Appointment of Committee to Recommend Candidates Criticised. Although there was no open opposition at the meeting last Tuesday night in the city hall to the naming of a committee for the purpose of selecting a ticket to be recommended to the republican voters at the primaries, this innovation in city politics has been the subject of much talk and criticism, especially among the rank and file of the party. Many assert that no faction or set of men shall dictate to them whom they shall

or whom they shall not nominate.

While everyone is pleased to see the business men take an active interest in local politics, the general opinion is that they should do so by turning out to the caucuses and casting their ballots for the men whom they desire to see the party's candidates, and not hold secret meetings at which a ticket is fixed up for the purpose of thrusting upon the voters. Although it was expressly stated at the meeting Tuesday night that the purpose of the committee was simply to select eandidates for each office and then recommend them to the republican voters at the coming primaries, still there are many who look upon this as a usurpation of their rights and, judging from the talk on the streets. it looks as though the ticket selected by this

committee will meet with a cold reception. The rank and file of the party, it is said. object to any set of silk-stockinged politic ians, as they term them, attempting to dictate the party nominations and will resent it at the primaries. Old-time politicians who have been in many fights do not regard 1,000 the committee seriously at all and are rather 1,350 pleased than otherwise to see the business men taking an interest in local politics, even 2.573 if they are going about it in the right man-

> A prominent republican who was present at the meeting Tuesday night as a spectator and did not take any part in the proceedings, when asked what effect he thought the committee appointed by C. M. Mother's Story of Baby's Cure

Of a Most Distressing Humor by the Cuticura Remedies.

When our baby was a week old, eczema appeared on the top of her head and spread all over her scalp, face, and forehead, forming one mass of sores. You can realize how much she must have suffered, when she scratched at times till the blood ran intermingled with water. Our family doctor's treatment proved ineffectual, as the disorder, instead of abating, developed more. We then stopped all medical treatment, and commenced with Curicura Remedies. We used the CUTICURA RESOLVENT, CUTI-CURA Ointment, and CUTICURA SOAP, all traces of the eezema disappeared, the skin and scalp were left perfectly clear and smooth, and she was entirely cured.

My oldest boy, age nine years, was troubled with sores on different parts of the body, especially on the leg, about twenty-four in all. They were about the size of a five-cent piece, and would fester very much and eject a pus-They were very painful.
