The report of a committee of the above directors, just returned from a per-sonal inspection of the company's proper-ties, is just issued and may be obtained by applying at any of the offices of Joshua Brown & Co. as below. This report is made by Dr IRA B. CTSHING of Boston, Mass, and the Hon. CHAS P. BENNETT of Providence, R. I. and is confirmed by GEO E. QUINBY, state inspector of mines of the state of Missouri. It gives the present actual working condition of the various mines, the amount of ore being produced, the yeast

Missouri. It gives the produced, the yast bodies of ore in sight, the mills in opera-tion and in course of construction. The committee reports as a conservative estimate of the profits from the three mines in operation a net weekly return of \$5,390, or per annum, allowing 4 weeks shutdown, \$96,720, being more than 30 per cent of the capital stock of the company. With the new mills now under way, these net profits will be proportionately in-creased. The properties of the International
