WHEAT SHOWS CONSIDERABLE WEAKNESS

Corn is quiet, but fairly steady—Oats extremely dull all day, nothing of interest occurring in speculative market.

CHICAGO, March 19.—Wheat occupied the center of the stage on the Board of Trade today, selling early in the session at an advance of 1/2¢, closed 1/2¢ higher.

Wheat at the opening was comparatively steady. Mild, sunny weather was reported from the west, conditions ideal for the winter wheat, but traders for the moment were influenced by firm foreign markets and the heavy cash business done Saturday.
