ACYNCIAUS HAINING HAINING HAINING TANAIN TO Wine of Cardui for Working Women.

Trinchera, Colo., Dec. 15, 1898. I wrote you last summer and you advised me to take Wine of Cardui and Black-Draught. I have taken three bottles of the Wine, and four packages of Black-Draught, and I am glad to let you know that I am better ever since I took the first nine doses. When I first began taking your medicine I was in bed, and I tried several doctors and they didn't do me any good, but now I can do all my work, and don't get tired. I think I have had all the troubles that could afflict a poor woman; my back hurt, as did my head and legs, and I had a sick stomach every time I ate anything. Now I can eat anything and it does not hurt me and I don't get tired. I think this is the Mrs. CORA ROBINSON. best medicine that was ever discovered.

All women need Wine of Cardui occasionally to regulate menstruation, even if they seem to be in good health. But the woman who works needs it every month. Because Mrs. Robinson realized that fact she is happy, healthy, and full of vigor to-day. Instead of dragging her life out with constant suffering, she is enabled to fulfill her daily duties with a bright and smiling face. Working women have many burdens. Constant standing, or sitting in the same position all day induces falling of the womb, leucorrheea, headache, and backache. Taken before the menstrual period, Wine of Cardui braces up the system, lessens the suffering, and enables a woman to work without losing time. There are many women who silently undergo great physical and mental strain from menstrual derangements. Wine of Cardui will help them. It will For advice in cases requiring special attention, address, giving symptoms, the "Ladies' Advisory Depart-
