NORTH OMAHA IMPROVEMENTS

Work of Improvement Club Putting that Part of City in Excellent Condition.

At the meeting of the North Omaha Improvement club Monday night the various committees appointed by the society reported work done in the different departments of city improvement assigned to their charge.

Councilman Karr from the committee on street railways reported that the committee had visited the officers of the Omaha Street Railway company in the interest of a line of street cars to Florence and Forest lawn cemetery. The company stated to the committee that at present it could not undertake the construction of the line, but if other capital could be interested the company would take stock in the enterprise and would supply power at cost. The chairman further reported that the company contemplated the extension of the Dodge street line from Thirtieth and Bristol streets to Thirtieth and Ames avenue, and that any line built to Florence would join the Omaha system at this point.

J. Y. Craig, from the committee on parks and boulevards, reported that the work of placing cinders on the boulevard to Miller park had been suspended for lack of funds, but would be resumed in a short time and continued until completed.

With all of its desire to beautify the city and the anxiety of the individual members for the improvement of the north side, one of the members was caught in the dragnet of the sidewalk and crossing committee. S. R. Quisley reported the condition of the street at the corner of Twenty-fourth and Fowler avenue, where a sidewalk is badly needed. It was then learned that the abutting property owned by a member of the club and a resolution calling on the members to lay the walk was referred to the committee with instructions to call upon the careless member and have him fix the walk before the matter went upon the record of the club.

It was recommended that a catch-basin be placed at the corner of Thirty-eighth and Fowler avenue, where the water flows over the street during rains.

The matter of sanitation and beautifying grounds was made a special order for next Monday night.

M. B. Smith, Butternut, Mich., says, "De Witt's Little Early Risers are the very best pills I ever used for constiveness, liver and bowel troubles."

MR. "LAZARUS" GETS TEN DAYS

Unable to Get a Loan of Two Coats He Steals a Bank President's Overcoat.

For stealing a blueblack melton overcoat belonging to Herman Kountze, president of the First National bank, Jim Tracy, alias "Lazarus," was yesterday given ten days in the county jail.

Tracy, who is a professional boggar and petty thief, denied taking the coat. With great show of injured innocence he explained to the judge in police court that he went into the bank to speak to Mr. Kountze upon a matter of business, that he had the coat on his arm when he entered and that the garment was his. The testimony of other witnesses was to the effect that Tracy approached Mr. Kountze at his private desk and asked him for 2 cents. Being told that the bank was not making loans of that amount he left the enclosure, picking up the overcoat from the radiator as he walked out. Since then the garment has mysteriously disappeared.

Announcements.

The plot of William Gillette's "Secret Service," which is to be presented at the Boyd tomorrow afternoon and night, is built around a romantic love story. The heroine is the beautiful daughter of one of the confederate generals, who is loved by two men, Benton Arrolford and Captain Thorne. The former, who is a soldier, because the heroine gives his rival the preference, endeavors to bring into disgrace the hero, who is in the secret service of the United States. Although the hero and heroine have differences in sectional sympathies, love finally conquers all.

BOARD OF EQUALIZATION

City Council to Be in Session Three Days to Hear Protests from Taxpayers.

For three days the city council will be in session as a board of equalization for the purpose of hearing protests from property owners regarding the levying of certain special taxes. The particular levies to come before the board at this time are those of sewer district No. 421, at Thirty-second and Wright streets; sewer district No. 242, Hawthorn avenue, between Lincoln boulevard and Thirty-sixth street; sewer district No. 242, Lafayette avenue, between Thirty-third and Thirty-fourth streets; sewer district No. 244, California street, between Thirtieth and Thirty-first streets; sewer district No. 244, California street, between Thirtieth and Thirty-first streets; sewer district No. 244, California street, between Thirtieth and Thirty-first streets.

The hand of fate was present in the selection of the chairman of the board of equalization. No member of the council desired to serve in the position and each man voted for the other fellow. Finally, to end the deadlock, it was proposed that the five members present each vote for his choice for chairman and place the name in a hat, the name first drawn to serve. Then a plot was concocted. Every man voted for Karr, with one exception. Someone not on the scheme voted for Mount, and then with four cards bearing the name of Karr and one with that of Mount the card with Mount's name came out and the councilman from the Seventh secured the position.

Opening of Pacific School.

The new Pacific school building will be opened for use by the first of next week. There are sixteen rooms in the building, but only twelve or fourteen will be used at first. The building stands on Pacific street between Eleventh and Twelfth. The boundary lines of the Pacific district will be changed in the school of special levies; the exact change is not yet determined upon. Portions of the Leavenworth district and the Comenius district will be added to the Pacific district and the children in the old district will be sent to the new school.
