### Furniture.

Something new in iron folding beds. This new invention promises to revolutionize the folding bed business of the world. Anyone can see at a glance the extreme practicability of the new device. It has all the advantages of any folding bed and none of its drawbacks.

It is the most comfortable folding bed, because the combined steel slats, tempered springs and woven wire fabrics, adjust themselves to every position and motion of the body.

It is the safest folding bed, because it has no weights. It is the cleanest folding bed because it has no cracks or crevices.

It is the most sanitary folding bed, because whether open or closed, the air freely circulates through it.

It is the most desirable folding bed, because it is made of steel, firmly riveted and braced.

It is furthermore easy to handle and operate. We are showing these beds at \$10.50, \$11.75, \$14 and \$22.50.

We have just received an entirely new line of fine extension tables, and would like you to come and see them.

#### HOLMES BEFORE JUDGE BAKER

Alleged Forger of Railroad Tickets is Brought to Trial.

#### MAKES A BOLD FRONT AGAINST ADVERSITY

In the Face of Damaging Testimony the Defendant Maintains Calmness and Fights Like a Winner—Conceded Effort of Railroads.

The trial of E. F. Holmes, charged with forgery of railroad tickets, was called before Judge Baker yesterday. The case was started Thursday and jury preliminaries occupied the greater part of the day. The feature of the forenoon session of court was the appearance of James C. Hitt, a ticket broker of St. Joseph, Mo. Mr. Hitt gave the information against Holmes that led to his apprehension by the railroad authorities. While the Burlington route is the prosecuting witness, other roads are interested and passenger agents all over the country are supporting the action against Holmes.

#### LOCAL BREVITIES.

One subscription has been received by the city treasurer for a block of bonds under the popular issue, which is being offered by the city treasurer. The subscription is for \$100.00 and will be in Omaha a few days in the latter part of the month. They are anxious of picking up an interest and strengthening the local union.

A complaint has been filed against Frankie Wheeler and Edward Wheeler charged with robbing Ernest Riss of \$80 during the night of March 12, 1900, at the residence of the latter, 121st and Douglas streets, in pursuance of a resolution of the council.

The pupils of the old Dodge street district of public schools were dismissed on Friday removed from the business block at Eleventh and Howard streets, where they have been holding school, to their new quarters in the Pacific school building.

The populist primaries for the selection of delegates to the county convention to be held this afternoon at the Peter Cooper club rooms were held in the various wards from 7 to 9 o'clock last evening. Today's convention will select delegates to the state convention at Lincoln next Monday.

Property owners of the Seventh ward have in large numbers signed a petition for the removal of the brick building at Station B to a more central point. It is now near the northeast corner of Hancock park. The petitioners urge the postmaster to relocate the branch office near the corner of Leavenworth and Thirtieth streets.

The auditorium of Creighton Medical college was filled Friday night with students and others interested in science, who came to hear the lecture by Prof. W. H. C. State university on "Some of the Biological Problems Suggested by Parasitism." It was a well delivered discourse and was listened to with close attention. The lecturer used a number of illustrations to illustrate the various stages in the life of parasites.

Gate City Hive, No. 9, Ladies of the Maccabees, and Gate City Tent, No. 49, Knights of the Maccabees, pleasantly entertained members and friends Friday evening at the Labor Temple with a basket social. Dancing was one of the much enjoyed amusements. The joint committee in charge consisted of Mesdames, Rex, Sullivan, Palmer, Hopkins, Dennis, Wright, Cronin, Hollis, Thompson, Messrs. J. L. Vesey, C. Paulsen and C. E. Strong.

Fred Oaken and Antone Madsen, boys of about 14 years, pleaded not guilty in police court in charge of the work claim to have evidence showing his guilt. Detective Gorman of the Santa Fe route was one of the principals in bringing Holmes to arrest.

#### HOLMES BEFORE JUDGE BAKER

He followed him to the south and arrested him at Natchez, Miss.

