NO CHARGES FILED AGAINST CAMPBELL

This Action by the Judges Establishes a New Precedent-Norval Not Consulted by Sullivan and Holcomb.

LINCOLN, March 5 .- (Special.) - The supreme court will begin a regular semimonthly sitting tomorrow morning and it expected that the appointment of Lee Herdman as clerk of the court will be officially announced at the cross of business Thursday afternoon and unless the two popocratic judges meet with some opposi-D. A. Campbell, the present clerk, will be degre removed at the same time. Judges Holcomb and Sullivan hoped to keep the selection they had officially removed Clerk Campbell as it falls, and the publicity that has been given the appear that they were making an appointment to fill a vacancy they are now forced , attempt to create a vacancy to be filled by an appointment made two weeks ago.

There has been no complaint against the adminstration of Clerk Campbell and no charges have been filed against him. To remove a man from an office of this character and importance without some cause will be an unprecedented procedure in state house circles and especially so in this case, because the constitution of the state expressly provides that a clerk of the supreme court can be removed from office only for specified reasons, all of which are enumerated in the same section. It is Jearned on judges of the court did not consult with Clerk Campbell or the appointment of his Successor.

Such action establishes a new precedent in the supreme court, as there is no case judges. In one instance an appointment was held up for nearly a year because a third member would not give his approval.

George Has Another Grievance. P. S. George of this city, the medical, magand hydropathic therapeutist, has another grievance against the secretaries and members of the State Board of Health. Mr. George has been refused a physician's Hcense on several occasions by the Board of Health, but nevertheless he persists in practicing the art of healing, going about the state from town to town and giving spiritnalistic demonstrations in connection with his medical business. He has been arrested on divers and sundry occasions, has been cense, and for the same offense has served time behind the bars. Mr. George made another application to the Board of Health for a license a short time ago, at the same time depositing \$10 with the proper authorities at the state house, to be taken as a fee if the license was granted. The Board of Health refused to grant George the muchcoveted license, but failed to return the \$10. No explanation was made, and all George

This is without foundation, according to the statements of the father of one of the patients, who asserted this morning that the police were not to blame for not providing the four persons in the pest coln park for his son ever since he was first negligence of the police.

Exceptions are also taken to the assertion that the smallpox patients are "now confined in pesthouse No. 3 in the west side bottoms." The patients are still confined school purposes free. in the first and only house selected, which is north of the city and not within two miles of the west side bottoms.

Several Lincoln physicians who have examined the patients assert that the disease is not smallpox, but a very severe form of measles. Other physicians, however, insist that it is smallpox, and in view of their assertions the patients will be kept isolated until they have fully recovered.

The fusionists of Lincoln tonight nominated the following candidates for city offices: Excise, board, C. E. Leomis; police judge, Hugh Daly; water commissioner, S. engineer, J. J. Ledwith.

ply of natural Electricity, and if this supply is reduced by excesses, overwork, exposure, etc., weak-To repair this weakness, nature must be paid. I pay nature by returning to her storehouse that which has been wasted and dissipated-this is electricity-which is the very essence of life itself.

Electric Suspensory for Men; with all Belts.

Why should suffering ones hesitate to try this cure by natural means?-a cure based on nature's laws. Of course there are thousands who are as yet unacquainted with the value of my great discovery, and to these I say I have decided for a time to allow my latest and most improved 1900 Model Belt to be taken on

THIRTY DAYS' TRIAL.

From this offer it is apparent that I am sincere in what I state. I will cure where drugs have failed, and it is my knowledge of this fact that warrants me in offering you my Belt on 30 Days' Trial. "It cures while you sleep, and you pay when cured." Worn at night, it sends a pleasant, soothing current which you feel through the entire weakened organs, the suspensory attachment to the belt resting directly over the prostate gland. Write for my little book, mailed free, or call.
