rejoiced the occasion of her majesty driving through the town on her way to take a train for a visit to the wounded South African soldiers at the Netley hospital to give vent to their delight. The queen, who was looking remarkably well, showed evident signs of deep satisfaction, smiling continually and bowing in response to the congratulatory cheers greeted her on all sides. Her majesty took quantities of flowers to distribute to the wounded.

All the garrison towns and naval ports received the news with the liveliest satisfaction, soldiers and sailors vying with each other in displays of delight. A letter has been received from a man in the First Dragoons, now in South Africa, containing the report that a supply transport reached Ladysmith during the engagement at Spionkop. He says the Dragoons were the escort of the transport, which was seven miles long, and adds, "That is why Buller engaged the enemy at Spionkop. Old Buller knows what he is doing and all are willing to follow him in spite of his reverses." Immense crowds awaited the queen at Netley and cheered themselves hoarse. The village was gaily decorated with flags and her majesty's reception on the hospital grounds presented a scene of enthusiasm, the brilliant and bright uniforms adding color to the surroundings. The sovereign was visibly affected as she witnessed the words and spoke in the most kindly terms to numbers of the wounded.

There is no prouder person in England tonight than Private A. E. Cole of the Second Royal Canadian who is the only wounded Canadian so far known in England and who was specially honored by the queen and other members of the Royal family who visited Netley today. Noticing his regimental name, the queen asked to see him. "This is a bright fellow, 25 years of age, was ushered into her majesty's presence and she tenderly inquired as to the circumstances under which he was wounded. Cole saluted and replied: "It was on the occasion of the march to Sunnyside, your majesty. Our regiment advanced to the attack, and while crossing open ground I was shot through the foot."

The queen expressed sympathy with Cole's suffering and showed a keen appreciation of the loyalty displayed by his comrades and himself in volunteering for active service. The Princess Beatrice also spoke in a kindly manner to the young Canadian, who arrived in England a week ago and is progressing favorably. A newspaper man who asked for Cole's opinion of the Boers, received the following reply: "I guess they are sticking to it all right. But for forty-two prisoners we captured at Sunnyside were all English."

EFFECT OF ROBERTS' STORY

Crowds Gather About War Office and Enthusiasm is High in Spite of Rain.

LONDON, Feb. 27.—The enthusiasm exhibited in Parliament over Lord Roberts' graphic details of the surrender of General Cronje spread quickly to the streets. Crowds of people again gathered about the War office and the other bulletin places, in spite of the rain that was falling at the time and which had been falling since morning. Frequent cheers were given for "Boys," who are the hero of the hour and are being gloriously honored in the capital.

BUFFALO, N. EFFECT OF WAR NEWS IN PARIS

News of Cronje's Surrender Rather Unexpected and Makes Great Impression in France.

PARIS, Feb. 27.—The news of the surrender of General Cronje made a considerable impression in Paris, especially as, although the press dispatches represented the Boer commander's position as hopeless, Lord Roberts himself had been so unexpectedly reticent during the last few days that he misled people here into the belief that Cronje's situation was less critical than it really was.

THAT INDIAN SUPPLY DEPOT

Appropriation of Ten Thousand Dollars is Retained in the Bill.

SO DECIDED BY SENATE SUBCOMMITTEE

Gambie's Bill Creating Branch of National Soldiers' Home at Hot Springs is Assured of Passage.

WASHINGTON, Feb. 27.—(Special Telegram.)—The senate subcommittee having charge of the Indian appropriation bill today decided to retain the appropriation of \$10,000 in the Indian bill to carry out the provisions of former legislation creating an Indian supply depot at Hot Springs. It was thereupon disposed to cut the appropriation to \$5,000, as recommended by the secretary of the interior, but Senator Thurston, as chairman of the committee, said he would rather accept the item as it stood than run the risk of having a debate over it in conference, which might result in the whole item going out. Platt of Connecticut, who believed in paring appropriation bills to the bone, finally wavered and acquiesced in the measure.

Home at Hot Springs.

Captain Patton is much elated tonight over the fact that Gambie's bill erecting a branch of the National Soldiers' Home at Hot Springs, S. D., was unanimously reported from the military affairs committee of the house today. The bill appropriates \$100,000 for the erection of a sanitary home, one-fourth of whom are afflicted with rheumatism, and as the waters of the Hot Springs are especially adapted to rheumatic ailments, it is expected that the government will have to provide accommodations at Hot Springs for many veterans of the civil and Spanish-American wars.

Deposits of Clark Money

Accounts of Montana Legislators with Banks Put in Evidence in the Investigation.

