THE OMAHA DAILY BEE: SUNDAY, FEBRUARY 11, 1900.

Remarkable Degree of Popularity that Bowling Has Gained in Omeha.

EXPERTS EXPRESS VIEWS ON THE SPORT

Reasons Given for Non-Organization of Clubs-Suggestions to Young Bowler-Lentz Makes Record at Mine Pins.

Local interest in bowling, which was manifested last fall when indoor sports first came in vogue, has continued unabated and is more apparent at this time than ever before in the history of this popular sport in Omaha. A large number of young and mid dle-aged, and, indeed, some old men who had never bowled before, were attracted by the popularity of the game, and some of these beginners have developed into expermanipulators of the howls.

Several of the down-town alleys are througed afternoon and evening, and in one of the most accessible resorts, where regulation alleys are maintained, it is a difficult matter to find an empty alley. Parties of bowlers frequently are compelled to await thenr turns, and the delay at times lengthens into an hour or longer.

The popularity which bowling has attained in Omaha is by no means scrange, All who are devotees of the sport bear wit ness that it provides excellent exercise and necessitates a degree of proficiency on the part of the players sufficient to enhance interest in the game. As to its fascination one needs only to visit the alleys a few times to ascertain that the attraction is strong enough to bring the same men together at every opportunity, anxious to engage in a game of ten pins, nine pins, sevenback, four-back or cocked hat.

Of late the question has frequently arisen as to why the bowlers do not hand them. selves into clubs and engage in match games. This has been deemed inadvisable by the promoters of the sport in Omaha because of the limited number of alleys posscored by any of the bowling resorts. The proprietors of the alleys have rather discouraged such organizations because they derive more remunerative benefit from general play than they would from match contests. In general play the game is changed to suit the fancy of the players and the where the players are engaged in an exhibition contest.

"We expect," said the proprietor of a local Moines. bowling resort. "to enlarge our facilities the clubs, which will undoubtedly be er- and pays a salary. ganized by that time. Thus far bowling in Dr. A. A. Knife, one of the best known refusal on such pretexts as retirement from has been our effort this season to increase teams and train all contestants for track interest in the sport and recruit new players into the ranks. When the clubs ore ready for formation the ability of the players who have been bowling right along will be able to select the men who have shown basket ball and foot ball teams, and will themselves most proficient."

"I saw a young man who had never howled a game in his life initiated into the sport PALAVER OF THE PUGILISTS the other afternoon by playing a game of tenpins," said a local bowling authority a day or two ago. "He was rather slight in build and the result of the two hours bowling he engaged in left him sore and crippled the next day. In all probability he lost all interest in the sport and may not bowl again. He made a mistake in playing tempins on the start. The heavy balls used in this game will tell on the strongest I used in bowling by playing games on the

start where the smaller bowls are used. 'One of the strongest arguments in sup-

straight scores he made and some of these were accomplished on extremely difficult howle, but each time all the pins but one were deftly knocked down. Lents continued into the next game and added eight more scores to the first ten, making a record of eighteen straight scores at ninepins.

During this exhibition Lentz began his lever work on the seventh bowl in the econd game. He scored four straight from this point in this game, missed one in bowling off the tie and on the second attempt scored acother. Then followed the marvelous exhibition when he made eighteen straight. Computing from the score made

on bowling off the tic with his opponent he scored nineteen straight and, figuring from the seventh bowl in the second game through the second bowl in the fifth game, he scored twenty-five out of twenty-fight bowls.

IOWA'S ATHLETIC AFFAIRS Dual Field Meet Between State Universities of lowa and South

Dakota Being Talked Up. IOWA CITY, Ia., Feb. 8 .- To the Editor of The Bee: A dual field meet between the State Universities of Iowa and South Dakota, to be held the middle of May in Sioux City, is being talked of and will probably be held. Special trains will be run from Vermilion and Iowa City, and

hundreds of rooters from both schools will make their presence known. This will be the first athletic meet Iowa has ever had with a school outside of the state. lowa is on probation, as it were, in uthletics. Last spring it won first place in the state athletic field meet at Des Moines, and in the fall made the greatest record in

foot ball ever known anywhere. But other universities look upon lowa's success as transitory and are not willing to believe it was the result of hard work, training and

merit. To prove that it is justly entitled to its place as western athletic champion. Iowa is already preparing for this year's contests on track and field. Dr. A. A. Knife, the famous coach, will stay with Iowa this year, in spite of the flattering offer made him to gastronomical standpoint in his next fight become athletic director of the University If he should win it will be one of the big surprises of the season. of Minnesota, with a full professorship on

this contest. It is a trifle strange, but true George W. Egan, president of the University of lowa Athletic union, has been nevertheless, that McCoy's flasco with elected president of the State Athletic association of Iowa college.

the faculty.

