AMUSEMENTS...

Sowing the Wind—

A company of average merit throughout opened an engagement which will include five performances at Boyd's theater, Friday night presenting Sidney Grundy's well known "Sex Against Sex" drama. The play was first produced in this city six years ago by the Empire Theater Stock company, Viola Allen, Henry Miller and William Faversham appearing in the leading roles. Since that time it has been seen here on several different occasions, not with the original cast, but one always capable of giving a creditable performance of the really splendid drama. The present company is almost entirely new one, but none the less capable. There will be matinees as well as evening performances today and Sunday.

ALBERT BRAUN'S LOST GRIP

Telescope Value Belonging to the Dewey Hotel Stolen Has Mysteriously Disappeared.

An inquest held in the case of Albert Braun Friday resulted in a verdict to the effect that he came to his death from the effects of an overdose of morphine taken with suicidal intent.

Lewis Henderson, the florist for whom Braun worked,

"When he left my employ a week ago he took with him his telescope value filled with clothes and papers, and this value has mysteriously disappeared. It was not in his room in the Dewey hotel, where his body was found. It may be that, if this can be located, it will be found to contain a letter or some other clue as to why he killed himself."

Our supply of pictures is being rapidly diminished. If you have not seen "The Defense of Channing" and "The Balloon,"

will be shown at the Belieff.

The property belonged to his wife, formerly Mrs. Jeffries, to whom he had been married one week.

KEMP ACQUITTED OF ARSON

Discharged After a Preliminary Hearing in Police Court—Evidence is Wholly Circumstantial.

After a preliminary hearing that consumed nearly two days in police court, Donald Kemp was acquitted of the charge of setting fire to the Belieff.

The principal point of evidence introduced by the prosecution was the fact that rags saturated with kerosene had been found among the debris of the burned out stage.

The defense contended that the rags were not in the Belieff, but in the apartment of Mrs. Jeffries, who had been sleeping in the Belieff.