WASHINGTON, Feb. 27.—Proceedings of the senate committee on privileges and elections in the case of Senator Clark of Montana, today were resumed at the hearing of the accounts of some of the members of the Montana legislature. One of these accounts was that of Representative Stephen Bywater of Flathead county, who deposited \$15,000 in the Bank of Montana at Helena on March 3, 1893. Clark's committee today asked the legislature to put on the stand. He said that he had brought \$6,000 of this sum to Helena with him and kept it in his trunk all winter, while \$9,000 had been received from his brother as a donation to the bank.

DELEGATES WANT FREE TRADE.

Porto Ricans Now in Washington to Negotiate with President.

WASHINGTON, Feb. 27.—Members of the several delegations from Porto Rico now in Washington, having read the compromise measure adopted at the republican conference last night, are united in a statement to congress in which they say that the idea and object of a tariff is repugnant to them and that they are content to stand before their people and the people of the United States on the general broad proposition that the island is entitled to receive absolutely free commercial relations at once. They call attention to the fact that the United States government, through the State de-

partment, recently negotiated a treaty with the island of Trinidad, in the West Indies. By this treaty, the United States and a direct competitor of Porto Rico, by the terms of which treaty Trinidad is to receive from the United States, free of duty, all articles of machinery and implements and articles of husbandry and nearly all food supplies, the free list for Trinidad being far larger than that of Porto Rico by executive order, all of which it is proposed to tax under the tariff bill now pending in congress. The delegations consider this unfair.

was some sense, but that we should remain there with our army, receiving the military leadership of a chief of one of the sixty tribes and assume responsibility without authority.

"In the history of the world," he said, "such a mistaken strategy is never known for wisdom, even in the annual of a former political party. If this government withdrew it would at least take its baggage with it. (It stayed.) It would stay of its own right."

All Revenues Collected Under the Temporary Measure Will Benefit Porto Ricans Only.

WASHINGTON, Feb. 27.—It was stated by a member of the cabinet today that the provision in the Porto Rico compromise tariff bill which stipulates that all revenues collected under the temporary measure imported from the United States and elsewhere shall be expended in the island for the benefit of its people is the prominent feature which reconciles the president to its passage. With this provision in the bill, the free list for the island would be, in a measure, the same as free trade, which the president recommended to congress in his message.

TRAIN WRECK A CREMATORY

Three Women Are Killed in an Accident Near Kansas City.

ONE VICTIM A FRIEND OF MRS. M'KINLEY

Wife of J. G. Schmidlapp of Cincinnati, Prominent in Business and Society—Her Daughter and Mother Killed.

KANSAS CITY, Mo., Feb. 27.—On the main line of the Missouri Pacific road, the fast St. Louis day express, on the Missouri Pacific road, due to arrive in Kansas City at 5:45 this evening, was delayed by a freight train which stuck in a snow drift two miles south of Independence. Mo., about twelve miles out of Kansas City. The St. Louis local passenger train, running forty minutes behind the fast express, came on through the blinding snowstorm and crashed into the express train ahead, the engineer having failed to see the danger signal which the freight train had set back.

Such was the force of the collision that the parlor car, in the rear of the freight train, was cut in two. When Engineer Frank Raymond and his firemen escaped from the wreck they crawled out through the window of the parlor car. Fire added to the horrors of the wreck, coals from the furnace of the shattered engine having fallen among the debris of the splintered coach, and soon the whole wreck was ablaze. At least two, and probably three, persons, it is believed, were burned to death.

A list of the dead and injured, so far as known, follows: MRS. J. G. SCHMIDLAPP, Cincinnati, instantly killed; body recovered. TWO UNKNOWN WOMEN, bodies consumed in wreck. Injured: Mrs. J. G. Schmidlapp, Cincinnati, will recover. Miss Schmidlapp, Cincinnati, scalded; will lose sight of both eyes. Mrs. J. B. Hark, Cincinnati, mother of Mrs. Schmidlapp, badly scalded; eyesight lost, but may recover. W. R. Vaughn, Cincinnati, newspaper reporter, scalded and right arm crushed, amputation necessary. L. F. Shelton, Sedalia, assistant superintendent of telegraph of Missouri Pacific, painfully scalded. Brakeman Frank McAfee, St. Louis, badly scalded. Mrs. Elizabeth Peters, Kansas City, scalded. Mrs. Elizabeth Lee, Cincinnati, scalded.

The strikers, who were orderly, appointed a committee to consult with the contractors. The present rate of pay for a day of ten hours work is 20 cents. They are compelled to work from sunrise to sunset for 30 cents.