Fred C. McCutchen has been re-elected next summer by the addition of four or six general manager of all university athletic he will put up a game fight. The big Calinew alleys. Then we will be prepared for teams. The office has been created recently fornian is still anxious for another chance

Omaha is rather in its infancy so far as coaches in the country, will continue as the ring his championship honors will be general public interest is concerned, and it athletic director and will coach all athletic full of emptiness. events in the state field meet.

The medals won by the University of lowa McGovern, the featherweight champion, has in the state field meet last May have finally a fight booked for March 9, when he will reached lowa City. They are in the hands meet Oscar Gardner. The latter is quite be carefully weighed and the captains will of John G. Griffith, captain of the 1900 likely to fall before the onward sweep of soon be given to the winners of the several J. E. CAMPBELL. events.

> Central Figures in the World of Fighters Have Matches Arranged for Near Future.

While Tom Sharkey is making extensive $\begin{array}{c} reparations for his fight next Tuesday night with Joe Goddard he has not for a moment lost his intense desire for a return match with Champion Jeffries. It begins to look with they were parties, but which failed new, too, as though a return engagement between the two central figures in heavy-wight circles will be arranged, and such being the case Sharkey has any number \\ \hline being the case Sharkey has any number \\ \hline being the case Sharkey has any number \\ \hline being the case Sharkey has any number \\ \hline control and the case Sharkey has any number \\ \hline$ preparations for his fight next Tuesday night man unless he has developed the muscles between the two central figures in heavybeing the case Sharkey has any number the Santry money came from sources which friends who are ready to stake their all had been informed that arrangements had upon his success. Tom O'Rourke, manager been made whereby McGovern would not for Sharkey, has deposited \$1,000 for a knock the Chicago boy out. The scheme is match with Jeffries. This came about as denounced by the managers of Tattersalls, the result of a declaration made by Jeffries' where the fight took place. They assert manager, W. A. Brady, who said that if their ignorance of any such a proposition Sharkey was so anxious for a return match having been seriously considered by anyone with Jeffries he would do well to afford in authoritative position. Their position and and the herculcan efforts some beginners \$1,000 deposit is certainly sufficient evidence of good faith and it is now "up" to Brady. are the ones at whom all manner of fun and Sporting enthusiasts will be disappointed the ability to bowl a slow, easy hall and it if Brady does not cover the forfeit and enter into negotiations for another match between Jeffries and Sharkey. Ordinarlly, sporting men are not inclined to countetrol the ball. He will gradually find him- name the demands of a defeated pugllist for self able to put the speed into the bowl a return fight. In the case of Jeffries and necessitated by the ever-varying circum- Sharkey, however, the conditions are exceptional. Sharkey was in the fight for the whole twenty-five rounds, and the statements that he was game to the last are Charles M. Lentz, who is one of the most more than substantiated by the reproduction clever and most enthusiastic towlers in the city, established a record at ninepins re-house last week. The awarding of the decently which entitles him to consideration eision to Jeffries raised a great rumpus, and in the bowling world at large. He started yet, in all fairness, it is but right to credit in to bowl with no expectation of estab- Referee Siler with making the decision he lishing a record and in the first game played believed warranted by the fight. If Sharkey made but one score. In the second game had been disposed of in a few rounds the he tied his opponent on six scores and on conditions would be entirely different. His the second attempt to settle the tie he requests for another match would well be scored, while his opponent drew a blank. I considered lightly. Under the circum-

Rheumatism.

Lame Back.

