Edmisten, the populist candidate for the elericship, expressed some surprise when he heard of the reported appointment of Herdman. In past years it has been the custom of the clerk to appoint all employes in the court and library, but it is? learned that the popocratic majority of the present court has decided to institute a reform in the manner of disposing of positions and hereafter will make all appointments passage by the natio themselves. H. M. Leavitt of this city, a democrat, has also been promised a position in either the office of the court or the FUNERAL OF A NEBRASKAN library. It will be necessary for the new derk to retain several of the office and library employes for a considerable length of time or until their successors become thoroughly acquainted with their work.

It is supposed that D. D. Lynch of this will succeed E. W. Nelson as deputy land commissioner. Lynch has been employed in the land office for several years and will receive the endorsement of Senator Allen for the promotion.

Some Surprise.

Lincoln. Feb 22—(Special.)—It was learned this afternoon from reliable sources that at the sitting of the supreme court Tuesday Judges Holcomb and Sullivan decided to appoint Lee Herdman of Omaha to the position of cierk of the court and librarian. Pap position now held by D. A. Campbell.

From the same sources it is learned that Wilbur E. Bryant of Harting:on will be made official court reporter, to succeed Charles F. Rose, and that Eland W. Nelson of the land commissioner's office will succeed Edward J. Streight as analstant cierk.

Herdman is a well known democrat of Douglas county and the other two men are populiate. Mr. Nelson being the secretary of the populist state central committee. Mr. Hryant was deputy insurance commissioner under the Weaver law until that act was declared unconstitutional by the supreme

under the Weaver law until that act was declared unconstitutional by the supreme court. Although his home is in Hartington Bryant announced soon after he was relieved of his office that he would remain in Lincoln, and it was generally understood at the time that he had been assured a position under the supreme court dispensation.

While these appointments have not been officially announced there is every reason to believe they are as stated. When asked conserving the truth of the report Nelson smalled and refused to be interviewed, simply saving an otherwise proper conditions of manufacture; otherwise proper conditions of manufacture; that such inspectors shall be made re-sponsible to the state agricultural depart-ments or to the state experiment stations;
