in their present struggle for independence. It was referred to the committee on foreign affairs.

Congressman Gamble and Burke today recommended Ethel Sheild for postmaster at Red Fern, Pennington county, S. D., and William A. Hudgins at Bixby, Custer county, S. D.

Postmaster appointed: Nebraska—J. T. Burton, Big Horn, Sheridan county; J. A. Bell, Resinger, Iowa—F. F. Moeller, Artesian, Bremer county; Ernest Pace, Calumet, O'Brien county; J. W. Himes, Campbell, Polk county; Chris Jensen, Graettinger, Palo Alto county; and A. Rieke, Industrial, Webster county.

An order was today issued establishing a postoffice at Webb, Clay county, Ia., with William C. Gannaway postmaster.

WOMEN DISCUSS SUFFRAGE

State Presidents Tell of Progress in Their Territories to the National Convention.

WASHINGTON, Feb. 9.—The morning session of the National American Woman Suffrage association was devoted to addresses by state presidents. All the speakers told of satisfactory progress in their respective states during the last year and outlined plans for carrying on the work in the future. A unique report in the form of a poem was presented by Mrs. Margaret Rose of Oklahoma, who told of her efforts to secure suffrage in that territory and the advance made there. Mrs. Willard of Michigan regarded the visit of Miss Susan B. Anthony as the principal event in the history of the cause of women in that state in the last twelve months.

Others who took the addresses were Henry P. Blackwell, Massachusetts; Mrs. Cranston, Delaware; Mrs. Thomas, Georgia; C. W. Powell Thompson, District of Columbia; C. W. McCulloch, Illinois; Mrs. Avery, Indiana; Mattie L. Romans, Iowa; Annie L. Digger, Kansas; Caroline L. Merrick, Louisiana; Lucy Hobart Day, Maine; Mary B. Thomas, Maryland; and Lavina A. Hatch, Massachusetts.

The report of the treasurer, which was presented, showed a satisfactory balance and increased receipts during the year. The committee on credentials was announced as follows: Harriet Upton Taylor, Ohio, chairman; Mrs. Sweet of New York and Mrs. Luckie of Pennsylvania.

MONEY FURNISHED FREELY

One of Clark's Boomers Receives Liberal Contributions in Cash.

WASHINGTON, Feb. 9.—A. J. Steele was cross-examined in the Clark case today. He said he had participated in the fall campaign of 1898, with Mr. Clark's friends. He had made a trip to Great Falls before the election and also another one after the election. He said that he had taken \$700, which Mr. Davidson had given him, and on the second \$300. Mr. Davidson had also given him money for expenses incurred in other trips made throughout the state. Witnesses said that at that time he was a bankrupt, having failed in business. He had kept no account of expenditures, but whenever he wanted money he went to either Mr. Davidson or to Mr. Wellstone.

CABINET HAS SHORT SESSION

Discusses the Need of the Plague Sufferers in Honolulu.

WASHINGTON, Feb. 9.—The cabinet had a short session today in order to attend the funeral services of General Lawton. The principal subject of discussion was the plague situation in Hawaii. It was pointed out that the necessities of the case required the destruction of a large number of cabins in the poorer sections of the city of Honolulu and that in consequence many of the natives are homeless and in a destitute condition. Apparently there is no legislative authority to meet the situation by the appropriation of money for that purpose.

Democrats on Their Feet. By this time the whole democratic side was aroused. A dozen members were on their feet. Talbert, thoroughly angered, started down the aisle shouting "order, order, order." Mr. Chairman, as he approached, he reached the area in front of the speaker's rostrum, all the while roaring out his denunciation of the chairman's arbitrary course, before the chairman condescended to recognize him.

WASHINGTON, Feb. 9.—When the senate convened today Mr. Allison presented the credentials of his colleague, John H. Gear, re-elected senator from Iowa, for a term of six years from March 4, 1901. The credentials were filed.

Bishop McCabe. The Famous Minister's Experience with Coffee.

The well known bishop said to one of his friends, some years ago, "I was a great sufferer from severe headaches, and at times after traveling many miles to dedicate myself to the service of my fellow men, I found my mind confined to me when the time came, and was unable to carry out my work. I finally discovered that when I left off coffee for a few days, the headaches disappeared, and by further experiments discovered that the coffee was the cause of my trouble. I finally discovered that when I left off coffee altogether."

Investigation is concluded. Charges of Polygamy Against Federal Appointees Result in Finding One Indictment.

WASHINGTON, Feb. 9.—The investigation of charges as to the polygamous status of certain federal appointees was practically concluded today by the house committee on postoffice and post roads. A letter was received from the United States district attorney at Salt Lake City, stating that an indictment had been found against one of the postmaster's appointees, but doubt was expressed as to whether the evidence to sustain the indictment would be brought within the statute of limitations. A subcommittee was appointed, consisting of Messrs. Brownlow, McPherson and Briggs, to draft the report, which will later be submitted to the full committee. It will be mainly a recital of the facts developed at the hearings concerning the protests made and the legal proceedings against the parties. It is expected that the report will be unanimous, and there is no division of opinion on the facts submitted to the committee for inquiry.

Jones Offers Substitute. Wants Free Silver Bill to Take the Place of the Existing Currency One.

WASHINGTON, Feb. 9.—Senator Jones today introduced a free silver currency substitute for the pending currency bill. The substitute provides that "from and after the passage of this act the mints of the United States shall be open to the coinage of silver and there shall be coined dollars of the weight of 412.5 grains troy, of standard 9 to 16 as provided by the act of August 18, 1873, and upon the same terms and subject to the limitations and provisions of law regulating the coinage and legal tender quality of gold." The substitute also provides that whenever the silver coins shall be received into the treasury certificates may be issued for them in the manner now prescribed by law.

Mail Carrier Arrested. WASHINGTON, Feb. 9.—The postoffice department has been informed of the arrest by an inspector of Bartlett Woolley, a carrier on the star route between Dixon and Van Cleve, Mo. Woolley is accused of rifling the mails and seven registered letters, which had been buried by the roadside, were recovered with their contents intact.
