THE OMAHA DAILY BEE: WEDNESDAY, FEBRUARY 28, 1900.

NEW RATES ARE SURPRISING its St. Louis train, at present known as the

Western Ratemakers Agree Upon Certain Reductions and Concessions.

Numerous Changes Will Become Et-

the hature of a compromise, but is, neverthe-less, a reduction, the present rate being 45 Easts. Prior to February 12 the rate was 26 cents per 109 pounds. Were enroute to St. Faul. H. G. Clark, general superintendent of the Missouri Parific, with headquarters at St. Louis, and Superintendent C. M. Rathburn 26 cents per 100 pounds.

Effective March 8, lumber rates will be applied to shipments of unfinished vehicle ! and agricultural implement wood, and on wood of this nature dreased in the white and partially finished a rate 3 cents higher than the lumber rate will be made effective. In both instances the new rates will be reductions.

The rate-makers did not intend that all their change should be in the nature of reductions, and to avoid such an outcome decided to apply a proportional rate of 10 cents per 100 pounds on all carload lots of lumber from Mississippi river points. East St. Louis to East Dubuque inclusive, to i Omaha, South Omaha and Council Bluffs on | shipments originating oast of the Indiana-Illinois state line. This new proportional rate becomes effective March 20. Some of the railroads have had in operation a lower proportional rate than 10 cents, and its Millard. adoption will result in an additional expense ; to the lumber dealers in the transportation of their lumber.

Among other changes decided upon, most of which interested commercial men will cognize as reductions, are as follows: Effective March 8, wheat flour rates will be applied to buckwheat and pancake flour. shipments; on and after March 18, agricultural implements and vehicles returned to shippers will not be accepted unless charges are fully prepaid; March 18, shipments of stoneware, where class B rates are applied, will be governed by a minimum weight of 20,000 pounds; cementico in carload shipments between Omaha, South Omaha, Coun-Bluffs and Minneapolis and St. Paul will have a minimum weight of 30,000 pounds and a rate, materially lower than at present, of 22 cents per 100 pounds. minimum weights on sash, doors and blinds after March 8 will be 20,000 pounds in cars less than thirty-four feet in length and 24,-000 pounds in cars of thirty-four feet or over; clayed bagging and brown cotton bags and bagging, straight or mixed carloads, will take the same rates as brown cotton bagging in carload quantities; effective March 18, agricultural implement rates will be applied on shipments of parts of agricultural implements, in straight or mixed carload lots; carload shipments of oat products from Sloux Falls, S. D., to Omaha, South Omaha and Council Bluffs will take a rate of 15 cents per 100 pounds March 8, and shipments to southwest Missouri river points will be 21/2 cents higher.

DENOUNCE SCHEME AS A FRAUD.

CITY COUNCIL PROCEEDINGS "St. Louis Express." Its former name, the St. Louis Cannon Ball," will be resumed for the reason, as set forth by City Passenger Agent Harry Moores, that it is the Municipal Fathers Meet and Transact Batch fastest train and abortest route to St. Louis. On and after the date mentioned the train will leave Omaha at 5:05 p. m. instead of 1.45 p. m., arriving in Sr. Leuis at 7 o'cloch UNIXPECTED BICAUSE OF LATE ADVANCES the next morning, as at present. This will LITTLE OF IMPORTANCE IS TAKIN UP shortes the running time twenty minutes. Returning from St. Louis, the train will Meeting Will Be Held Tomorrow leave that city at 7:30 p. m., as at present,

Commission Proposition Recent Viewed with Suspicion.

The recent abolishment of commissions by the railroads of the country has resulted in the springing into existence of an institution in Chicago which is viewed with suspicion by the general passenger agents and city licket agents in Omaha. Letters have been received by all the city passenger agents in this city and it is understood similar letters have been sent every ticket agent in the weat, peatly typewritten upon finely-lithographed stationery, emblazoning forth at the head the fact that the "Western Coupon Ticket Agents' Association, 1562 Monadnock Block," of which H. S. Creighton is the secretary-treasurer, has been organized. The letter addressed the agents reads in part as follows:

"Dear Sir: You are well aware of the action of the various passenger associations discontinuing payment of commissions. We are making an organized effort to overcome this recent ruling, and if promptly and properly handled in an economic and syste matic manner we have every assurance of success. Various weaker lines that have heretofore enjoyed an increased revenue by the payment of a commission were not desirous of entering this compact and will willingly allow the ticket agent that small compensation to secure the traffic. Commissions have always been a nice increase in our monthly salary and is only a just

sompensation for services rendered. "The action of this association will necessarily be for the benefit of those who are members and are willing to assist in a substantial manner. Every possible action in a legitimate manner will be taken to bring about our ends and secure results. Under existing conditions commissions cannot be paid as formerly through the various general office, and this office will be an agency for

adjusting commissions for the various lines. that so desire. Members will be advised of all lines that desire commissions handled in this manner.

Enclosed you will find a blank application for membership, which you are requested to fill out and forward, together with \$5 (money order or draft), payable to the order of the treasurer of this association

'The membership of this association will be kept inviolate, but should you not desire your name to appear the application sent in numbered and recorded in our office. Mail the application with membership fee and you will be entitled to the benefits of this association.

We desire your hearty co-operation, and if handled promptly before affairs adjust themselves we are assured of success.

St. Louis Train Will Change Time Beginning March 1 the Omaha & St. Louis railroad will change the name and time of
