"The officers first elected under this ordinance shall hold office until the third Monday in March, 1999, and until their successors enall he elected and qualified, and all subrequently elected officers shall hold office for three years, commencing on the third Monday successing their election."

According to the statute therefore the old set of officers must retire on the third Monday in March, which is the 19th, whereas the term of their successors shall begin or the third Monday following their election, which is March 26. ### North Omaha Will Be Completed with All Speed.

The spring is considered sufficiently far advanced by the engineering department for the construction of sewer mains and work will begin on the North Omaha drain next week. It is desired to complete the portion now under contract before the spring freshets have any opportunity of effecting damage to the unfinished work. The channel of North creek in the vicinity of Fort Omaha has been closed for several blocks and the main which is to perform its functions is not yet ready for duty. A heavy rain therefore would inflict severe damage to that section of the city.

The specifications for new sewer work have been approved by the mayor and council and are now in the hands of the printer. As soon as they are in type proposals will be invited for the completion of the North Omaha main in accordance with the issue of bonds authorized at Tuesday's election. About \$50,000 of the proceeds of the bond sale will be expended in North Omaha, readering that portion of the city practically immune from floods. The remaining \$25,000 will be spent for district sewers in other portious of the city.

There are a number of paving contracts to be let in accordance with ordinances already passed. The city engineer does not consider it wise, however, to attempt any paying during the present month and will

# ARMENIAN AGAINST SYRIAN

### Another in a Long Series of Uprisings on South Thirteenth Street-Honors Are Even.

After nearly three weeks of peace trouble | They are dangerous. broke out afresh yesterday between contending factions of Syrians and Armenian in the vicinity of 1458 South Thirteenth Elias Ferris, leader of the Syrian forces, has a "barked shin" and will offer in evidence the piece of vitrified brick with which the abrasion was made. The leader of the Armenian cohorts has a scalp wound which he says was inflicted by Mr. Ferria by means of his heavy silver-headed cane. This uprising, which has been smoldering

for several days, was caused by two doughty Armenians putting their horses in Ferris' barn, 1460 South Thirteenth street, without his consent. Yesterday he tied the animals outside, and then the Armenian colony moved upon him in a body. Mr. Ferris says he has six months' rent paid in advance, but that he is going to forfeit it and move Dakota, Iowa, Minnesota and North Dakota, out of the neighborhood.

Ferris and his wife were arrested Thurs- Webster street station at 6 a, m. and 3:40 day afternoon by a constable from Justice Crawford's court upon a complaint of assault sworn to by Milhelm Saidy. The victim of the alleged assault is Joseph Daahir. The defendants, after pleading not guilty, were released under \$500 bonds to appear for trial Saturday morning.
