Legacy for New Council.

In view of the appeal taken by Smith it is not likely that the city council will take any action in the matter of entering into the contract with Bowman. It is believed that the whole matter will be now left as a legacy to the incoming council to wrestle with.

Davis Will Contest Election.

It is understood that George S. Davis will contest the election of W. E. Haverstock as school treasurer. Attorney Chambers was present at the meeting of the school board last night and watched the canvass of the vote. Several irregularities were found in the returns. In the Fourth precinct the judge and clerks failed to certify to the vote and it is claimed by Chambers that this will throw out the entire vote of this precinct. If this is done it will give Davis a majority of 79 over Haverstock.

COLLATERAL INHERITANCE TAX LAW BILL

Senate Passes Bill in Morning Session Prohibiting Solicitation of Liquor Sales in Prohibition Counties.

PETERSON'S SUIT IS DISMISSED.

Opposition Secures Temporary Injunction and Blocks Game. The suit brought in the name of Slack Peterson, a resident of the Fourth ward, to restrain the Board of Education from selecting or paying for the Oakland avenue site was dismissed in the district court late yesterday evening. This unexpected action on the part of Peterson came as a complete surprise to Attorney Flickinger, who had conducted the case up to date. Peterson merely being a figurehead.

Inheritance Tax Law.

One of the most important bills of the session was introduced today by the chairman of the ways and means committee in the upper body. It provides a number of important changes in the collateral inheritance tax law of the state in line with recommendations made by the state treasurer in his recent biennial report. One of the most important changes contemplated is the provision by which in the future collateral inheritance tax on the estate of a resident of the state may not escape taxation by the depositing of moneys or credits or personal property of any kind over the state line, as in the recent Weaver case of Council Bluffs.

Attorney Flickinger in explanation of his action said: "Slack Peterson being hereby a nominal plaintiff to the suit had no right of authority to disclaim the action without the consent of every party interested. This disclaimer was secured by fraud and collusion. The petition filed since and on which Judge Smith has granted a temporary restraining order is simply a copy of the original petition which was filed in the name of Slack Peterson and other interested taxpayers to numerous to mention. The suit is still in court despite the pretended dismissal by Peterson."

HAVE YOU ANY OF THESE

Symptoms of a Very Common Trouble?

There is no disease so common in the United States as catarrh because it appears in so many forms and attacks so many different organs.

It is a common mistake to suppose that catarrh is confined to the nose and throat. Any inflammation of the mucous membrane wherever located accompanied by abnormal secretions, is catarrh. Catarrh of stomach or bladder, or intestines is nearly as common as nasal catarrh and much more serious although it is true that stomach catarrh and catarrh of other internal organs is the result of neglected nasal catarrh.

A new remedy has recently appeared which so far as tested seems to be remarkably effective in promptly curing catarrh wherever located. The preparation is sold by druggists generally under the name of Stuart's Catarrh Tablets, and in addition to being very palatable and convenient, possesses extraordinary merit, in many cases giving immediate relief from the coughing, hawking and constant clearing of the throat and head, those symptoms with which every one is familiar who has ever suffered from colds in the head and throat.

Catarrh is simply a continuation of these symptoms until the trouble becomes chronic and grows gradually worse from year to year.

Stuart's Catarrh Tablets are composed of Hydrastin, Kucalyptol, Gualacol and similar antiseptics and catarrh specifics, from which it will be seen that no secret is made of the ingredients and also that no mineral poisons are used, as is the case with many well known catarrh medicines.

For catarrh of the nose, throat, bronchial tubes, for catarrh of stomach, intestines or bladder no preparation is so safe and gives such rapid and permanent results as Stuart's Catarrh Tablets.

All druggists sell them at 50c for full sized package. You can use them with assurance that you will not contract the cocaine or morphine habit as the results from this catarrh cure are apparent from the first day's use.
