Gowen, I. T., March 22, 1899.

I have been using Wine of Cardui for some time, and think it is the greatest medicine in the world for ladies. I was down three years from the "whites". I could hardly do my work, I was in such a bad condition. I tried all the doctors in town and nearly all the medicine the druggist had for women, but I got so bad I had to take to my bed. Finally a lady friend said Wine of Cardui would cure me, and my husband got me a bottle. It gave me so much relief I have never been without it since. I am well as I ever was in my life. I will do everything I can to get women to take Wine of Cardui. Mrs. F. M. DILLE.