The cause of Rheumatism, Sciatica, Lum-

The cause of Rheumatism, Sciatica, Lum-bago and so many other diseases is a lack of nerve force. With this weakness of the nervous system the digestive organs get de-ranged and the food not being properly di-gested turns sour and the result is that the acid is taken up in the blood, making it acid instead of remaining alkaline. Nature, as usual, tries to throw off the impurities in the blood, and succeeds to some extent while the weather is mild and the patient is not exposed in any way, but

the patient is not exposed in any way, but just as soon as there is a change in the weather, either cold or dampness, then the

weather, either coid or dampheas, then the acid cannot get out and there are chills, pain in the back, kidneys, muscles and hones, shooting pains in various parts of the body and swollen joints. Electricity as applied by my

Eliminates the cause, uric acid and other impurities, as thousands who have drugged themselves for years without any relief do testify. The most obstinate cases are read-

testify. The most obstinate cases are read-ity relieved and promptly and permanently

"IN THE WORLD OF SPORT The third game found Leniz in excellent stances, however, Jeffries can preserve his honors untarnished only by agreeing to meet orm and he bowled heautifully. Ten honors untarnished only by agreeing to meet Starkey again. Sharkey's friends will await with con-

iderable interest the showing he may make n his fight with Joe Goddard. The sailor is now in training near Philadelphia, and while preparing for the Goddard fray is also getting himself into condition for his match with Choynski, which is scheduled to come off March 3. Sharkey ought to easily dispose of Goddard, although he admits he going up against a dangerous man, one whom he appreciates he must deal with carefully.

Jeffries and Corbett are in training for their forthcoming fruy, which will be held in San Francisco March 15. The important preliminaries relative to the place of the fight were arranged last week and the Golden Gate city was selected. Interest from now on until the fight comes off will center in the training operations of the two fighters. Jeffries is at Hot Springs, Ark., and has with him as his principal trainer Tommy Ryan, the pugilist who was his right hand bower when he was prepar ing for the match with Sharkey. Recently Jeffries was thoroughly examined by a physician and the medical man, as well as the champion, is confident that his arm, the tendons of which were hurt while practicing with a medicine ball before his contest with Sharkey, will be as strong as it ever was by

the time Jeffries gets through his course of baths and light training. Corbett's training quarters are in New Jersey and he is studiously devoting his attention to preparations for his blg fight. The ex-champion is said to be perfecting a de fense that will stop the terrible right-hand body blows of Jeffries that almost put Sharkey out of the game. He does not think that Jeffries can land on him effectively, but the ex-champion is developing his left forearm to use as a block in case of an emergency.

One of the interesting fights of the present month is booked for the 23d, when Joe Choynski and Joe Walcott will meet before the Broadway Athletic club. The latter has bit off a pretty big chunk from a pugilistic Choynski is by all odds the favorite in

Choynski in which the Californian was undoubtedly robbed of a justly earned decision.

50-Resigns,

ATHLEFICS AT HIGH SCHOOL

Association Will Be Reorganized with Increased Membership - Blizzard Interrupts Cross-Country Run,

A mass meeting of High school students will be held tomorrow afternoon to reor-ganize the Athletic association on a bronder basis, and it is assured that the number of members will be increased to 500 at once. the rolls at present bearing only about 100 names. A new interest has been recently taken in the association by pupils and teachers allke and it is expected to become a much more important part of the school life. The constitution will be changed in several respects and the dues will be decreased. It is probable that no change will be made in the officers, who are Percy Powell, manager, and Earl Palater, a cretary and treasurer. As soon as the reorganization is effected every effort will be directed toward preparing a worthy track team to represent Omaha at the State Inter-scholastic meet in June.

The contemplated run planned by the Cross-Country club for Friday was interfered with by the blizzard. About forty athletes had promised to be in attendance and the interruption was a serious disappointment to the promoters. The runs will

be resumed on Wednesday afternoons and Saturday evenings when the weather permits.

You know very well how you feel when your liver don't act. Bile collects in the blood, bowels become constipated and your whole system is poisoned. A lazy liver is an invitation for a thousand pains and aches to come and dwell with you. Your life becomes one long measure of irritability and despondency and bad feeling.

Act directly, and in a peculiarly happy manner on the liver and bowels, cleansing, purifying, revitalizing every portion of the liver, driving all the bile from the blood, as is soon shown by increased appetite for food, power to digest it, and strength to throw off the waste. Beware of imitations! 10c., 25c. All druggists.