Despite the fact that he is without money and apparently without friends, Holmes maintains a calm indifference that is notable in a criminal court. He declares he is innocent of any wrong, and has a ready answer to every point brought out.

#### Loaves a Younger Woman.

In the case of Morris Kundensky against Ida Kundensky, where a decree of divorce is asked, the defendant has filed an answer alleging that Kundensky's object in seeking an annulment of the marriage ties is to marry a young woman named Ida Flint. Mrs. Kundensky alleges that her husband has been paying attentions to Miss Flint since 1893 and has promised to marry her as soon as he can secure a divorce.

#### Divorce Court Grants Relief.

Judge Koyser has granted a decree of divorce to Seward J. Stowe, annulling the marriage with Josephine Stowe. The ground was habitual drunkenness. The Stowes were married in Independence, Mo., in 1897. The bride was 27 years of age and the groom 19. The parents of the boy offered strenuous objections to the match, but without avail, and shortly after the wedding the wife plunged into dissipation.

All the bids for the big contract at Sherman hill are now in the chief engineer's office and will be opened, it is stated, upon the return of the three absent officials. This will probably be early next week. Because of the stupendous character of the work contemplated at Sherman hill it is likely that the bids, after being opened, will be considered for several days by the officials before the contract is let. The necessity of careful action in this matter can be appreciated when it is considered that the proposed improvements represent an outlay of \$2,500,000. The immensity of the contract has caused the contractors furnishing estimates, according to their own statements, to figure their bids with the utmost care and it is anticipated that there will be but a minor discrepancy in the various estimates submitted.

#### Engineer Fitzmorris' Fine Run.

Jerry Fitzmorris, one of the prominent engineers on the Union Pacific system, made a record-breaking run with engine No. 1217 this week. With a freight train composed of forty loads and a tonnage exceeding 1,900 tons, he made a run from Sidney to Archer, a distance of ninety-four miles, over a 2,000-foot grade, in five hours and five minutes. Fifty minutes of the running time was made up. This feat of Engineer Fitzmorris stands well at the head of the splendid achievements accomplished by a number of Union Pacific engineers during the last few months and is a matter of congratulation to his many Omaha friends. Mr. Fitzmorris is a graduate of the Omaha shops, and has had an eminently successful career since he has been presiding over the right side of a Union Pacific engine.

#### After the Pittsburg & Gulf.

KANSAS CITY, March 16.—Silas W. Pettit of Philadelphia, chief counsel of the Philadelphia reorganization committee of the Kansas City, Pittsburg & Gulf railroad, said today that there will be only one bidder for the road at the trustees' sale at Joplin next Monday. That bidder, according to Pettit, will be the Kansas City & Southern Railway company. It will hold more than \$20,000,000 of the \$23,000,000 of the bonds of the road, representing practically all the bondholders of the former Kansas City, Pittsburg & Gulf company. The Kansas City & Southern Railway company is to be incorporated under the laws of this state and it will operate the line to Gulf of Mexico.

#### Passenger Men Confer.

General Passenger Agent E. L. Lomax of the Union Pacific has returned from an extended absence, during which he attended the meeting of western executive officers

#### BIDS REMAIN YET UNOPENED

Several Days May Elapse Before Big Union Pacific Contract is Let.

#### ABSENCE OF OFFICIALS CAUSES DELAY

Probability that Various Estimates Will be Considered by President Burt and His Associate Officials Early Next Week.

Owing to the absence from the city of President Burt, General Manager Dickinson and Chief Engineer Berry, the bids for the proposed Sherman hill cut-off on the Union Pacific were not opened yesterday. President Burt is on a tour of inspection of the Wyoming division in company with General Lewis Fitzgerald, one of the directors; General Manager Dickinson is still in Kansas, where he has been making an extended tour of the Union Pacific lines in that state, and Chief Engineer Berry has not returned from Wyoming, where he is looking over the vast improvements now under way.
